AMERICA'S LARGEST DIRECT-TO-YOU NURSERIES

INTER-STATE LILIES

REGAL—America's Most Popular Lily

REGAL LILY, planted from coast to coast.

This exquisite, pearly white, pink-tinged lily with its golden throat is known and loved by all. Its stately, fragrant flowers come in June-July on stems 3 feet tall and four times as large as pictured. Perfectly hardy, grow everywhere and require no special soil or care. Does equally well in sun or partial shade. Every bulb will bloom this summer. Postpaid.

10 for \$1.00	Fine Bulbs, 4 to 5 inches around	4 for 50c
	25 for \$2.00 Each 15c	
7 for \$1.00	Larger Bulbs, 5 to 6 inches around	3 for 50c
	17 for \$2.00 Each 20c	

Red Russian Lily—Blooms in clusters in May-June on stems 2 feet tall, the color is a lovely red with orange undertone. A good lily at a very low price. Bulbs 5 to 6 inches around. Each **20c**; 4 for **50c**; 10 for **\$1.00**.

Lily, Vermilion Brilliant—A rather rare and exceedingly beautiful lily. The flowers are a rich, deep crimson. Blooms in May-June on stems 2 feet tall. A wonderful lily as it stands every kind of weather, summer and winter and grows in most any kind of soil without care or attention, lasts a life-time. This is the finest red lily we have ever seen. Postpaid. Each **35c**; 4 for **\$1.00**.

Tiger Lily—An old favorite with orange-red flowers, July to Sept. Postpaid. Each **15c**; 4 for **50c**; 10 for **\$1.00**.

LARGE FLOWERING CANNAS

FOR A GLORIOUS BORDER OR BED THAT BLOOMS TILL FROST

You will agree with us that Inter-State cannas are the finest, freest blooming you ever had, a brilliant display all summer and fall. Plant them 18 inches apart each way. A round 7 ft. bed takes 19 bulbs—1 in center, 6 in 1st row and 12 in outside row. A 10 ft. bed takes 37 bulbs—1 in center, 6 in 1st row, 12 in 2nd row, and 18 in outside row. We send big dormant bulbs, postpaid.

Apricot—Apricot-salmon, green foliage. 4 feet.
Eureka—Best white, green foliage. 4 feet.
Hungaria—Best pink, green foliage. 3½ feet.
King Humbert—Brilliant orange-scarlet, bronze foliage. 4½ feet.
King Midas—Best yellow, green foliage. 5 feet.
Mme. Crozy—Scarlet, edged gold, green foliage. 3 feet.
President—Immense flowers of rich intense scarlet, green foliage. Most popular of all cannas. 4 feet.
Statue of Liberty—Orange-red, bronze foliage. 6 feet.
Wintzer's Colossal—Vivid scarlet, green foliage. 5 feet.
Yellow King Humbert—Yellow with red spots, green foliage. 4½ feet.

They'll bloom for you **THIS SUMMER**

Free Blooming Philippine Lily—This new Lily is sold under different names, Philippine, Philippense Formosanum, Formosa, Wonder and Dream. Regardless of what you chose to call this lily, it is always magnificent, producing its lovely flowers from August until frost on stems 3 to 4 feet tall. The blooms are very large, often 7 to 8 inches long, and delightfully fragrant. They are almost pure white, with a cool green throat, and a coppery tinge on the outside at the small end. Perfectly hardy, easy to grow and at home in any soil. Postpaid.

Large Bulbs, 5 to 6 inches around

Each 25c

3 for 60c

17 for \$2.00

7 for \$1⁰⁰

Red Coral Lily (Tenuifolium)—Small bright scarlet flowers on stems 18 inches tall, blooming all through June. Postpaid. Bulbs 4 inches around, Each **25c**, 3 for **55c**, 7 for **\$1.00**, 17 for **\$2.00**.

FREE-BLOOMING PHILIPPINE LILY

AZTEC TIGER FLOWER

(Tigridia)

LARGE No. 1 Bulbs, 3 to 4 inches around, Postpaid

Your Choice of the Following Colors—

Red, Pink, Orange, Yellow or White

EACH 25c; 3 for 55c; 7 for \$1.00; 17 for \$2.00

Mixed Colors—3 for 50c, 8 for \$1.00, 20 for \$2.00

An old flower, yet rarely seen. It was sacred to the ancient Aztec Sun Worshipers of Old Mexico. The flowers are so strikingly beautiful that nothing else in your garden will draw as much attention. Each flower lasts but a day, opening at dawn and going at sundown. Every morning there is a new flower, all through the summer. The stems grow 24 inches tall and the blooms are large, often 6 inches across. Easy to grow and we send the simple planting instructions with every order. We have them in separate colors, Red, Pink, Orange, Yellow, White and mixed colors. Besides the Large No. 1 Bulbs offered above we can supply some smaller bulbs, all of which will bloom, at following prices:

4 for 50c; 10 for \$1.00; 25 for \$2.00, Postpaid.

Sample Lily Collection

2 Regal, large size 1 Vermilion Brilliant
2 Philippine 2 Aztec

All 7 for \$1⁰⁰ Postpaid

INTER-STATE'S GREATEST PHLOX OFFER

Phlox is our most popular perennial because its bright, cheerful flowers come so freely all through the hot summer months, even right up to frost. Here we offer 5 new varieties, far superior to the older sorts in vitality, richness of color and size of bloom. Flowers are actually almost 3 times as large as pictured. New phlox as fine as these are worth, and should sell for, 50c each. But quantity production enables us to offer them at almost the price of ordinary phlox.

All 5 for \$1.00 (Regular Price \$1.65)

1 Aurora

1 Camillo Schneider

1 Chieftan

1 Mt. Hood

1 Nordlight

1. CAMILLO SCHNEIDER—Each 25c, 5 for \$1.00

2. AURORA—Each 35c, 4 for \$1.00

3. MT. HOOD—Each 35c, 4 for \$1.00

4. NORDLIGHT—Each 35c, 4 for \$1.00

5. CHIEFTAN—Each 35c, 4 for \$1.00

If you want this order shipped to another person or to an address different from that above, give directions here.

Payment in full should accompany all orders. The best way is by Money Order, Check or Bank Draft. Avoid sending silver or stamps unless absolutely necessary. If you send silver, wrap it in heavy paper and REGISTER YOUR LETTER.

USE THIS ORDER BLANK FOR NURSERY STOCK AND BULBS

For Seeds, use order blank opposite page 77.

[illegible]

STOP! Be sure that your full name and address are written correctly and plainly.

SEE PAGE 7. Be sure and put on your order the Free Premiums you select for ordering early, so they can be shipped right with your other Nursery Stock (otherwise none will be sent).

INTER-STATE CATALOGS

We issue two catalogs each year, both are Free. Our General Catalog, listing our complete line of Nursery Stock and Seeds, is ready early in January.

Our smaller Fall Catalog is ready early in September. It features bulbs and plants that produce beautiful early spring flowers, such as Tulips, Daffodils, Crocus, Hyacinths, Lilies, Poppies, etc. This is one of the finest Fall Bulb Catalogs printed and well worth having. If you did not receive a copy last fall, write us so that we will be sure and send you a copy this coming fall.

On October 3rd, 1938, Mr. Ira D. Johnston of Indiana wrote us—"Enclosed find orders and money order for \$66.15. These orders are from people who have visited my gardens and agreed with me that the tulips I ordered from you were the most beautiful they had ever seen."

THE NURSERYMAN'S ROMANCE

Yes, there is romance behind a nursery catalog. The story of how the Regal Lily came to America is a story as thrilling as any movie. It came from that land of Tibet, where few white people have dared to go and still fewer to see and return. A single white man, an American, who when his leg was broken, was carried for hundreds of miles, across mountains, through deserts, suffering hunger and privation, robbed by bandits. The sad conclusion of this true story is, that man, "Chinese" Wilson, after many years spent searching foreign lands for new plants, returned to this country and was fatally injured in a car accident.

If this seems too thrilling, then let us turn to those patient, persistent men who day after day, month after month, year after year, are working to bring us new flowers, new fruits. Romance? Yes, the true romance of making this world more beautiful, more fruitful.

A man with a great love of nature, spent almost a lifetime perfecting a single plant. He is gone. But his legacy to future generations, the finest pure pink hardy Aster, will carry the name Harrington, to all corners of the world. What more beautiful monument could one ask!

INTER-STATE SEEDS ARE GUARANTEED TO GROW

On pages 66 to 75, you will find a complete list of flower and vegetable seeds, that are unconditionally guaranteed to grow in your garden. We know our seeds are the finest produced. Plant Inter-State seeds this spring and see what beautiful flowers, what fine vegetables you will have. When you make out your order of nursery stock, send along your seed order. We assure you that you will be delighted with the results.

OUR STOCK IS EXCEPTIONALLY FINE THIS SPRING

We wish that you could see the stock we have ready for you this spring; big husky perennial plants, the finest glad bulbs you ever saw, choice rose plants that will bloom in just a few weeks after planting, fruit trees that will soon produce delicious, home-grown fruits, and so on right down through the list. "Best I ever saw" . . . "Just look at those roots" . . . "Finest I ever received" . . . that is what you will say when you get them.

And even though expenses are higher, our increasing volume enables us to sell at these reasonable prices.

ALL THIS STOCK ALMOST AS EASY TO GET AS THOUGH IT WERE NEXT DOOR

Here it is, just what you want, just what you need. A few trees, shrubs, roses, bulbs or plants, planted with loving care and tended by willing hands, will make your home a dream come true. In very few cities in all America can you select from as large and complete a list as shown in this catalog. Yet here it is, right at your hand, only overnight away from many millions and only twenty-four hours away from many millions more.

First quality stock, carefully grown, carefully handled, carefully packed, all by experts in a special building, and guaranteed to reach you in first class growing condition. Inter-State Nurseries are ready to serve you faithfully so that you can depend upon us, year after year, for your planting needs.

NURSERY STOCK IS NOT ALL ALIKE

There is a big difference in Nursery Stock, just like there is in almost all kinds of merchandise. It is well known in the nursery trade that Inter-State has a high standard of quality. It is our sincere and earnest desire to send out the highest quality stock.

We do not believe there is another nursery which has the advantages we have—the marvelous growing conditions; the facilities and equipment for handling stock; the trained workmen and organization headed by three men who were born and raised in the nursery business and who give their full time and attention to this business. This is not written boastfully but merely so that the many thousands who will get our catalog this spring for the first time, will know why this firm has become the largest of its kind in America.

PHLOX ARE THE MOST POPULAR SUMMER-BLOOMING PERENNIAL

INTER-STATE PHLOX

Last summer, nothing in our nursery fields attracted as much attention as the phlox. They were a mass of bloom almost right up to freezing weather. Those big, fine No. 1 plants are what you will receive this spring.

Every variety we offer is large flowered. In fact any one of the four pictured on this page is actually as large as all four put together. All of our phlox are new varieties, the five pictured on opposite page being the very latest introductions. Those marked T after the name grow 30 to 36 inches tall; those marked MT, grow 24 to 30 inches. All phlox are POSTPAID.

SPECIAL

7 Phlox for \$1.00

Each different, choice varieties, not labeled. Strong No. 1 Plants that will bloom this summer.

Aurora-MT.—A magnificent new variety, with extremely large flowers, freely produced on very large heads. The color is called salmon-pink, but there is a touch of burnt-orange which makes it outstanding and different. Easily worth 50c, but our price only, Each 35c, 4 for \$1.00.

Camillo Schneider-MT.—A gorgeous, deep crimson, always attracts great attention. We think it the best in this color. Each 25c, 5 for \$1.00.

Chieftan-MT.—A new phlox that has a warm depth of color like a precious ruby. If you could see its glowing color in the sun, you would want a whole bed of them. A remarkably strong grower, with many laterals right down to the ground. Each 35c, 4 for \$1.00.

Count Zeppelin-MT.—The attractive flowers are purest snow white with a bright red eye. Easily the best of this color. Each 25c, 6 for \$1.00.

Daily Sketch-T.—A new phlox that everybody will love. The large flowers are delicate salmon with a carmine eye. Each 25c, 6 for \$1.00.

Leo Schlageter-MT.—One of the finest new red phlox, a rich crimson-scarlet. Each 25c, 6 for \$1.00.

Lillian-MT.—We have only a few of this choice phlox left as we almost sold out last fall. The large, exquisite flowers are cameo-pink with a faint blue tinge around the eye. Each 35c, 4 for \$1.00.

Mrs. Harding-MT.—This new variety has the largest individual flower of any phlox we have seen—a silver half dollar will not cover one flower. The color is a rich, glowing salmon with a cerise tone. Each 35c, 4 for \$1.00.

Mt. Hood-MT.—This new phlox is the finest pure white we have ever seen. It makes very large heads and the flowers are the most fragrant of all phlox. Each 35c, 4 for \$1.00.

Nordlight-MT.—Frankly, we do not know what color to call this fine new phlox. It is pink but there is a touch of orchid, a slight suffusion of lavender and a soft overtone of cerise, that makes it charmingly unique from any other variety. Each 35c, 4 for \$1.00.

P. D. Williams-MT.—Glowing pink with cerise center. New, scarce and beautiful. Each 35c, 4 for \$1.00.

Starlight-MT.—Rich violet, with an almost perfectly shaped white star in the center. Strong growing, free-blooming. Each 25c, 6 for \$1.00.

AMERICA'S LARGEST DIRECT-TO-

OUR NEW MODERN BUILDING

Nursery stock must be carefully and properly handled from the time it is dug until it is shipped to you. This building is generally conceded to be the best in America for this purpose. Stock is handled under ideal conditions, by experienced nurserymen. Properly grown, carefully handled, this means Inter-State stock will live and DO BETTER for you.

Inter-State's GUARANTEE

1. We guarantee our nursery stock and seeds to be true to name; otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our nursery stock and seeds to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once at our expense and we will replace it free or refund your money.
3. Our stock is carefully handled and full of vitality and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace it at half price the following season, if you notify us not later than October 1, 1939.
4. It is our earnest desire to satisfy our customers. If you are not, and you feel that it is our fault in any way, please write us. We want YOU TO BE SATISFIED.

CARL O.
(Billy)
SJULIN

L. R. (Les)
SJULIN

D. L. O.
(Dave)
SJULIN

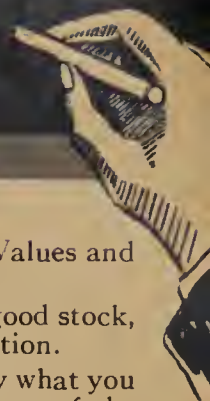

The Inter-State Nurseries are owned and operated by three brothers: Carl O., Leslie R. and David L. O. Sjulin (this is a Swedish name and is pronounced "Shoe-lin"). We are Nursery Specialists with a life-time of experience.

We fully realize that our success depends on your satisfaction. Our greatest pride is that, throughout America, are hundreds of thousands of homes which we have helped to make More Beautiful and More Fruitful.

INTER-STATE GIVES GREATER VALUES, BETTER SERVICE

YOU NURSERIES

READY TO SERVE YOU AGAIN IN 1939

WHY YOU SHOULD BUY FROM A NURSERY

The growing and handling of Nursery Stock is a highly specialized business that requires expert knowledge and training. Also Nursery Stock is **ALIVE** and **PERISHABLE** and must be handled under proper conditions and in a suitable building. The average store and building is **NOT SATISFACTORY** for handling Nursery Stock. It is entirely too dry and warm.

In our nursery building, we maintain a humidity of almost 100%. We have dirt floors because any other kind of floor is too drying. Some stock is kept in sand, others in peat moss, or dirt, or special nursery packing. Bulbs have a special room of their own, so do perennials. All of this requires expert knowledge and experienced workmen. Handled right, Nursery Stock will not only live, but will **GROW FASTER AND DO BETTER**.

BECAUSE WE GROW AND SELL DIRECT-TO-YOU MORE NURSERY STOCK THAN ANY OTHER NURSERY, WE CAN SELL FIRST QUALITY STOCK AT LOW PRICES.

Right through the depression, our business has increased each year. We have often been asked how we have built up this large

business. The answer is simple—

1st. By Your Good Will, secured by giving Greater Values and Better Service at Reasonable Prices.

2nd. By an unusually favorable location for growing good stock, plus our practical knowledge and an efficient organization.

3rd. Our catalog is made so that you can select exactly what you want from our tremendous assortment of stock, the best of the old, and the best of the new.

More than 10% of our total business comes from those to whom we have never sent a catalog. Their friends and neighbors recommended us and loaned their catalog to them.

To you who have not tried our Nursery Stock and Seeds, we request that you send us an order. You can rest assured that we will endeavor to serve you so that you will become a steady, friendly customer.

We hope that you will enjoy looking through this book. Whatever you buy from it will be a profitable investment. The joy, the pride, the satisfaction that comes from having a beautiful home, a lovely garden, cannot be measured in mere dollars.

FREE VALUABLE GIFTS FOR ORDERING EARLY

Many people wait until the very last minute before ordering. This makes our place just like a big department store during a Christmas rush. If we get your order earlier, we can do all the preliminary work such as booking order, writing labels and tags, zoning, etc. Then when shipping time comes, there is no delay in sending out your order.

THEREFORE IF YOU WILL SEND US YOUR ORDER FOR NURSERY STOCK (these Free Premiums apply only on orders for nursery stock) REASONABLY EARLY, YOU MAY SELECT FREE PREMIUMS AS PER THE FOLLOWING SCHEDULE—

On Nursery orders of \$3.00 to \$4.50, you may select ANY ONE of the 12 Free Premiums below.

On Nursery orders of \$4.50 to \$7.50, you may select ANY TWO Free Premiums.

On Nursery orders of \$7.50 and up, you may select ANY FOUR Free Premiums.

- No. 1— **3 Large Regal Lilies** worth 50c.
- No. 2— **2 Philippine Lilies** worth 50c.
- No. 3— **2 Phlox** (1 Mrs. Harding, 1 Leo Schlageter) worth 50c.
- No. 4— **2 Dahlias**, our choice, not labeled, worth at least 50c.
- No. 5— **1 Everblooming rose**, our choice, not labeled, worth 50c.
- No. 6— **12 Gladiolus**, all different, not labeled, worth 50c.

- No. 7— **2 Pink Cushion Mums** worth 60c.
- No. 8— **2 Delphiniums**, our choice, not labeled, worth 50c.
- No. 9— **12 Chinese Elm**, 18 to 24 inches, worth 50c.
- No. 10— **2 Boysenberries** worth 50c.
- No. 11— **5 Paradise Asparagus** worth 50c.
- No. 12— **1 MacDonald Rhubarb** worth 50c.

WE PAY POSTAGE

Please note that almost everything you order from this catalog is **DELIVERED TO YOU, POSTPAID**. This is a big saving to you as many firms charge extra for postage and the postage on the average \$5.00 order is 65c. In some cases we send by prepaid express instead of parcel post.

Of course the Standard and Select Size Fruit and Shade Trees are too large to go by parcel post. Therefore they are shipped by express **NOT PREPAID**. Nursery stock takes second class express rates which in most cases is as cheap or cheaper than freight.

In some orders, there are large trees which must go by express and also some stock which would be postpaid by us. In order to avoid making two separate shipments, we send the entire order by express. For this privilege, we always include some extra stock which has a much greater value than what the additional express charges amount to.

You will notice that in our premium list we include new and popular varieties, stock that almost everyone wants. We send you exactly the same high quality stock that is used in filling our regular orders. However we reserve the right to change your premium in case we should run short on some items, as we sometimes do toward the end of the season.

PLEASE BE SURE AND WRITE ON YOUR ORDER THE PREMIUMS YOU SELECT, so they can be included right with your other stock (otherwise none will be sent). For example if your order of nursery stock amounts to \$5.35 (or any amount between \$4.50 and \$7.50) and you wish the 3 Large Regals and 2 Pink Cushion Mums as your 2 Free Premiums, you just write on your order, Free Premium No. 1 and No. 7.

Be sure and order early so that you will get these Free Premiums. What really is more important, you will get the benefit of early planting because on early orders we have everything all ready to ship just as soon as planting conditions are right. Also you are sure to get what you want. Later on in the season, some items will be sold out. Your ordering early helps us to give you better service, as the orders reach us over a longer period of time. This means we can handle your orders with our regular force of experienced help.

Remember that we do not ship the nursery stock until it is the right time for you to plant.

**WE ARE
WITHIN 24 HOURS
OF 1/2 OF THE
UNITED STATES**

As shown on the map above, Hamburg is within 24 actual train hours of more than half the entire United States. The mailman makes us neighbors. Right there in the quiet of your own home, you can carefully look through this catalog and select exactly what you want. In a few hours your letter reaches us. Then soon your order is on its way to you and a few hours later your postman will deliver it to your door. Of course stock which is ordered early in the season is not

shipped until the right time for planting. Our stock is packed very carefully, using the best materials, and is guaranteed to reach you in first-class, live, growing condition, with all its natural vigor and vitality.

Thus you have right at hand, all the stock, all the service of the Inter-State Nurseries—**STOCK AND SERVICE THAT HAVE MADE THIS THE LARGEST INSTITUTION OF ITS KIND IN AMERICA.**

EASY TO ORDER

Nothing could be easier than sending us an order. You look through the book and select what you want. Between pages 4 and 5 is an order blank for **NURSERY STOCK** and between pages 75 and 76 is an order blank for **SEEDS**. Of course you do not have to use these order blanks but can write on any sheet of paper. If you put your seed order on a separate sheet from your nursery order, then the seed goes right to the seed department without having to go through the nursery department, thus giving you quicker service on seeds.

Write down what you want, being sure to state sizes, and add up the amount. You can send us Money Order, your check or a draft. If you send currency or cash, wrap it in paper and register your letter.

After your order is made out, be sure and write carefully your full name and complete address. If you live in the city, give your street and house number or your postoffice box number. If you live in the country, give your rural route and box number.

If you order both seeds and nursery stock, the seeds are shipped to you at once. If it is time to plant, then the nursery stock is also shipped but in a separate bale.

VALUABLE PLANTING GUIDE FREE

With every order of nursery stock, we send you Free a 24 Page Planting Guide. It gives you a world of real practical information with many illustrations. It tells you in a clear, simple way how to plant so that even if you have never before done any planting, you will have success. It tells you how to prune, how to water, how to care for plants over winter, how to arrange shrubs, how many bulbs for different size beds, etc. You would not take dollars for this book if you could not get another.

A COMPLETE SMALL ORCHARD FOR NO MORE THAN YOU NOW PAY FOR A FEW BUSHELS OF FRUIT

WHY BUY FRUIT? GROW YOUR OWN

You women who have to prepare three meals a day, know how much it helps to have fresh fruit and plenty of jars of delicious, home canned fruit for sauce, pies, cobblers, jelly and preserves—especially during the winter months when planning a wholesome meal is a problem.

Remember the **SAVING** when you can open **YOUR OWN JARS** of fruit—fruit that you know was canned at the peak of perfection, fully ripe, juicy and sweet. How the children and men enjoy real old-fashioned, spicy apple butter! Flaky fruit pies! Children's school lunches are made easier and more wholesome when you have plenty of fruit. Just a small part of the money you now spend for fruit, fresh and canned, will pay for a family orchard. Then you can have **ALL THE FRUIT YOU NEED, WHEN YOU WANT IT, FOR A LIFETIME.**

PLANT A SMALL ORCHARD THIS SPRING

A BLOCK OF INTER-STATE APPLE TREES

Inter-State Nurseries grow fruit trees by the hundreds of thousands—apple, cherry, peach, pear, plum, apricot. You can see above that the trees are well-branched. When you get them, you will then see how nicely they are rooted.

FAMILY ORCHARD GUARANTEED TO PLEASE YOU

When you get this Family Orchard if you are not entirely satisfied, just write us and we will refund **ALL THE MONEY YOU PAID US FOR THE TREES, BUT YOU KEEP THE TREES.** You are the judge. We could not possibly make such a guarantee if we did not have **FIRST QUALITY TREES** and know they would please you.

Mr. Walter Ellinghausen of Nebraska wrote us—

"I ordered from three nurseries last year and yours were the best plants and trees and were packed the best. I will recommend your trees to others. My plants from you are growing 100%."

PARADISE ASPARAGUS

A new variety, the last word in asparagus. A tremendous yielder (2 to 3 times as much as others), exceptionally large, finest flavor and rust-proof. If you have only a limited space, then plant Paradise as it yields so heavily. Fine plants, postpaid.

**12 for \$1.00; 25 for \$1.75;
50 for \$2.95**

Genuine Giant Mary Washington

You know how good fresh, home grown asparagus tastes. It is very healthful, rich in minerals and vitamins. Every garden should have some. Only takes a little room. Set the plants 18 inches apart. You can put them along the fence row, in front of a shed.

This is an improved strain of the Mary Washington, considered the best of all asparagus. It produces very large stalks; many are an inch or more through. They keep right on coming up, lots of them, for almost 3 months. They are extremely tender and do not get tough early as so many varieties do. They have the most delicious flavor. Rust-proof and will last a lifetime. Very easy to grow. Simple planting instructions sent with every order.

You can make money growing asparagus to sell. It brings good prices. Notice our low prices on the finest plants you ever saw. Plant a big bed this spring, enough for your own use and some to sell. We recommend planting the large size plants as they will give you quicker results.

INTER-STATE RHUBARB

In the spring what tastes better than fresh rhubarb pie and sauce? It is wholesome and healthy. No trouble at all to grow it. All you have to do is to plant it and it takes care of itself. Lasts a lifetime. Takes but a small amount of space and requires no special care or soil. Eat what you want fresh and can the rest for winter. Plant our large roots. You will get a few pies this summer. Next year and afterwards all you want. Postpaid Prices.

NEW FAMOUS MACDONALD RED RHUBARB

Considered the finest of all rhubarb. Stalks are giant in size, twice as large as ordinary rhubarb. A bright red color. Very tender and stays tender a long time. It has the richest flavor. As fast as you pull up one stalk another comes up to take its place. Tremendous yielder. Postpaid. Each 50c, 3 for \$1.25.

FINE FOR SAUCE AND PIES

SENSATIONAL NEW BOYSENBERRY

Immense Size, Delicious Flavor, Heavy Bearer, Hardy

Look closely at these pictures. The top one shows how heavily this amazing new fruit bears and the bottom one shows the actual large size. The Boysenberry is a cross of the Blackberry, Raspberry and Loganberry and is far more vigorous than any of its parents. It is immense in size and when you taste it, you will agree that in flavor it stands supreme. It is impossible to describe its sweet, delicious flavor. We can simply tell you that whether eaten fresh or with cream, or canned for sauce, jam, jelly, or preserves, in pies, tarts, short-cakes, it is superior to any other berry grown. It is almost seedless; it is firm and therefore a good shipping berry. They are produced in large clusters on long stems that stand away from the canes. They certainly fill the boxes fast.

The plant is a tremendous, vigorous grower and every cane is simply loaded with fruit. Its natural tendency is to trail on the ground but if trained on a fence or wires, it is much easier to pick the fruit. If you have only a small space in your garden, plant Boysenberries. You will be astonished at the amount of fruit you will get from only a few plants. The fruit ripens over a period of almost two months. You eat them fresh for weeks and can the rest. You never put in jars any fruit that tasted better.

As a berry for commercial purposes, it cannot be equalled. The fruit is so large and hand-

8 for \$ 1.00	25 for \$2.25
50 for 3.75	100 for 6.60
500 for 27.50	

We can furnish a few thousand extra heavy 2 Year Plants at 25c each, 5 for \$1.00, 12 for \$2.00.

some, it sells on sight at very good prices. One acre has produced as much as \$1,700.00 of fruit and one grower made over \$300.00 in one season from just 100 plants. Be the first in your territory to have this wonderful new fruit for market. Your customers will buy the first time because it looks so good and continue to buy because they like it so well. Plant them 6 to 8 feet apart in the row and the rows 6 feet apart.

Plant your Boysenberries early this spring and you will get a few sample berries this summer. But your big crop will come the second year and continue each year. Since the Boysenberry is so new, we do not know exactly how far north it can be grown without winter protection. It has gone through two winters here with us in fine condition and we have had reports where it has stood 20 below zero. But in extreme cold sections, we recommend that the canes be put down on the ground over winter and mulched with dirt and straw.

We send you select, hardy, No. 1 plants postpaid right to your mailbox and guaranteed to reach you in good condition.

ELDORADO BLACKBERRY

NEW PARKER HARDY THORNLESS YOUNGBERRY

We dare not say too much about this new berry because we have only a few thousand plants and we are planting most of them ourselves. The fruit is very large, twice as large as pictured, a handsome dark wine-red color, sweet and deliciously flavored, and almost seedless. This new, absolutely thornless strain is much harder than the common Youngberry and is very productive. Plant them 6 to 8 feet apart. A new berry with a great future.

POSTPAID PRICES ON PARKER THORNLESS YOUNGBERRY

Each 25c, 5 for \$1.00

We can also furnish plants of the common Youngberry at same price as Blackberries.

Giving you fresh berries for many weeks

50 for \$2.35; 100 for \$4.25
Postpaid

FIGURE YOUR SAVINGS!

How much are you now spending for fresh and canned fruit—fruit that you could just as well raise yourself? Only a few dollars will buy enough fruit plants to give you plenty of fruit to eat fresh, for sauce, jelly and preserves, for many years.

ALL INTER-STATE berry plants are strictly select No. 1 plants, the finest grown. They are all STATE INSPECTED, absolutely HEALTHY. They are far superior to smaller, less vigorous plants and will produce enough more fruit in just the first crop alone, to more than pay the difference in cost. Berry plants do not take much room, are easily taken care of and last for many years. They commence bearing the second year. Plant them 3 to 4 feet apart in the row and rows 6 feet apart. For home use they can be planted some closer.

BLACKBERRIES

Blackberries grow almost any place, even on a rough, steep hillside and bear abundantly. What tastes better than a piece of blackberry pie or a dish of sweet blackberries and cream! We send you Select No. 1 plants grown from root cuttings. These are much better than cheap sucker plants. A straw mulch is good for blackberries and raspberries. It helps hold the moisture, prevents weeds and eliminates cultivating.

Alfred—A new variety which is making good. The berries are very large, many 1½ inches long, of exceptionally fine flavor and are almost coreless. It is an extremely heavy bearer and very hardy, standing far below zero. Ripens a week before Eldorado.

Eldorado—Our most popular variety. The sparkling jet-black berries are large, sweet and delicious and practically coreless. The plant is very hardy, vigorous and a heavy, regular bearer.

RED RASPBERRIES

Giant Latham—Most popular of all red raspberries. The fruit is large, many an inch long, firm, and delicious in flavor whether eaten fresh or as preserves, jam and sauce. A strong, vigorous grower that bears enormous crops.

Postpaid Prices on Latham

8 for 50c; 20 for \$1.00; 50 for \$2.35; 100 for \$4.25

Indian Summer—A marvelous new red raspberry that fruits in early summer on the old canes and again in the fall on the new canes. The berries are very large and of fine quality. The plants are hardy and extremely productive. Far better than the old St. Regis.

Postpaid Prices on Indian Summer

8 for \$1.00; 20 for \$2.25; 50 for \$4.50; 100 for \$8.50

Taylor—A new red raspberry that was tested 10 years by the N. Y. Experiment Station before being released. The berries are richly flavored, enormous in size, firm, bright red color. Plants are vigorous, hardy, healthy, productive. Ripens just after Latham.

Postpaid Prices on Taylor

8 for 65c; 20 for \$1.40; 50 for \$2.85; 100 for \$4.95

Sodus—This new variety is the heaviest bearing raspberry, red or black, that we have ever seen. Tests at Ames, Iowa and other places have shown that it is unquestionably the best raspberry for the middle west. The fruit is firm and large, many an inch in diameter, a rich, maroon-red color, with an exceptionally fine, sweet flavor. The plants are very vigorous growers, perfectly hardy and extremely healthy. All in all, this wonderful raspberry is just what we have been looking for, for years. Fine to eat fresh and makes the best preserves and sauce you ever tasted.

SODUS, Heaviest Bearer

Why buy berries when you can grow your own so easily and cheaply?

BLACK RASPBERRIES

Cumberland—For many years, this has deservedly been the most popular black raspberry. A hardy, vigorous grower, it produces enormous crops of large, firm, juicy berries with almost no seeds and a flavor that can't be

beat. Our plants are carefully selected from heavy-bearing, healthy, fruiting plants.

Naples—A new variety that ripens just after Cumberland. The glossy-black berries are firm, large and excellent quality. Plants are vigorous, productive, hardy and healthy. Plant a few to prolong the fresh berry season.

New Logan—This fine new variety ripens a week before Cumberland. It bears very heavily, the fruit is large and high quality. Hardy, drought-resistant and healthy.

Postpaid Prices on Cumberland, Naples and New Logan
8 for 50c; 20 for \$1.00; 50 for \$2.35; 100 for \$4.25

Lucretia Dewberry—This well known trailing berry is widely planted because it is so productive in even the poorest soil. The shiny black fruit is sweeter, juicier and larger than blackberries. We send No. 1 transplanted plants that are far better than tips.

Postpaid Prices on Lucretia

6 for 50c; 15 for \$1.00; 25 for \$1.55; 50 for \$2.85

CACO, Finest Hardy Red

BEAR EVERY YEAR AND GROW MOST ANYWHERE WITH NO TROUBLE AT ALL

Grapes are the most dependable of all fruits—last a lifetime

Every home, in city or country, should have some grape vines. They can be used in so many different ways; fresh, or for jellies, jams, sauce, grape juice. They are wholesome, healthful and appetizing. The grape juice people claim that if you drink several glasses of grape juice daily, it will help reduce excess fat. If you make your own grape juice, this is not expensive.

Grapes thrive in almost any soil and climate. You can plant them along the fence line, on arbors or trellis. When you get Inter-State Grape Vines, the first thing you will notice is the great system of fine, fibrous roots, the best you ever saw. Such vines BEAR YOUNG. We guarantee them to please you.

FREDONIA—Pictured below

Fredonia—This new grape is rapidly becoming the leading early black grape of America. It ripens very early, ten days before Moore's Early. The bunch and berries are large, with a juicy, delicious flavor. It is a vigorous grower, hardy and very productive. Fine for home use and also a great commercial grape because the flesh is solid and the berries do not crack, a fine shipper. If you want to make money selling grapes, plant Fredonia for the early high market.

PLENTY OF STRAWBERRIES

Fresh From Your Garden

INTER-STATE'S GIANT EVERBEARING MASTODON

This popular everbearing strawberry is planted successfully all over America. For many years it has proven its worth. It will start bearing 90 days after planting and provide fresh strawberries all summer and fall, **THIS YEAR**. Just think, you plant this spring and pick great big luscious berries this summer and fall. Next year there will be berries spring, summer and fall. Our strain produces very large berries of good flavor and bright red color. The plants are large and strong, so it will outgrow and outbear other plants less vigorous. It is perfect flowering so can be planted alone.

PRICES ON MASTODON
25 for 60c; 50 for \$1.00;
100 for \$1.75; 200 for \$3.00

All above prices are postpaid.

BIG COMPLETE "All Season" FAMILY BERRY PATCH

50 each of our 5 best varieties

All 250 only \$2.50 Postpaid (\$3.65 value)
25 of each (125 plants) for \$1.50 Postpaid

It is so nice when you can go out and pick your own berries. And in almost every garden, there is room for a patch. Inter-State strawberries are grown from new fields each year. The mother plants are set one spring and the new plants dug the following spring. Thus you can be sure our plants are young and healthy and will make strong growth and produce large crops. That is why we sold almost 5,000,000 plants last spring. Every one of our varieties is perfect-flowering so can be planted alone. For home use, set them 18 to 24 inches apart and plant them **EARLY**, just as soon as the ground is ready.

FAIRFAX

Very large, firm berries, fine color and very delicious flavor.

DORSETT

Much like Fairfax except berries are lighter red.

CATSKILL

A new variety which ripens just after Dunlap. The berries are very large, firm, rich red color and exceptionally fine flavor. We can assure you that you will like this fine variety very much.

PLANT APPLE TREES THIS SPRING WHILE PRICES ARE LOW

SOLID
RED
DELICIOUS

SUMMER APPLES

Anoka—A wonderful new early apple which generally commences bearing next year after planting. Fruit is large, yellow streaked red, good flavor. Ripens in August but can be used a month earlier for pies and sauce. Extremely hardy, grows everywhere.

Chenango Strawberry—An old very fine sweet apple.

Duchess—The great mid-summer apple, bears young and heavily. Large fruit, red striped.

Early Harvest—Medium size, yellow, ripens in July.

Early Red Bird—The best real early red apple. It ripens a week before Yellow Transparent. Fruit is large, bright red, good quality for both eating and cooking. Perfectly hardy, grows everywhere, heavy bearer.

Lodi—Like Yel. Transparent but larger, not as good quality.

Red Duchess—Like Duchess but fruit is solid red.

Yellow Transparent—The favorite early yellow apple. Ripens in July. Bears young, heavily, and every year. Fruit is medium to large, tender, juicy, fine flavor—good for eating and cooking.

ANOKA (about 1/3 actual size)

Our low prices are possible only because we grow apple trees by the hundreds of thousands right here at Hamburg. These are fine 2 and 3-year-old trees, well-rooted and branched, hardy, young-bearing. The 3 to 4-ft. trees are shipped postpaid right to your door. The 4 to 6 and 5 to 7-ft. sizes are too large to go by parcel post, therefore they are shipped by express or freight, not prepaid.

**THESE TREES ARE UNCONDITIONALLY
GUARANTEED TO BE SATISFACTORY TO YOU**

APPLES . . . for a few cents a bushel . . . when you grow them yourself! Why buy them every year when you can have all you want from your own trees, for so little?

YELLOW
DELICIOUS

FALL APPLES

Fameuse (Snow)—A red striped apple with snow white flesh of highest quality. Ripens in October.

Maiden Blush—An old favorite. Yellow with blush, mild flavor, large size. Ripens just before Wealthy.

Wealthy—The great fall apple. Ripens in September but can be used weeks earlier. Fruit is large, red striped, with tender juicy flesh of fine quality. Bears young and heavily and grows everywhere.

PLANT SUMMER, FALL AND WINTER APPLES FOR FRESH YEAR ROUND SUPPLY

WINTER APPLES

Baldwin—It made New York apples famous.

Banana—A tremendous bearer of richly flavored apples of large size, golden yellow blushed crimson. Beautiful to see and just as fine to eat.

Ben Davis—It fills the barrels and keeps all winter.

Black Ben—An improved Ben Davis, solid red color.

Grimes Golden—A favorite for many years because it produces so abundantly its large, high quality yellow apples.

Haralson—A new winter apple for northern Iowa, Minnesota, Dakotas, and severe sections of Nebraska. Fruit is red, large and keeps all winter, even through spring.

Joan—Frankly this apple is not the highest quality but the tree is such an extremely heavy bearer (outbears any apple we have ever seen) and the large apples are so beautiful, the brightest, shiny red you ever saw, that we suggest you plant one or two. If you want to raise apples to sell, then these will sell on sight. This apple originated by the Iowa Experiment Station.

Jonathan—For many years this has been our most popular apple. Everybody knows and likes this fine bright red apple. Highest quality, crisp, tender and full of snap. It leads the parade.

McIntosh Red—The great red apple of the east.

McIntosh, Solid Red—Like the above but solid red.

Northern Spy—Another well-known eastern apple.

Northern Spy, Red—Like the above but solid red.

Red Delicious—The original Delicious, originated in Iowa, planted from coast to coast for its superb quality and mild juicy flavor.

Red Rome Beauty—An improved Rome Beauty with large, solid red apples of good quality.

Secor—A new apple from the Iowa Experiment Station. It is similar to Jonathan, not quite so red, larger in size, equal quality and keeps longer. Good bearer.

Sharon—Originated by Iowa Experiment Station. Especially for Northern Iowa, Minnesota and severe sections. Fruit is very large, red striped, very fine quality. An early winter apple.

Solid Red Delicious—Considered by many to be the finest red apple. It bears younger, keeps longer and the fruit colors up several weeks earlier than the common Red Delicious. The fruit is large, solid red and has a delicious flavor unequalled by any other apple. We sell it at the same low price as the other varieties.

Stayman—Very large greenish red apple, fine for both eating and cooking. Especially good in January-February.

Stayman, Red—Like above except solid red.

Tolman Sweet—The favorite yellow winter sweet apple.

Turley—This fine apple belongs in every orchard. Fruit is very large, red, high quality. Regular, heavy bearer.

Winesap—An old favorite that belongs in every orchard, because it bears so well and the apples will keep right through winter and spring, that is, if you have enough so that you do not use them all up. Fruit is medium size, dark red, juicy, fine flavor.

JONATHAN

Yellow Delicious—Many say this is the finest yellow apple. It bears young and heavily. The fruit is large, juicy and exceptionally fine quality.

York Imperial—Large red apple, somewhat lop-sided. Keeps until June. Good bearer, good quality.

CRAB APPLES

Dolgo—Best of all crabs. Bears young and heavily. Fruit is bright red, comes in clusters and makes the finest and prettiest jelly you ever tasted. The tree itself is ornamental enough to plant right in your front yard.

Whitney—Listed among the crabs but really you can eat it fresh just like an apple. Fruit is medium size, red striped, fine quality. Makes wonderful apple butter. Bears young and heavily. Belongs in every family orchard.

YELLOW TRANSPARENT (about 1/2 actual size)

"POLLY" Inter-State's Original Strain —The Finest White Peach

POLLY

Actual Size

Polly originated at the Iowa Experiment Station, and was sent to Mr. J. W. Carter, one of Iowa's leading orchardists. It started bearing in 1920 and BORE A FULL CROP EVERY YEAR FOR TWELVE YEARS. Then by mistake the original tree was destroyed. However some young trees had been propagated from the original. Even in the terrific drought of 1934 these young trees produced a good crop of fine fruit which was sold right at the orchard for \$2.00 a bushel to customers who had placed their order ONE YEAR IN ADVANCE. For nearly 20 years Polly has been tested. Every winter it has withstood below zero weather, as cold as 20 below. The fruit is large, beautifully blushed—a perfect free-stone, ripening a few days before Elberta. The flesh is white, juicy but firm and full of the richest, most luscious flavor. All who have been fortunate enough to taste Polly, agree that IT IS THE FINEST FLAVORED PEACH THEY EVER ATE. When canned it stays firm and you ladies know that makes the sauce look so much nicer. Polly is best for home use and local markets. The tree is a healthy, very vigorous grower of semi-spreading upright form with strong branches. It is a heavy, regular bearer.

PLANT POLLY—NORTH, SOUTH, EAST, WEST

You folks living in the north even where it gets as cold as 15 below zero, even colder occasionally, can now raise your own peaches as Polly is so much hardier. But we want to emphasize this fact—POLLY IS NOT A PEACH JUST FOR THE NORTH. IT IS A PEACH FOR THE SOUTH, THE EAST, THE WEST. The fruit has such a wonderful flavor and is produced so abundantly, that it is an outstanding peach even where other varieties can be grown. POLLY IS THE FINEST WHITE PEACH.

POLLY HAS FINE FLAVOR—BEARS YOUNG

Mr. M. L. Adams, New York, wrote us—"The finest peaches I ever ate."

Mrs. Seef Van Orsdoll, Kansas, wrote us—"The Polly peach that we set last spring, 4½ feet tall, now has about 20 peaches on it. Sungold only 3 feet tall has 9."

INTRODUCED BY INTER-STATE

Polly was introduced exclusively by the Inter-State Nurseries in the Spring of 1934. You will get the original strain from us. We want to assure you that Polly is not just another Peach. It is not only the finest white peach but IT IS THE FINEST QUALITY OF ALL PEACHES. Yet we have priced the trees but little higher than ordinary varieties.

PLANT PEACHES FOR PROFIT

Plant an orchard of Polly and Sungold. Because of their hardiness, bearing when others fail, because of their size, beauty and high quality, they sell at high prices. They start bearing the second year after planting.

'SUNGOLD'

The New Superior
Hardy Yellow Peach

TRADEMARK

SUNGOLD ORIGINATED AT DES MOINES, IOWA. WENT THROUGH BELOW ZERO EVERY WINTER AND BORE FULL CROPS FOLLOWING SUMMERS.

Several years ago one of the fruit judges at the Iowa State Fair noticed that each year, year after year, there was exhibited some large extra fine peaches. Central Iowa is considered too far north to grow peaches so he investigated these peaches. He found they came from a chance seedling at the home of Mr. W. H. Kirstein, Des Moines. Every winter this tree went through below zero weather, as cold as 22 below, and bore full crops the following summers.

FRUIT IS VERY LARGE, FREE-STONE, HIGH QUALITY, HEAVY BEARER

The fruit of Sungold is very large, yellow skin beautifully blushed. The flesh is firm, golden yellow, full of juice and the richest, sweetest flavor—exceptionally fine quality. It will be a great commercial peach because it will stand shipping and colors early. It ripens several days before Elberta. The tree is a strong, stocky grower, well-branched, with healthy dark green foliage. It is an extremely good, regular bearer.

SUNGOLD STOOD 35 BELOW ZERO

Mr. Max B. Cox, Utah, wrote us—"The Polly and Sungold peaches purchased a year ago withstood 35 degrees below zero here last winter and I doubt if as much as 2 inches is dead on the tips of the small branches. I am amazed."

However, we tell you frankly, if you live where it gets 35 below, you should not try to grow peaches. But Mr. Cox's report shows that Sungold and Polly are hardy.

A GREAT PEACH FOR ALL AMERICA

We believe that Sungold will thrive in all states except those where the temperature falls to 20 or more below zero for long periods. We recommend it to those in the cold sections who have been unable to grow peaches regularly and profitably because they got a crop only now and then. **SUNGOLD IS VERY DEFINITELY A HARDIER PEACH.** We also recommend it to those farther south who can grow other varieties. They will find Sungold a very superior peach because of its **GREAT SIZE, BEAUTIFUL COLOR, HIGH QUALITY, and HIGH PRODUCTION.**

BETTER THAN ELBERTA AND J. H. HALE

Compared to Elberta, Sungold is much larger, better colored, very much better quality and far hardier. It lives and bears where Elberta dies. Sungold flesh is solid and firm for canning. Compared to J. H. Hale, it is larger, equal or better in quality, far hardier and is self-pollenizing so will produce far more fruit.

Nurseries
Hamburg, Iowa*

NOW YOU CAN HAVE DELICIOUS HOME GROWN PEACHES

We all know how delicious are home grown, tree-ripened peaches. We have always wanted them, but in the past the varieties we had, have been too uncertain in bearing. Now this is all changed. Plant Sungold and you will have peaches. If you have only a little room, plant a few trees. If you have more room, plant more trees and sell the fruit at good prices. **SUNGOLD BECAUSE OF ITS LARGE SIZE, BEAUTY AND FINE FLAVOR BRINGS TOP PRICES.** Sungold will make peach-growing PROFITABLE.

MR. H. L. LANTZ, FRUIT EXPERT, WRITES "Sungold looks like a winner."

In the October, 1937 issue of the American Fruit Grower is an article by H. L. Lantz, Secretary of the American Pomological Society and recognized as an authority on fruits. Mr. Lantz writes—"Sungold is as handsome as well grown J. H. Hale which it resembles in form. The quality is superb. Experts have rated it as good or even superior to J. H. Hale in flesh and quality. The skin is just right for handling purposes and is attractively covered with a bright carmine. The flesh is yellow, firm, tender, juicy and richly flavored. We have seen specimens from the original tree as large as 11 to 12 inches in circumference. In 1920, Melvin Kirstein, a school boy in Des Moines, planted a few peach seeds. One of the resulting trees grew rapidly and bore fruit at about five years of age and has been bearing regularly since that time. Trees propagated from the original tree have shown desirable vigor, strong foliage and productivity. Sungold looks like a winner."

MR. RAY VAN ATTA, Battle Ground, Wash., wrote us on Feb. 15, 1938 as follows—"Two years ago I bought 4 Sungold Peaches from you and last year they set on a few peaches. They were the largest and best flavored I ever ate."

CHAMPION

VARIETIES

Listed in their order of ripening. Mayflower ripens here early in July; Elberta latter part of August.

Mayflower—First to ripen yet almost frost-proof as it blooms so late. Red all over, good quality, good size. Semi-cling.

Rochester—Free-stone. Fruit is large, yellow blushed red. Firm yellow flesh, fine flavor. We have found this a very hardy, extra good peach.

ALL SEASON PEACH COLLECTION

1 Mayflower	1 Sungold
1 Rochester	1 Polly
1 Golden Jubilee	1 J. H. Hale
1 Champion	1 Elberta

Fine 3 to 4 ft. Trees

8 FOR \$2.15

Postpaid (Worth \$3.20)

These are our most popular varieties, giving you fresh peaches for many weeks—and plenty to can—for many years—for little more than the cost of just a bushel of peaches.

We can also supply the same collection in 2 to 3 ft. trees for only **\$1.65** postpaid. (Worth \$2.50)

INTER-STATE PEACHES

Bear Young—Produce Heavily—At their best when picked fresh from your own trees

You will never know how good peaches can taste until you pick them fully ripened from your own trees. They need but little room, are easy to grow. Our Iowa-grown budded peach trees are hardy and bear young.

NEW LOWER PRICES ON PEACH TREES

Varieties alike or assorted	Each	Per 6	Per 12	Per 25	Per 100

Golden Jubilee—Free-stone. A very fine new early yellow peach of high quality. Beautifully colored red and yellow. Hardy.

Champion—Free-stone. Large, creamy-white with red cheek. Flesh is white, juicy, sweet, highest quality. A heavy bearer and very hardy.

South Haven—Free-stone. Large, yellow blushed red. Yellow flesh. Fine quality. Hardy.

Hale Haven—Free-stone. A new peach from Michigan. Heavy bearer. Large. Yellow flesh of high quality.

Early Elberta—Free-stone. Large, yellow with red cheek. Yellow flesh, firm, juicy, luscious flavor.

J. H. Hale—Free-stone. Very large, golden yellow blushed red with fuzzless skin. Flesh is yellow, solid, tender, high quality and delicious flavor. Always sells well.

Chinese Cling—Hardy, yellow cling.

Elberta—Free-stone. Everybody knows this grand peach which fills millions of fruit jars every year.

Crawford Late—Free-stone. Large, yellow with blush. Yellow flesh, firm, juicy, high quality. Very hardy.

Mammoth Heath Cling—Best, most popular white cling.

J. H. HALE

ELBERTA

Plant plenty of peaches for yourself and have some to sell to your neighbors. They bear young and always sell at good prices. Growing peaches is profitable.

Famous Inter-State CHERRIES

Bear Young and Bear Every Year

Fresh cherries, fresh cherry pies, cherry preserves and sauce! Of course you like them. Then why pay \$2.00 or \$2.50 for just a bushel of cherries when they can be grown so easily right there on your own place? Every home, in city or country, has room for some cherry trees. **THEY BEAR YOUNG AND BEAR EVERY YEAR.** They give you shade, flowers and fruit; beautiful, healthful and delicious. Plant some **THIS SPRING.**

CHERRY PRICES ARE LOW

Selected, 5 to 6 feet, not prepaid.....	60c	3.30	6.00	11.25

Early Richmond (May Pie Cherry)—The first cherry to get ripe, ripening soon after school is out. Large, bright red, juicy and delicious. They taste so good and for fresh cherry pies, they can't be beat. The tree is a strong grower, a heavy producer and bears very young.

English Morello—Bears younger and heavier than any other cherry. The fruit is good size, almost black and sprightly acid. Fine for whole pickles, preserves and canning. Ripens in July after the others are gone.

Large Montmorency—The most widely planted cherry because it does well everywhere. A sure bearer of large crops, ripening about ten days after Early Richmond. The fruit is large, flesh firm and fine flavor. Best of all for canning.

On April 12, 1938, Mr. Warren Gilmore of Rockford, Illinois, wrote us as follows:

"The trees that I ordered came in good shape. They are the best roots I ever saw and the best trees I ever planted."

SWEET CHERRIES

Black Tartarian—Large, purplish-black cherries of finest flavor. Popular in the east.

Belle Magnifique—Very hardy, red sweet cherry.

Yellow Glass—Here is a real hardy sweet cherry which has borne regularly here at Hamburg for over 20 years and we get as cold as 20 below zero. The fruit is large, golden yellow; flesh is firm and the most delicious sweet flavor.

PEARS

Delicious—Easy to Grow.
Do Fine Planted in Sod
Right in Your Own Yard
Or on the Lot Line

No fruit is more delicious than a juicy, home-grown pear. They grow upright, so do not need much room. Require no special care.

Pear trees generally sell at high prices. But as we grow them in large numbers, we are giving you the benefit, making special low prices.

INTER-STATE'S LOW PRICES ON PEAR TREES

Selected, 5 to 6 feet, not prepaid.	55c	3.00	5.40	10.00

Bartlett—The leading summer pear. Large, yellow with blush. Juicy, sweet, high quality.

Douglas—A fall pear that bears heavily and starts bearing NEXT YEAR AFTER PLANTING. Fruit is large, yellow with blush. Considered blight proof. This is the only pear which should be allowed to fully ripen on the tree before being picked.

Duchess—A fine fall pear. Fruit is very large, greenish-yellow russet. Fine quality.

Gorham—A new pear almost identical with Bartlett but ripens two weeks later and keeps longer.

Kieffer—Most widely planted winter pear. Bears young and heavily.

Lincoln—Large, yellow, late summer pear.

Patten—Our best pear. Grows everywhere. Fruit is greenish-yellow, blushed; large, juicy, luscious flavor and keeps well. It bears young and heavily. Extremely blight resistant. Ripens in August. We recommend it highly. Originated in Iowa.

PATTEN

Seckel—Called the Sugar Pear because of its sweet flavor. Fruit is not large, but highest quality. Bears young and heavily. Ripens in late summer. A splendid pear.

APRICOTS

Another Good Backyard Fruit
VERY EASY TO GROW

Who does not like apricot sauce and preserves? They ripen right after cherries and before the early peaches. They are so easy to grow. The late frosts may catch the blooms sometimes, but, my gracious, the trees do not require any special care and are as pretty as a shade tree. Home-grown,

tree-ripened apricots are one of the most delicious of all fruits.

SUPERB—This variety originated in Kansas and is considered the best variety for the middle west. It is hardy, productive, and bears when the others fail. The fruit is medium size, of high quality.

Mr. William T. Heibel of Wisconsin wrote us on April 12, 1938 as follows:

"Two years ago, I bought some Cherry trees from you and the following year those trees were loaded with cherries which was certainly a surprise to me. Last year I bought a collection of roses from you and all 12 of them have done fine. They bloomed all summer long. So I recommended you to a number of my friends who sent orders this spring and certainly will recommend your service and stock 100%."

APRICOT PRICES

UNDERWOOD, Heavy Bearer

Blue Damson—The old favorite blue plum that makes such fine preserves. Hardy, sure bearer, free-stone.

Compass—Bears young, heavily and every year. Juicy red fruit makes fine sauce. Free-stone.

German Prune—Our best prune-plum.

Green Gage—Sweetest eating and canning plum. Large greenish-yellow fruit produced freely. Free-stone.

Kahinta—A great plum. Fruit is very large, dark red, good flavor, free-stone. Grows everywhere, bears young, regularly and heavily.

Sapa—Fruit is medium size, purple skin and purple flesh, just full of the richest juice, fine flavor. Especially good for canning. A tremendous bearer that does well everywhere. Free-stone.

BLUE DAMSON, Fine for Preserves

INTER-STATE PLUMS

Often Bear Next Year After Planting

You have bought plums grown in California and wished that you could grow plums like them. You can, and they are so easy to grow and require almost no care. A chicken yard is a mighty good place for plum trees. To get big crops, plant several varieties, so they can cross-pollenize. Compass, Toka and Superior are good pollenizers.

KAHINTA, Actual Size

Superior—A new variety with large, bright red fruit, with rich yellow flesh, firm, juicy, rich sweet flavor. A heavy, annual bearer. It ripens over a long period. One of the best of all plums.

Toka—The most richly flavored of all plums. Fruit is large, orange-red, firm, free-stone. You seldom can any because they are so good you eat them fresh. Grows everywhere.

Underwood—Bears regularly immense crops of large, red, delicious plums, free-stone. Another plum for everybody, everywhere.

Waneta—Very large plums, purplish-red, good quality. A heavy, regular and young bearer.

**We list only the best,
thoroughly tested varieties.**

TOKA, Has Apricot Flavor

For Beauty

SHADE

SILVER BIRCH

Silver Birch (Cut leaf Weeping)—Delicately cut leaves on graceful, drooping branches. The gleaming white bark is beautiful summer and winter. It grows rapidly and is especially fine for lawns as a single specimen or in groups. The white bark does not develop fully until a year or two after planting.

 6 to 8 feet, Not Prepaid..... **Each 2.50**

PURPLE LEAF MAPLE

How inviting appears the home "framed" with fine shade trees. Their beauty is also useful, because they keep off the intense heat in summer and the cold winds of winter. Help make your street more attractive by lining it with shade trees. If the hot afternoon sun shines into your home, plant a tree to the southwest. Shade trees will give you more permanent beauty, comfort and value than anything else.

Norway Maple—An exceptionally fine tree for lawn and street planting. The rich green foliage colors a light yellow in the fall. Like the Purple Leaf Maple, it is perfect in shape. Notice the very low price we are making.

4 to 5 feet, Not Prepaid..... **Each \$0.75, 2 for \$1.25**
 5 to 6 feet, Not Prepaid..... **Each 1.00, 2 for 1.75**
 6 to 8 feet, Not Prepaid..... **Each 1.25, 2 for 2.25**

Sugar Maple—This is the tree that has such beautiful scarlet, orange and yellow foliage in the fall. It is native to many sections and is the source of the delectable maple sugar. Develops into one of the grandest of all trees.

4 to 5 feet, Not Prepaid..... **Each \$1.00, 2 for \$1.75**
 5 to 6 feet, Not Prepaid..... **Each 1.35, 2 for 2.50**
 6 to 8 feet, Not Prepaid..... **Each 1.75, 2 for 3.25**

LOMBARDY POPLAR

Lombardy Poplar—Everybody knows the striking appearance of this tall, narrow-growing tree. Fine for screens and background. Grows rapidly.

4 to 5 feet, Not Prepaid... **Each 35c, 4 for \$1.20, 12 for \$3.00**
 5 to 6 feet, Not Prepaid... **Each 45c, 4 for 1.55, 12 for 3.95**

TREES For Comfort

A WINDBREAK FOR EVERY FARM

The dust storms of the past few years have shown us the urgent need of windbreaks in summer. And they break the force of the cold, wintry winds. If your farm buildings are protected by a windbreak, your cows will give more milk, your steers make more gains, your hens lay more eggs, and it will take less fuel to heat your home. A windbreak makes farming more pleasant and profitable in summer and winter.

Here are listed younger Chinese Elm Seedling trees. They are especially fine for windbreak and wood lot planting. No tree will make a windbreak as quickly as these young Chinese Elm. They leaf out very early in the spring, and the leaves hang on very late in the fall. They have such a dense mass of twigs, branches and limbs that even with the leaves off they are a very effective windbreak. No matter whether you live in North Dakota or Texas, or any state between, plant Chinese Elm. They grow in all states. They stand cold, they stand heat, they even stand alkali. Plant them 4 to 6 feet apart. We have a fine lot of these Chinese Elm and we are making low prices, so that every farm can have a windbreak. Plant yours this spring. In less than 5 years, you will write us that you wouldn't take hundreds of dollars for your windbreak.

CHINESE ELM

CHINESE ELM—WINDBREAK SPECIAL

Just look at these low postpaid prices

CHINESE ELM TREES

Because of its beauty and extremely rapid growth, the Chinese Elm has become the most popular shade tree. It does well in every state, standing intense cold and extreme heat equally well. Under ordinary conditions, it makes excellent shade in 5 years. The tree pictured is 35 feet tall and was planted just 6 years ago. *Notice particularly the unusually low prices we are making on the 3 to 4 ft. size trees. These are nicely branched, well-rooted stock and we pay the postage.*

MAJESTIC PIN OAK

Pin Oak—This is generally conceded to be the most beautiful and majestic of all shade trees. Grows in a symmetrical, pyramidal form, and at maturity it towers 60 to 80 feet high. The bright green foliage is deeply cut, and colors to a deep red in the fall. A sturdy, rugged grower, it adapts itself to all locations, and is not bothered by insects or diseases.

Oaks have been considered slow growing trees, but careful checks have shown that the Pin Oak grows almost as fast as the American Elm, and is one of the most enduring of all trees. A tree planted now will not only be a pleasure to you, but to your children's children for generations to come. For lawn and street planting it has no equal. One of the finest sights in all Nebraska is the avenue of stately Pin Oaks at the State College of Agriculture in Lincoln. We have made special prices so this superb tree can be freely planted.

5 to 6 feet, Not Prepaid. Each **\$1.50**, 2 for **\$2.75**

WISCONSIN WEEPING WILLOW

INTER-STATE HARDY HEDGES

PROTECTION . . PRIVACY . . BEAUTY

SPIREA VAN HOUTTE—100 for \$5.25

A friendly, living hedge adds dignity and privacy to your home. Beautiful along walks, driveway and lot lines. Each passing year adds to its beauty. Our plants, grown especially for hedging, are hardy, stocky, well-branched and nicely rooted. If you could compare them with lighter plants, you would select ours without question. If you want a good tight hedge, plant 1 foot apart. With each order we send simple planting instructions showing exactly how to make the best hedge.

Spirea Van Houtte (Bridal Wreath)—You can see above what a magnificent flowering hedge, 5 to 6 feet tall, this makes when untrimmed. If trimmed, it makes a dense, bushy hedge that hugs the ground closely. It is absolutely hardy, easy to grow and does well everywhere, in sun or partial shade. For a trimmed hedge, set 1 foot apart and for an untrimmed hedge, 2 feet apart.

Privet, Hardy Russian	1.75	3.00	5.50	9.75
Spirea, Van Houtte	1.75	3.00	5.50	9.75

Barberry, Japanese (Thunberg's)—A very popular, low growing hedge. Untrimmed, it makes a dense, rounded hedge 2 to 3 feet tall and almost as wide, but it can be trimmed to any desired height and width. The foliage is bright green, turning a beautiful orange-scarlet in the fall, and the bright red berries gleam along the branches all winter. Grows in sun or partial shade. We have only the rust-free variety that can be planted anywhere.

Chinese Elm—In China, its original home, it has been used as a hedge for centuries. It can be kept trimmed to a medium height or grown as a taller screen. The more you trim it, the more dense and compact it gets. Grows so rapidly that it will make a hedge in just a few months. Perfectly hardy and planted in every state. **HARDY, BEAUTIFUL, FAST GROWING and PRICED VERY LOW.** As it becomes known, it will be planted for hedging by the millions. The plants we offer are well-branched, especially selected for hedge planting.

Honeysuckle, Tartarian—Makes a fine, tall hedge or screen, growing 8 to 10 feet tall. Pink flowers in May followed by great clusters of orange and red berries. It can also be trimmed, making a good medium height hedge. Grows in sun or partial shade and is hardy everywhere.

Hugonis—The Golden Rose of China—A beautiful shrub rose with attractive foliage and graceful growth, its arching branches completely covered in May with bright yellow flowers. Requires no attention and grows everywhere, making a bush 5 to 6 feet tall. Plant 15 to 18 inches apart and it will make an impenetrable hedge. We doubt if this wonderful rose has ever been sold at such a low price.

Mulberry, Russian—A quick growing economical hedge.

Privet, Hardy Russian (Amoor River North)—This is the most widely planted hardy trimmed hedge. Very similar to California Privet, it is far superior because it is perfectly hardy. Can be trimmed to any desired height. The green leaves hang on until severe winter. Succeeding everywhere, America's great hedge.

and now the Famous Inter-State Roses

ROSES, THE QUEEN OF ALL FLOWERS

In 1933 and again in 1934, we were chosen as America's Rose Representative to plant and exhibit the Official Rose Garden at Chicago's World's Fair. When you consider that there are over 6000 nurseries in the United States, this was indeed a signal honor and recognition.

Eight years ago we started the policy of selling the new and better varieties of roses at popular prices. The response was immediate. Before that, rose lovers had to pay high prices for the roses they really wanted, and so in only a few gardens were the better roses to be found. We wanted even the modest garden to enjoy the choice varieties.

We want to impress upon you this fact, that all roses are not alike; that there are degrees of quality in rose plants just like there is in almost all merchandise. When you get our plants, you will see at once their extra high quality—nice green tops and a wonderful system of roots. These better quality plants will not only produce more and better blooms, but because they have so much more vigor and vitality, they will live longer.

On account of some failures, you may have concluded that your location was not suitable for roses. Perhaps the failure was due not to location, but to poor quality plants. We just wish you could read the letters we have received from those who had such experiences. Then they planted some Inter-State Roses. How pleased, how happy, they were, that now they could enjoy that finest of all flowers, the rose, so beautiful, so fragrant.

We could write several pages about how our roses are grown by the best growers in America; how they are budded on root stocks that are hardy and vigorous, yet will not sucker and go wild; how carefully they are handled. We know that we have the highest quality and **WE BACK IT UP WITH OUR**

The Greatest Guarantee Ever Made on Roses

We believe that Inter-State Roses are the finest grown. When you receive them, if you do not agree with us, if you are not entirely satisfied, write us and we will refund the entire amount you paid for them, BUT YOU KEEP THE ROSES. If our roses are not as good as we claim, we will give them to you free.

STRONG GUARANTEE, the strongest ever made by any firm. We sincerely believe that we give you a larger dollar's worth of plant quality, bloom and growing satisfaction than you can get anywhere else.

We will let some of our customers tell you how much they like our roses. We have files full of such letters, and if we could print them all, very likely you would find a letter right from your own vicinity.

WHAT OTHERS SAY ABOUT INTER-STATE ROSES

Mr. Le Roy Fenn of Wisconsin wrote us—

"I wish to compliment you on your roses and would recommend them to anyone who wishes to enjoy the beauty of lovely roses. The roses were absolutely wonderful, bloomed profusely and were a revelation to us and all who saw them. Never saw roses bloom so profusely the first year and have nothing but the highest praise for your roses."

Mr. F. K. Ziegler of Illinois wrote us—

"I have bought hundreds of rose bushes from the best growers in the country. I have never received plants of such high quality as the ones received from you."

Mrs. A. O. Pettibon of West Virginia wrote us—

"The rose collection I bought from you last spring were the largest, healthiest plants I have ever bought from any nursery."

Mr. Fred L. Cutler of Indiana wrote us—

"I was very much pleased with the order of roses I purchased from you last spring. They are still in bloom and have been a riot of color all summer, even during the hot dry weather."

Mr. Thomas M. Aistrop of Iowa wrote us—

"Attached you will find my 1938 rose order. I have purchased roses from you the past three years and I am con-

vinced that you have the best roses in the entire country."

Mr. R. R. Shelters of Michigan wrote us—

"I purchased my first order of rose bushes from you at the World's Fair in 1933. I can truly say that your rose bushes were the best that I have purchased from any company in vigor and size. They are still blooming freely and doing good work."

Our Overflow Collection

These 5 roses are so good that last year 4 of them were in Inter-State's Famous Gold Medal Collection and the other in the equally famous Mother's Rose Garden. This year we had so many fine varieties that these choice roses were left out. However, they are so exceedingly good that we made this collection especially for them. All are hardy, free-blooming and fragrant.

ALL **5** FOR ONLY \$ **2.25** POSTPAID

Our best 2 Year No. 1 Selected Plants
(\$3.00 value)

No. 1—Victoria Harrington, a rich, velvety deep red that does not fade or turn blue. A strong grower and very free bloomer. Fragrant.

No. 2—Leonard Barron, the flowers are immense, often 6 inches across, freely produced. Pink tinged apricot and buff. Has wild rose fragrance.

No. 3—Queenland's Beauty, a sport of Golden Dawn and just as vigorous and with the same healthy, rich foliage. An exquisite coppery-salmon.

No. 4—Caledonia—This superb rose opens ivory then changes to purest white. It has a delightful fragrance. Free-blooming. There is no finer white rose.

No. 5—Margaret McGredy, always in bloom, this beautiful orange-scarlet rose is a thrifty, healthy and vigorous grower. Truly a great rose.

PLANT INTER-STATE'S *Guaranteed* ROSES

Each year many thousands buy from this fascinating selection of glorious, hardy, everblooming roses. They will commence blooming a few weeks after planting and continue throughout the season. With every order we send complete instructions that show you exactly how to plant and care for roses, summer and winter.

PLANT YOUR ROSES EARLY, JUST AS SOON AS THE GROUND IS READY. THE SOONER YOU PLANT, THE SOONER THEY BLOOM.

We offer you two sizes of rose plants. Both are strictly first quality, hardy, two year field-grown budded plants. Our 2 Year No. 1 Selected Plants are the finest it is possible to grow. These are the plants which have made Inter-State Roses famous all over America. We unconditionally guarantee that you cannot buy better plants.

The 2 Year Standard plants are smaller. This is the size used by most firms who merely describe their roses as being 2 Year field-grown. In fact, we believe, that you will find our plants to be better. They are a great value at their lower price for they are genuine Inter-State roses and will bloom this summer. You have your choice of exactly the same varieties. Our guarantee applies to this size also, but of course you must not expect the Standard size to be as good as the 2 Year No. 1 size.

Every rose on these 2 pages, 32 and 33, is priced as below. You have your choice of varieties, alike or assorted. This means that if you want 6 roses, you may have 6 different varieties if you wish, 3 each of 2 different varieties, 6 all the same kind, or assorted, just as you please, and all at the 6 rate. Likewise with 12 roses or 25 roses.

American Beauty—The large, fragrant carmine flowers of this famous rose have been popular for generations.

Ami Quinard—One of the very finest dark reds, this rose is becoming more popular each year. Blooms are a rich, very dark crimson maroon.

Betty Uprichard—The lovely flowers are salmon-pink inside and carmine-red outside, and are lavishly produced all season. A very hardy vigorous healthy grower that belongs in every rose garden.

Briarcliff—The beautiful pointed buds open into large, perfectly formed, fragrant flowers of sparkling pink. The blooms come singly on long stems that are fine for cutting and last a long time. Very free-blooming.

Caledonia—The exquisite, long buds of ivory change to purest white as the flowers open into large, double blooms of satiny texture. A superb rose.

Condesa de Sastago—A new, marvelously colored rose with large flowers of fiery copper-red inside and rich yellow outside. Strong and vigorous growing. Pictured on page 40.

Duquesa de Penaranda—This new rose is a unique apricot-peach color that is very

attractive. The blooms are large, double and fragrant. A good grower and a free bloomer. In the fall it is simply gorgeous. Pictured on page 37.

Edith Nellie Perkins—One of the finest of all roses. The long, pointed buds come on long stems and open into perfect flowers of orange-cerise outside and salmon, tinged gold, inside. Grows vigorously and blooms freely. Pictured on page 37.

Editor McFarland—On page 40 you can see how beautiful this is, our favorite pink rose. All through the season the lovely, fragrant flowers are produced singly on fine stems for cutting. The buds are absolutely perfect.

E. G. Hill. This choice red rose produces its beautiful deep crimson flowers constantly. Very fragrant and long-lasting. Especially fine in the hot middle west. See page 37.

Etoile de Hollande—Turn to page 40 and you will see why this is considered one of the greatest of all red roses. Its fragrant, perfect flowers of velvety scarlet-crimson are freely produced on long stems.

F. J. Grootendorst—This rose should be planted with the shrubs. It is absolutely hardy anywhere in America. Makes a fine shaped bush 5 to 6 feet tall with at-

tractive glossy green foliage, and produces its clusters of bright red flowers all summer. It will brighten your shrub planting immensely.

F. K. Druschki—The magnificent white rose that is loved by all. Immense long, pointed buds open into graceful flowers that are unsurpassed for form and the color is the clearest, pure white. Perfectly hardy. Give it more room than the average rose, as it grows so vigorously.

Gaiety—Here is a rather new rose that does well everywhere. It has a charming bud that opens into a large, double flower of orange tinged gold, pink and coral of unusual beauty.

George Arends—Extremely hardy, easy to grow, and stands all sorts of abuse. The large flowers are the purest and most beautiful clear pink and are very fragrant. It makes a vigorous bush almost 3 feet tall. One of the finest of all roses.

Golden Dawn—This lovely rose from far away Australia has taken the entire world by storm. The gorgeous buds of yellow have splashes of carmine and open into large, fragrant flowers of sunflower yellow. Hardy, vigorous, extremely healthy and free-blooming. See it on page 40.

Golden Pernet—This very hardy rose produces its perfect flowers of bright, unfading yellow freely. Its color has never been surpassed.

Gruss An Teplitz—Another old favorite that for bedding has never been equalled. It makes a large, bushy plant which is covered all season with the fragrant, brilliant scarlet flowers, intensely fragrant.

Harrison Yellow—An old-fashioned rose that is absolutely hardy. Plant it among the shrubs as it makes a large bush 5 feet tall. In late spring the bush is simply a mass of the bright yellow flowers and the foliage is just as attractive as that of a shrub.

Heinrich Wendland—An extremely double, brilliantly colored rose with inside of nasturtium-red and outside of bright yellow. The fragrant flowers do not fade, and are borne singly on long, strong stems.

Hugonis (The Golden Rose of China)—Perfectly hardy everywhere, this fine shrub rose, growing 5 feet tall, is a gorgeous sight in late May and early June when its graceful, arching branches are covered with the golden yellow flowers. Requires no attention at all. In fact it really blooms more profusely when planted in ground that is not too rich.

John Russell—This grand rose is extremely hardy, easy to grow and produces large, well-formed flowers of deep crimson so fine that they are almost impossible to beat in exhibition.

K. A. Victoria—Absolutely perfect, fragrant flowers of ivory-white. An old favorite that even today has not been surpassed.

La France—This, the oldest Hybrid Tea rose, still deserves a place in your garden because it blooms so freely, and its lovely pink flowers are so delightfully fragrant. Hardy and healthy, it stands neglect and blooms year after year.

Leonard Barron—A new rose of immense size, often 6 inches across. The flowers are shell-pink tinged apricot, and are produced constantly all season. Easy to grow everywhere.

Margaret McGredy—At first the color is a bright orange-scarlet that lightens to a rich carmine and is beautiful at all times. A thrifty, vigorous grower that is always in bloom. Without question one of the finest of all roses.

McGredy's Ivory—A magnificent creamy-white rose that is fragrant and deep-petaled. Many consider it the finest white rose. Pictured on page 41.

McGredy's Scarlet—Large, perfect flowers of vivid, luminous carmine-red are produced generously. A wonderful rose that is fine for both garden and cutting. See it on page 41.

Miss Rowena Thom—Very large, fragrant blooms of satiny pink shaded flame. You just cannot keep it from growing and blooming.

Mme. Jules Bouche—Practically always in bloom, the flowers are glistening white shaded blush at the center. Generally considered the best white garden rose. Pictured on page 37.

Mrs. E. P. Thom—A grand rose of unfading, clear yellow. Strong growing and free-blooming, it has made good all over America. See page 37.

Mrs. Henry Bowles—The charming, sparkling pink flowers of perfect form come singly on long stems all through the season. It ranks right at the top.

OLD FAVORITES COLLECTION

Each year we receive many letters asking us for a collection of roses that are extremely hardy—roses that will bloom all summer—roses that will live and thrive under almost all conditions. Here is such a collection. You who think you cannot grow roses should plant these. They will live and bloom, year after year, with almost no care or attention.

- 1 **BETTY UPRICHARD**—salmon.
- 1 **F.K. DRUSCHKI**—pure white.
- 1 **GEORGE ARENDS**—pure pink.
- 1 **GOLDEN PERNET**—pure yellow.
- 1 **GRUSS AN TEPLITZ**—scarlet.
- 1 **JOHN RUSSELL**—deep crimson.

OUR FINEST 2 YEAR No. 1 PLANTS

All 6 for \$1.95 Postpaid
Standard 2 Year Plants

Mrs. John Laing—A clear pink rose of exquisite beauty and delightful fragrance. Almost thornless, it is very hardy and blooms freely.

Mrs. P. S. DuPont—From early summer until freezing this rose is a glorious sight with its rich yellow flowers. It was the favorite yellow rose in our World's Fair Rose Garden. See page 37.

Mrs. Sam McGredy—A remarkable new rose from the world-famous house of McGredy. The picture on page 41 will show you how beautiful are the flowers of orange-salmon suffused gold. It is vigorous, hardy, free-blooming and does well everywhere.

President H. Hoover—A glorious combination of cerise toned orange, scarlet and yellow, this rose is recognized all over America as being one of the best garden roses. Richly perfumed, long-stemmed, and free-blooming. Pictured on page 37.

Radiance—The great American pink rose, planted everywhere because it has made good everywhere. The fragrant flowers are produced abundantly all season.

Radiance Blush (Mrs. Charles Bell)—This exquisite, fragrant, shell-pink rose should be in every garden. It is very free-blooming hardy, vigorous, and easy to grow. We promise that you will love it.

Radiance Red—This is America's favorite red rose. Hardy, healthy, free-blooming, with a true rose fragrance.

Souv. de Claudius Pernet—An old favorite that is still widely planted because of its rich, golden yellow color.

Souv. de Mme. C. Chambard—This fragrant, coral-pink tinted peach rose is very free-blooming and is one of the most beautiful of all roses.

Talisman—A glorious combination of orange-yellow and rose-red. The fragrant flowers are freely produced all season and are especially fine for cutting as they come singly on long stems.

Ville de Paris—This fine rose of rich, unfading buttercup yellow has not been planted as freely as it deserves. It is very hardy, easy to grow, and is healthy and vigorous.

Mrs. O. L. Barlow of Oklahoma wrote us—
"The roses which I planted from Inter-State the 4th day of last March were beautiful all summer and fall. People from Oklahoma City and Tulsa who saw my roses last year said they had never seen such beautiful blooms and bushes the first year. They are now in grand condition for this coming year."

Mr. C. R. Wright of Nebraska wrote us—
"I received the rose bushes and I must say that they are the best plants I have ever seen."

E. A. Klingensmith of Indiana wrote us—
"I wish to tell you that before 1934 I had bought roses from all parts of the country and with no results. I now have 63 of your roses and can not speak too highly of them. The Blaze is a wonderful rose, also the New Dawn. In fact, we are well pleased with all of them."

Mr. A. L. Richardson of Iowa wrote us—
"The roses I bought from you last spring grew and bloomed the best of any I have ever had."

Mr. Cecil C. Lusk of West Virginia wrote us—
"A few lines in regard to your rose bushes. The Mother's Rose Garden plants we received from you were grand and were everything you claimed for them. They have bloomed beautifully and you may expect a larger order for the same type of plants."

Mrs. Edwin W. Teale of New York wrote us—
"The Gold Medal Roses bloomed beautifully and were the best and strongest plants I ever received."

Mr. H. N. Rider of Ohio wrote us—
"Last Spring we purchased from you a collection of your Gold Medal Everblooming Roses and we feel that it is our duty to advise you of our most grateful satisfaction. Not only have we enjoyed the beauty of these roses but all of our friends and neighbors have spent many enjoyable moments admiring them. We were pleased to advise them that they were purchased from Inter-State and we know that at least one of our friends will purchase some from you. You might be interested in the fact that our favorites were first, Etoile de Hollande, for its size, color and beauty of bud. McGredy's Yellow was a very close second and without doubt, the most beautiful yellow rose that we or any one else has ever seen. Our satisfaction with your roses has prompted us to again order the flowers listed on the attached order blank."

Mr. A. Rafner of Missouri wrote us—
"In April I received one dozen roses (Gold Medal Collection) and other shrubs and will comment on the same by saying the roses are the finest I have ever seen. They are full of buds and about ready to open."

Note—We received this order the last week in April. In less than forty days they are ready to bloom.

Mr. C. T. Toothill of Indiana wrote us—
"I still think you have the finest rose roots in America and I have seen a lot of them in my time."

Mr. Chas. L. Tyre of Nebraska wrote us—
"I purchased about 30 roses from you last spring and every one grew and did fine."

Miss Ruth Metzger of Illinois wrote us—
"I purchased a number of roses from you last season and was very much pleased with them. They have all come through the winter in good shape and are growing nicely this spring. Those received this year all appear to be good strong plants also."

Mrs. Keith Mundy of Illinois wrote us—
"I am enclosing another order for roses and I want to take this opportunity to congratulate your company upon the quality of the 42 rose bushes I got from you last year. They all lived and bloomed continuously until frost."

SEE PAGE 7 FOR FREE PREMIUMS

EVERBLOOMING *Baby Roses* (POLYANTHA)

ALWAYS IN BLOOM, FROM JUNE TO FREEZING—ESPECIALLY FINE FOR BORDER AND SOLID BEDS—HARDY—EASY TO GROW

These roses are very hardy and the easiest of all roses to grow. For a garden display, a solid bed of them is beautiful. They are fine for bordering—plant a border of them around your regular rose bed. They add color to a shrub planting if you will plant them among the lower growing shrubs or in front of the taller shrubs. They are ideal for cemetery planting because they bloom so freely and require so little care.

They will all bloom this summer, so freely, then go right through the cold winter perfectly, and keep it up year after year. If you think you cannot grow roses, plant some of these.

LOW GROWING VARIETIES

These make bushy plants 18 to 20 inches tall, with large clusters of blooms ALL SEASON.

Cameo—A new variety, shell-pink tinged salmon and gold.

Chatillon—Immense heads of vivid, pure pink.

LOW-GROWING BABY ROSE SPECIAL

- 1 WHITE BABY

All 4 for \$1.35

Gloria Mundi—Very striking, brilliant orange-scarlet.

Gruss An Aachen—Pictured above. It has large, double flowers just like the Hybrid Tea roses. The buds are orange-pink, the fully open flowers soft orchid-pink. Constantly in bloom, it is one of the greatest of all bedding roses.

Sparkler—Rich, deep crimson, the finest red.

White Baby—Lovely flowers of snow-white.

TALL GROWING VARIETIES

These grow about 3 feet tall and also bloom constantly. They make a wonderful flowering hedge, and for garden display they are unequalled. Becoming more popular every year.

Else Poulsen—A magnificent rose, with great clusters of lovely apple-blossom pink flowers.

Improved Lafayette—This bright, cherry-red rose is another exceptionally fine variety. For bedding, it simply cannot be excelled—the flowers are so beautiful and so freely produced.

Karen Poulsen—In 1936, this fine rose was runner-up for the Bagatelle Gold Medal Rose Award, the highest honor a rose can win. Glowing brilliant scarlet with just a tone of crimson, has a sheen and texture like velvet.

Mr. Edward Decker of Ohio wrote us on June 17, 1938—"I ordered about 150 roses from you last spring and they were the best lot of roses that I have ever received from any nursery. Just wanted you to know that I appreciate them. I am enclosing a picture of my little girl holding a Leonard Barron rose measuring just a fraction less than seven inches across."

Mr. R. H. Buikema of Illinois wrote us on Feb. 26, 1938—"I have never had any success with roses until I got your roses. They are wonderful and always blooming."

Read this letter from Mrs. Grindley of far away Montana—"I must tell you our roses were simply gorgeous. Planted them the second of May and first of July they were in bloom. Every one grew, also our shrubs. Some of the roses had as many as 47 buds at once."

Mrs. Chas. C. Woodford of Ohio wrote us on April 9, 1938—"I must tell you that I haven't lost one of the thirty roses I ordered from you. I have roses from five firms. I lost some this winter, from every firm but yours. My Flame carnation was a blaze of glory and Summer King Honeysuckle bloomed all summer and is now a big plant. My roses were fine and large. Whenever there is a club meeting or social gathering here flowers are discussed, I trot out my enthusiasm for Inter-State Nurseries."

Mr. Robert H. Jones of Kansas wrote us March 12, 1938—"I am sending you another order for roses and I want to tell you that the roses bought from you last spring are the finest I have ever seen."

Miss Bernice I. Riemenschneider from Minnesota wrote us—"I must tell you how lovely the roses were I got from you last year. They grew and bloomed all summer, even with the terrible heat and no rain, they still bloomed. I wish you could have heard the compliments I got on those roses. They were still blooming when it froze last fall. People said they never saw roses bloom like that before. Of all, the Editor McFarland is my favorite. So I'll say thanks for such lovely roses you sent."

This letter shows that roses can be successfully grown in the cold north.

Mrs. Geo. B. Nelson of Wisconsin wrote us—"I was so pleased with the rose bushes which you sent me last year that I have decided to send you a little fill-in order for roses and an order for some additional plants. If your plants are as satisfactory as your rose bushes proved to be, I shall probably grow more and more dependent upon you for fulfilling my garden needs. Last year I ordered rose bushes from other nurseries but they did not compare at all with the stock sent by you. I had hundreds of roses until frost."

Mrs. E. P. Sutton of Nebraska wrote us—"The wonderful rose plants in the Memorial Park Cemetery are the finest we have ever seen. They tell us they came from you."

Mrs. W. E. Wilson of Missouri wrote us—"The roses you sent me are the finest plants I ever saw and I have bought a lot of them in the last twenty years."

INTER-STATE CLIMBING ROSES

There is an increasing demand for climbing roses. This is not surprising when you have seen a porch, arbor or fence, completely covered with beautiful roses. For mass display of color, nothing can equal a climbing rose in full bloom. All climbing roses are POSTPAID.

These climbing roses are hardy but we recommend that Climbing Hoover and Talisman be given winter protection. They will bloom from the new growth but if the old canes are not injured, then the quantity of bloom will astonish you. The other varieties will not be injured in a normal winter. Some winters, though, are unusually severe so if you wish to be absolutely safe, then you should protect them.

American Pillar—The most widely planted climbing rose. Flowers come in huge clusters, carmine red with a gleaming white center and bright yellow stamens. Each 40c, 3 for \$1.00.

Climbing American Beauty—This great rose-pink climber loved and planted for generations. Each 40c, 3 for \$1.00.

Dorothy Perkins—Great clusters of crinkly, shell-pink flowers. Like "Topsy," it just grows, no care, no attention, for everybody, everywhere. Each 30c, 4 for \$1.00.

Dr. Van Fleet—Large flowers of exquisite light pink, on long stems. Very strong grower. Each 40c, 3 for \$1.00.

Excelsa—Bright crimson flowers in large clusters. Another old favorite that does well everywhere. Each 30c, 4 for \$1.00.

Gardenia—A rich, creamy yellow. Succeeds everywhere. Each 30c, 4 for \$1.00.

Paul's Scarlet—Most popular red climbing rose. Its bright scarlet flowers are produced so abundantly that a full grown plant will have many hundreds of blooms. Each 40c, 3 for \$1.00.

Silver Moon—Large, semi-double flowers of rich ivory-white with a center of bright yellow stamens. We have seen a pergola entirely covered with just one plant. Each 40c, 3 for \$1.00.

Spanish Beauty (Staechelein)—A grand rose, with large, very fragrant flowers of glowing pink, on long stems. Each 40c, 3 for \$1.00.

Thousand Beauty—A fine rose without thorns. It blooms so profusely, great clusters of apple-blossom pink. Each 30c, 4 for \$1.00.

White Dorothy—Just like the popular Pink Dorothy except the flowers are white. Each 30c, 4 for \$1.00.

DOUBLOONS—best hardy yellow.

EVERBLOOMING CLIMBING ROSES

These roses will bloom much more freely if the canes are spread out so they get plenty of sunshine.

Doublebloons—Plant patent No. 152. A new yellow climbing rose that has proven to be extremely hardy and vigorous growing. It freely produces clusters of large, saffron yellow blooms which open one after the other, thus prolonging the season for weeks. It also tends to bloom again in midsummer. Each \$1.50, 3 for \$3.75.

Golden Glow—Plant patent No. 263. The brightest yellow of all climbing roses. It is not a real everbloomer but it does bloom over a long period, a mass of blooms. Very strong grower. Each \$1.50, 3 for \$3.75.

New Dawn—Plant patent No. 1. This was the original ever-blooming climbing rose and it is still the leader. From spring till freezing, it produces actually hundreds of the large, fragrant, exquisite apple-blossom pink flowers. They come on long stems and are fine for cutting. Tested and proven the country over, it is extremely hardy. Each \$1.50, 3 for \$3.75

See page 39 for Special Offer on New Dawn, Doublebloons and Blaze.

Climbing Hoover—Has the same beautiful flowers as the bush rose, but produces far more blooms. Each 50c.

Climbing Talisman—Flowers are identical to the Bush Talisman, but are produced far more lavishly. Each 50c.

DOROTHY COLLECTION

- 1 DOROTHY PERKINS, pink.
- 1 EXCELSA, bright red.
- 1 GARDENIA, yellow.
- 1 THOUSAND BEAUTY, blush.
- 1 WHITE DOROTHY, white.

All 5 for \$1⁰⁰ Postpaid

Three great roses, planted the world over. Each the finest in its color. Hardy, easy to grow, free-blooming.

NEW *and* RARE ROSES

Out of the many new roses, we have selected the following as being definitely superior. We realize, though, that it takes years to find out how widely a rose can be planted. Therefore we make the following unusual offer:

If any of these new roses do not prove satisfactory to you, you may select from our catalog, without cost, any stock you wish equal to the amount you paid for the unsatisfactory roses.

ALL THE FOLLOWING ROSES ARE POSTPAID

Countess Vandal—Plant Patent No. 38. This rose has been enthusiastically received by rose lovers everywhere. The long, pointed buds, and distinctive shadings of coppery-bronze suffused with soft gold and a touch of pink, develop new beauty at all times during its long life. Very free-blooming and hardy. Each **\$1.00**, 3 for **\$2.50**.

Eclipse—Plant Patent No. 172. An international sensation, being awarded prizes in Rome, Paris, and America. The long, graceful buds open into fragrant flowers of rich golden yellow that last an unusually long time both on the bush and when cut. The plant is extremely strong and healthy, and produces flowers continuously. Unquestionably a great yellow rose. For cutting, there is no finer. Each **\$1.25**, 3 for **\$3.15**.

Hinrich Gaede—A strikingly beautiful rose with large, double flowers of orange deeply flushed vermillion and gold. It catches the eye before any other rose. Fragrant. Pictured on page 40. Each **75c**, 3 for **\$1.90**.

McGredy's Yellow—This new rose is our favorite yellow. The color is soft and clear, and the flower has a charm all its own. A strong grower and free bloomer. Pictured on page 41. Each **\$1.25**, 3 for **\$3.00**.

Mme. Joseph Perraud—A wonderful exhibition and garden rose. The long, slender buds open into fragrant, full flowers of nasturtium buff flushed orange. Pictured on page 41. Each **\$1.25**, 3 for **\$3.00**.

Nigrette—Plant Patent No. 87. The "Black Rose of Sangerhausen." Originator's description: "The flowers are medium size, deep maroon with blackish velvet sheen and quite fragrant." In the heat of summer this rose is maroon color, but in cool weather it is very dark, the darkest rose we have seen. Very free blooming. The rose everyone talks about. Some like it, some don't. You can try it now at this low price. If you do not like it, we will give you your money's worth in other stock without charge. Each **\$1.00**, 3 for **\$2.50**.

Pink Dawn—A new rose that is fine for both garden and cutting. The buds are lovely, and open into large, fully double flowers of clear, purest pink, extremely fragrant. A vigorous grower, hardy and free-blooming. Pictured on page 41. Each **\$1.00**, 3 for **\$2.50**.

Queenland's Beauty—This new rose is a sport of Golden Dawn and has the same healthy foliage and strong growth. The flowers are the same shape, but the color is a lovely salmon-pink with a light copper tinge. This is a rose that stands up under the heat of summer and the cold of winter. Each **75c**, 3 for **\$1.90**.

ECLIPSE

SIGNORA

Rouge Mallerin—A rich, deep crimson that holds its color. This rose is not an exceptionally free bloomer, but each flower is so perfect, so gloriously colored and so fragrant that you will feel that each bloom is worth many times its moderate cost. Each **75c**, 3 for **\$1.90**.

Signora—Plant Patent No. 201. This rose has a perfect plant and a perfect bloom. Its long bud is a warm amber-orange, and opens into a full, double flower of rich orange and mandarin with a salmon glow. The plant is vigorous, branching, and a prolific bloomer, often producing as many as 30 blooms on a single plant. The foliage is beautiful and very healthy, immune to disease. Long stems make it a grand rose for cutting. Very fragrant. Each **\$1.25**, 3 for **\$3.15**.

Sir Henry Seagrave—The sensational new light yellow rose. Rose experts rate this perfectly formed rose very highly. Pictured on page 40. Each **\$1.00**, 3 for **\$2.50**.

Victoria Harrington—Here is a real red rose, a rich crimson-scarlet that is unfading, even in the heat of summer. It is a strong healthy grower and blooms freely. Beautiful in bud and when open. Lasts a long time. Each **75c**, 3 for **\$2.00**.

BOUQUET SPECIAL

**2 ECLIPSE
2 SIGNORA All 4 for \$4.20**

Two wonderful roses for cutting, as they bloom so freely and the roses come singly on long stems, all through the season. These four roses will furnish you bouquets, a plenty.

McGREDY'S SUNSET

ETERNAL YOUTH

McGREDY'S TRIUMPH

McGredy's Sunset—Patent right reserved. From the world-famous House of McGredy comes this magnificent new creation, pronounced by many judges the finest yellow rose of all time. The perfectly shaped buds are freely borne on strong, upright stems. In bud, the color is buttercup, tipped orange, intensifying to yellow tinged orange with a slight undertone of cerise as the flower unfolds, so that it is at its loveliest when fully open. This color is held even in hottest summer. The flower has a grace and charm all its own, and is delightfully fragrant. **Each \$1.50, 3 for \$3.75.**

Eternal Youth—Patent right reserved. From the time the first long, pointed buds open into exquisite double flowers, until the last petal falls, this new rose is blessed with beauty. A lively pink with just a touch of salmon, the flowers come singly on long stems.

We believe this is the most fragrant of all roses, a true rose odor you will never forget. Very vigorous growing and free-blooming. **Each \$1.50, 3 for \$3.75.**

McGredy's Triumph—Plant patent No. 190. Here is a rose masterpiece in plant, bloom and color. Large flowers, fragrant and perfect shape; glowing carmine with an orange undertone that gives it brilliance. The plant itself has attractive canes and foliage—it is an extremely vigorous healthy grower, unusually free-blooming. It is a rose triumph. **Each \$1.25, 3 for \$3.15.**

3 SUPERIOR ROSES

The three roses offered below are considered the finest roses of their color ever introduced. They are the everblooming bush garden roses.

R.M.S. Queen Mary—Plant patent No. 249. Leading rosarians have acclaimed this one of the most outstanding new roses. Beautiful beyond description, its color is a scintillating combination of glowing salmon and exquisite pink, with a radiant gleam emanating from the orange base. The long, pointed buds unfold into large, perfect flowers, delicately perfumed, and are freely produced on the strong, vigorous plant. Each \$1.50, 3 for \$3.75.

Crimson Glory—Plant patent No. 105. The large, lovely buds open into well-formed, fragrant flowers of intense, vivid crimson, mellowed by a soft velvety nap. It is a vigorous, healthy grower and very free-flowering. Wanted by everybody who sees it, a generous supply now makes possible a price reduction so that even the modest rose garden can boast having this, the finest of all red roses. Each \$1.00, 3 for \$2.50.

Alice Harding—Plant patent No. 202. Without doubt, this is the finest exhibition pure yellow rose yet introduced. The large bud is perfect and the open bloom is of superb form, pure golden yellow, unfading and long lasting, with a delightful fragrance. They are borne singly on long stems. The strong, handsome plant blooms freely. Truly a glorious rose. Each \$1.50, 3 for \$3.75.

HOPA FLOWERING TREE

Our finest flowering ornamental, low-growing tree—beautiful in bloom—beautiful in foliage—beautiful in fruit. In spring it is simply covered with the fragrant, bright pink flowers. In late summer and fall, the clusters of small fruits turn a bright red (these fruits make very fine jelly). The foliage is a rich maroon. It is perfectly hardy, easy to grow, growing even on the poorest soil with scarcely any care or attention.

GIANT BLUE HYDRANGEA

A shrub, not new, but rare, which freely produces its glorious blue flowers on immense heads nearly as large as this entire page. It thrives in almost full shade and likes an acid soil, so plant it in the top soil gathered from the woods. In severe sections it should have some winter protection. Undoubtedly the finest of all blue-flowering shrubs. Our special price—

Each \$1.00, 3 for \$2.65 Postpaid.

Spirea, Red—This fine shrub described on page 49.

Rose Tree of China (P. Triloba)—In early spring this beautiful shrub is completely covered with dainty, double, pink flowers resembling small roses. Grows about 4 feet tall and succeeds everywhere.

OAK LEAF HYDRANGEA

A rather new and rare shrub that is a joy to behold. In June it has superb panicles of white flowers, often a foot long. The foliage resembles oak leaves and is attractive all season, especially so in the fall when it colors a glorious deep, rich crimson. It makes a large, spreading bush 5 to 6 feet tall and 8 to 10 feet wide at maturity. It will certainly be the center of attraction in your yard. Grows in sun or partial shade and is perfectly hardy.

All our shrubs are hardy. They are field-grown in wide rows where they have plenty of room to develop good tops and fine roots. They are the finest shrubs it is possible to produce. We guarantee them to please you. Many of them will bloom the first season.

Althea, Rose of Sharon—A rather tall growing shrub which is fine for group and specimen planting, also for screens. Blooms freely, July till frost. A fine shrub that is widely planted. It is hardy here at Hamburg and we get 10 to 20 below zero. You have your choice of the following colors: Purple, Red, Rose or White with red eye.

Althea, Coelestis—A magnificent shrub growing 5 to 6 feet tall, lovely blue flowers from July to frost.

Althea, Snowdrift—Large flowers white as newly fallen snow are produced from mid-summer to frost. It makes a handsome bush 5 feet tall and is easily one of the best white flowering shrubs.

Barberry, Japanese (Thunberg's)—Probably the most widely planted low growing shrub. Ideal for border and foundation planting. Makes a low, dense, rounded bush 3 feet tall. Grows in sun or partial shade. The foliage colors a beautiful red in the fall, with red berries which hang all winter. It is rust-free. Easy to grow and grows everywhere.

Butterfly Bush, Farquhar—This new variety is much better than the older common Butterfly Bush. It grows more gracefully and not so tall. Also, the blooms are produced more freely and have a richer color, a lovely lilac-purple, produced freely from July to frost. It grows 3 feet tall, making a very compact bush.

JAPANESE BARBERRY

INTER-STATE SHRUBS

SNOWBERRY, White

JAPANESE QUINCE

SPIREA, Sorbifolia

BUTTERFLY BUSH, Farquhar

HONEYSUCKLE, Tartarian

Deutzia, Pride of Rochester—A splendid shrub which grows 6 to 8 feet tall in sun or partial shade. In May and June it is a lovely sight with its flowers of white tinged pink.

Deutzia, Lemoine—Showy white flowers in late spring and early summer. Grows in sun or semi-shade and makes a rounded compact bush 4 feet tall, with slender graceful branches.

Dogwood, Red Barked—Creamy white flowers in spring followed by clusters of blue berries. In winter, its bright red bark makes a pleasing spot of color among the other shrubs. Grows 8 feet tall. Grows in sun or semi-shade.

Elder, Golden—This makes a large bush 8 feet tall, so it should be planted in the background where the golden color of its yellow leaves contrast richly with the green foliage of the other shrubs. It develops its best color when planted in the full sunlight. Perfectly hardy and grows everywhere.

Honeysuckle, Fragrantissima (Winter Honeysuckle)—An unusually attractive shrub with its rich, lustrous green foliage. It has fragrant white flowers in the early spring and again in the fall. In mild winters it is almost evergreen. Makes a bush 4 to 5 feet tall with graceful, semi-drooping branches.

Honeysuckle, Tartarian—This is planted everywhere because it is one of the very best tall growing shrubs, attaining a height of 8 to 10 feet. Especially fine for backgrounds and screening unsightly views. Also good as a specimen because it naturally makes a well-shaped bush. Grows in sun or partial shade. In May and June it is covered with charming pink flowers followed by clusters of red and orange berries.

Lilac, Chinese (Rothomagensis)—A fine shrub for background, growing 10 to 12 feet tall. This is, we believe, the best tall growing lilac. Its foliage is exceptionally attractive and the reddish-purple flowers are produced so freely in May and June. A grand shrub. Very easy to grow.

Quince, Japan Scarlet—This is the old-fashioned Fire Bush. In early spring just as the leaves are opening it is a gorgeous sight with its masses of brilliant scarlet blossoms. The foliage is dark green and glossy as though varnished. It grows 6 feet tall and fills a place no other shrub can.

Snowberry, Chenaulti—A magnificent new shrub that unquestionably will become one of America's greatest shrubs. It has everything that a good shrub should have; graceful shape, fine foliage, lovely flowers, attractive berries, perfectly hardy and grows everywhere. The foliage is a rich shade of green and the branches arch gracefully. In June it is full of pink flowers followed by a multitude of coral-red berries. It only grows 3 to 4 feet tall and makes a dense bush. Plant it and if you are not enthusiastic about it, we will give you another shrub free.

Snowberry, White—Here is a shrub that actually grows better in the shade than in the sun. In June and July it is covered with rose-pink flowers followed by many clusters of large pearly-white berries. It grows about 4 feet tall. Plant it on the North side of your house, or any shady place where shrubs are hard to grow.

Spirea, Arguta—This lovely shrub blooms 2 weeks before Van Houtte and as shown in the picture it is absolutely covered with the pure white flowers from top to bottom. The foliage is very distinct, being fine and feathery. It grows only 3 to 4 feet tall and is one of the best medium low shrubs.

Spirea, Bumalda—Similar to Red Spirea but flowers are pink.

Spirea, Callosa Alba—Similar to Red Spirea but the flowers are white and bush grows just a few inches taller.

Spirea, Froebeli—This is unquestionably one of our best shrubs. It makes a low, compact bush 3 to 4 feet tall. In the spring and fall the foliage is a striking maroon color. In May-June the plants are covered with clusters of lovely, bright pink flowers. Very easy to grow and succeeds everywhere. You will like it.

Spirea, Korean—A new spirea that blooms two weeks after Van Houtte. It is then a perfect mass of lovely white flowers. It retains its beautiful glossy green foliage until very late in the fall. It grows 5 feet tall and is rated as one of the finest shrubs.

MAKE A HOUSE A HOME

SPIREA, Arguta

Spirea, Red (Anthony Waterer)—This fine shrub is shown on page 44, but the flowers are more red in color. It is a very popular low growing shrub, making a compact bush 2 to 3 feet tall. All summer the flowers are produced. Especially fine for borders and foundation planting. Succeeds everywhere.

Spirea, Sorbifolia—Here is a shrub that is entirely different. The foliage resembles ferns. In June and July there are large, fluffy heads of snow white. It grows 5 to 6 feet tall and is a beautiful shrub either as a specimen or in a general planting.

Spirea, Thunberg's (Snow Garland)—A graceful shrub with bright green fine feathery foliage which turns orange-scarlet in the fall. It blooms very early, in April, before the leaves open, and each branch from tip to base is covered with the pure white flowers. It grows only 3 to 4 feet tall and is one of the finest shrubs for borders. It is not as hardy as Arguta so should not be planted where winter temperature falls regularly below zero.

Tamarix, Hispida—This is by far the best Tamarix and as a matter of fact is one of the finest of all shrubs. It grows 10 to 12 feet tall if not pruned but it can be kept down to any desired height. It grows in sun or shade, in wet or dry places. The foliage is dense, silvery-blue and very fine and feathery. The bright pink flowers appear more or less regularly all thru the summer. You will love it.

Weigela, Rosea—One of the most popular of all shrubs. It grows 5 feet tall. In late spring and early summer it is a lovely sight with its beautiful bell-shaped pink flowers, borne profusely along great arching branches. Easy to grow, succeeds everywhere.

Weigela, Variegated—An attractive shrub, green leaves edged yellow. Pink flowers in May-June. Grows about 4 feet tall.

How To Space Shrubs

In general, it is better to plant shrubs in easy curves rather than in straight lines. Put the taller growing sorts behind, with the lower growing in front. Do not plant them too closely together; 3 to 4 feet apart is about right for the low growing and 4 to 5 feet for the taller growing. Keep at least three feet away from the foundation.

At the corners of your home, plant the taller growing shrubs for accent points and graduate down to the low growing. Along a driveway, plant the tall or medium-tall shrubs, using them as background for peonies, iris, phlox and other perennials.

Plant different kinds, so you will have something of interest all through the season. By carefully reading the descriptions you can make a selection giving you blooms from the Golden Bell, which is the first to flower, until Jack Frost catches the Ile de France. You can brighten your plantings with shrubs having yellow leaves, purple leaves or red leaves. You can have shrubs that color beautifully in the fall like Oak Leaf Hydrangea and the Japanese Barberry and Spirea Froebeli. Leaves that are large like Hills of Snow Hydrangea and foliage that is fine as threads like Tamarix, Spirea Arguta and Spirea Thunberg's.

If you have a shady north side, plant Hills of Snow Hydrangea, Snowberry White or Chenaulti.

See page 47 for prices on all shrubs shown on pages 47, 48 and 49. Varieties alike or assorted, your choice.

SPIREA, Froebeli

TAMARIX, Hispida

WEIGELA, Rosea

SHRUB SPECIAL No. 2

All 7 for \$1.00 Postpaid.
(Regular Price \$1.65)

These are some of our most popular shrubs. They grow and thrive everywhere. You will have flowers all through the season.

INTER-STATE'S LIFE-TIME *Prize-Winning* PEONIES

At the National Peony Show held in Lincoln, Nebraska in 1937, we won 2 cups and 29 ribbons, including 2 sweepstakes, 7 firsts and 14 special awards. At the 1938 Regional Peony Show, under the auspices of the American Peony Society, held at Shenandoah, Iowa, we won 1 Silver Cup, 1 Silver Medal, 3 Sweepstakes and 13 Firsts. In the double division, which is by far the most important and largest, there were 12 classes and we won First in every one.

The winning of these awards shows that Inter-State Peonies do produce finer flowers. They have exceptional vigor and quality because they are grown right here in this fertile Iowa Loess-soil (none better in all the world, and

AVALANCHE,
1/2 actual size

it occurs in only very limited places). This inherent strength remains with the plants. We send only strong 3 to 5 eye plants.

**Peonies Can Be Planted in the Spring as
Successfully as in the Fall.**

MEMORIAL PEONY COLLECTION

1 Edulis Superba—The great Memorial Day Pink.

World Famous IRIS

AUTUMN KING

DE LUXE IRIS

Never before have we sold such fine varieties at this price. Here are some of the world's best Iris.

BALDWIN—An immense, glorious flower of royal purple toned violet.

BLUE BANNER—The flowers are beautifully frilled, with light blue standards and rich, deep-blue falls.

CLARA NOYES—An outstanding variety, a blend of apricot, orange, gold, and carmine.

FRIEDA MOHR—Large, lovely flowers of deep pink.

INDIAN CHIEF—Exceptionally fine, velvety red.

MARIAN LAPHAM—The lovely flowers of rich pink are freely produced.

RAMESES—Winner of the Dykes Medal, the highest honor an Iris can receive. A gorgeous blend of pink, peach, buff and gold and perfect in every way. Rated one of the world's greatest Iris.

SAN FRANCISCO—Also a Dykes Medal winner, which sold for \$35.00 a single plant a few years ago. The flowers are very large, pure white with a lovely border of lavender-blue.

Postpaid prices on all above 8 Iris, varieties alike or assorted, your choice. 20c each; 3 for 50c

DE LUXE SPECIAL

One each of the above 8 Iris for only \$1.00, Postpaid. Not many months ago any one of these super-fine Iris cost \$1.00 each.

"IN-BETWEEN" IRIS

These are Iris which bloom after the early Baby Iris and before the tall bearded varieties. Their flowers are large, on stems 24 to 30 inches tall. They are vigorous growers and the freest blooming of all Iris. We have them in 5 beautiful colors; Yellow, Blends, Purple, Blue, or Red. Your choice of colors.

5 for 60c, 12 for \$1.00

AUTUMN KING

The Sensational Iris That Blooms Both Spring and Fall

It has a beautiful flower with clear blue standards and rich, blue-purple falls. Just picture in your mind how they would add color to your yard, both spring and fall, if planted as a border near your shrubs, or other perennials. The most beautiful sight in our nursery last fall, was our block of Autumn King in full bloom. Now, you can plant them freely. Postpaid.

Each 20c, 4 for 50c, 10 for \$1.00

STANDARD IRIS

You will recognize in this list the better varieties which elsewhere generally sell for 15c to 20c each. Our postpaid prices, your choice of varieties, alike or assorted, 3 for 30c; 6 for 50c.

Ambassadeur—Rich ruby red.

Candlelight—Luminous orchid and gold.

Dr. Chas. Mayo—Fine clear pink.

Gold Imperial—Deep yellow.

Jubilee—Ruffled, cream and cinnamon.

Kochii—Glowing claret-purple.

Lord of June—Immense blue flowers.

Midgard—Ruffled, pink and gold blend.

Morning Splendor—Almost maroon.

Nymph—Soft, clear yellow.

Pallida Dalmatica—Lavender-blue.

Seminole—Velvety red.

Souv. Gaudichau—Rich purple.

Susan Bliss—Lovely rose.

Trostringer—Orchid pink.

STANDARD SPECIAL

One each of all 15 Iris listed here for only FREE, 1 Autumn King with each collection.

Postpaid

BABY IRIS

These are the dwarf growing (Pumila) Iris which bloom so early in the spring. They are becoming very popular. Your choice; Blue, White, Yellow, Purple-Red or Blends.

3 for 25c 7 for 50c

15 for \$1.00

SAN FRANCISCO

INTER-STATE'S *Hardy* PERENNIALS GUARANTEED TO PLEASE YOU

NIOBE DWARF ASTER

There is a world of difference in perennial plants. Those grown thickly in beds make spindly, weak plants with poor roots. Our perennials are big, transplanted, hardy plants that were grown in the fields in wide rows, with plenty of room for both tops and roots. Such plants naturally cost a great deal more to grow, but THEY ARE WORTH MUCH MORE. They live better, grow better and bloom better.

All perennials on pages 52, 53, 54 and 55 are priced the same. Varieties, alike or assorted, your choice. Postpaid.

Each 25c, 5 for \$1.00, 12 for \$2.00

The figures following name give the average height of plant when in bloom.

Anchusa, Myosotidiflora—8-12 inches. Lovely dwarf plant with clusters of blue flowers in early spring. Fine for rock garden and borders.

Artemisia, Silver King—3 ft. Its bright, frosted, silver-gray foliage combines perfectly with other flowers and makes an ideal background. Fine for winter bouquets.

Asters, Dwarf—These make low, compact bushes which in September-October

are simply covered with beautiful flowers. Easy to grow and succeed everywhere. Fine for borders, in the rock garden, or in clumps, they are becoming more popular each year.

Lady Henry Maddocks—12 inches. The glowing pink flowers come in profusion.

Niobe—12 inches. White with a bright yellow center. Without question, this is the finest dwarf white aster. A border of these is a gorgeous sight.

DWARF ASTER SPECIAL

2 Niobe—Finest White

2 Blue Bouquet (Priced on page 58)

2 Lady Henry Maddocks—Best Pink

All 6 for \$1.35

(Regular price \$2.00)

Asters, Hardy, Amethyst—2½ ft. A very fine medium growing variety that produces hundreds of lovely, almost double, lavender-blue flowers.

Asters, Hardy, Barr's Pink—4 ft. The standard pink Aster. Profuse bloomer.

Asters, Hardy, Charles Wilson—3 ft. A choice new rosy-red aster that makes a compact bush and is very free flowering.

Asters, Hardy, Hybridus Luteus—2-3 ft. The clusters of small, bright yellow, star-shaped flowers come on 18 inch stems. Will bloom from July to October if kept cut.

Asters, Hardy, Queen Mary—4 ft. Large, frilled flowers of dark, sky-blue.

ASTER, Charles Wilson

SEE PAGE 7 FOR FREE PREMIUMS

BLEEDING HEART, Fern Leaved

CANTERBURY BELLS

PLATYCODON, Balloon Flower

Bleeding Heart, Fern Leaved (Eximia)—12 inches. Beautiful, finely cut, fern-like foliage, with lovely pink flowers from May to September. Thrives in sun or shade, perfectly hardy, and very easy to grow. One of our finest perennials.

Callirhoe (Poppy Mallow). A trailing plant with finely divided foliage. Large, saucer-shaped flowers of bright rosy-crimson with white centers are produced constantly all summer and fall. Likes the sun and a fairly dry location.

Canterbury Bells—2 ft. The erect growing plants are completely covered with large, bell-shaped flowers in May-June, which last a long time when cut. A perfect plant for an old-fashioned garden. Your choice of blue, pink, or white.

Centaurea Montana (Hardy Cornflower)—2 ft. Produces its large, violet-blue flowers right through the heat of July and August.

Columbine (Aquilegia) **Coerulea**—1½ ft. The exquisite Rocky Mountain Blue Columbine.

Coreopsis, Mayfield Giant—2½ ft. This new variety is more vigorous, with larger flowers and longer stems than the common Coreopsis. The color is a rich golden yellow. For garden effect and for cutting, no other yellow flower can equal it. Blooms almost all summer.

Coreopsis, Double Sunburst—2 ft. Most of the bright yellow flowers come double, and are 1½ to 2 inches across.

Coreopsis, Superba—2 ft. The large flowers of yellow with a distinctive maroon center are very attractive in the garden and also as a cut flower. A grand novelty that is a continuous bloomer.

Delphinium, Cliveden Beauty—3-4 ft. The finest light blue delphinium, a beautiful, clear azure. It blooms freely, producing several crops of flowers during the season, and is a healthy, vigorous grower. Fine for garden and for cutting.

Delphinium, Inter-State Hybrids—4-6 ft. A cross of the best English Delphiniums with native species, thus creating a plant that will thrive where the straight English type will live but a few months. Frankly, this strain does not have all double flowers like the GIANT DOUBLE STRAIN pictured on the back cover, but otherwise it has just as fine a range of colors that varies from indigo-blue to light blue, many tinged pink. An exceptional value at this price.

Dianthus, Old Fashioned Pinks—15 inches. Another old favorite that is coming back. The lovely pink flowers have that spicy fragrance of cloves and are produced all summer.

Eryngium Planum—2½ ft. This is a very attractive plant that belies its terri-

ble name. The thistle-like flowers are steel-blue and the whole stem has a metallic sheen. It is odd and different, and when placed in a bouquet with yellow flowers such as Improved Sun God Gaillardia, it makes a marvelous color effect. Blooms in July and August. Easily grown and likes the sun.

Euphorbia Polychroma—12 inches. This beautiful, rare plant, that is fast coming to the front, has an unusual combination of flowers, foliage and seeds. Makes an almost perfect sphere covered with clear yellow, rose-shaped flowers in May and June. Afterwards little clusters of pea-shaped seeds of bright red are formed at the top of each stem, making a striking contrast with the green foliage. We doubt if it has ever been sold at this low price.

Ferns, Hardy Out-Door Mixed or Ostrich Plume—2 ft. Do best when planted in full shade.

Forget-Me-Not—6 inches. The dainty flowers, rich blue with a yellow eye, are produced freely all summer long. Fine for ground covering among lilies and other bulbs.

Gaillardia, Burgundy—2½ ft. An exceptionally fine plant with large wine-red flowers that blooms continuously all summer long. Easy to grow and excellent for both garden and cutting.

PLUMBAGO, Leadwort

PYRETHRUM, Double Red

ERYNGIUM PLANUM

DIANTHUS, Old-Fashioned Pinks

EUPHORBIA POLYCHROMA

FORGET-ME-NOT

DELPHINIUM

COREOPSIS, Mayfield Giant

Gaillardia, Portola Hybrids—2½ ft. Much better than the common Gaillardia, with large flowers (often 5 inches across) and a brighter blend of gold and red. Blooms constantly from June until frost.

Gypsophila, Pan. (Baby's Breath)—2-3 ft. In bouquets, this dainty flower imparts an airy effect that no other flower can give. The great masses of small, pure white flowers come in July and August. Also unexcelled for winter bouquets.

Gypsophila, Rosy Veil—2 ft. From July till frost, the bush is a perfect cloud of the minute, double pink flowers. Excellent in the border, as it makes a good bush, and superb for bouquets.

Hibiscus, Giant Mallow Marvels—4 ft. Perfectly immense flowers in August-September. Your choice of Red, Pink, or White.

Helenium, Chippersfield Orange—3-4 ft. Great clusters of flowers, bright orange with central disk of mahogany, come from mid-summer to October. The lowest we have ever sold this choice plant.

Hollyhock, Double Imperator—4-6 ft. A magnificent new strain of this old fashioned flower which is coming back so rapidly. The flowers are frilled and fringed, with full crested centers in a glorious range of colors, all assorted for beautiful effect.

Hollyhock, Orange Prince—5-6 ft. This new flower of bright, shining orange is simply gorgeous.

Lavendula Vera—15-18 inches. This is the true old-fashioned "Sweet Lavender" that Grandmother put in the "bureau" to give her clothes a fragrant scent. The delicate lavender flowers are produced in July-August. Centuries old, it has been somewhat forgotten for a few years, but is now coming back.

Liatris Pycnostachya (Blazing Star or Gay-feather)—3-4 ft. During July and August nothing in your garden will attract more attention than the tall, rich purple spikes of this flower. Stands both heat and cold and grows everywhere.

Lobelia, Cardinalis (Indian Paintbrush)—2-2½ ft. Produces its fiery, cardinal-red flowers right through the hottest summer months. Ideal for moist, partially shaded places. Very showy.

DELPHINIUM SPECIAL

**2 Cliveden Beauty
2 Inter-State Hybrids
2 LaMartine**

All 6 for \$1.00

The lowest price at which we have sold these magnificent plants.

Linum, Perenne (Blue Flax)—12 inches. Even without the lovely blue flowers which are produced all summer long, this plant would be worth while for its attractive, graceful, feathery foliage. Does fine right out in the full sun and is ideal for borders and rock gardens.

Oenothera Missouriensis (Evening Primrose)—10 inches. It has a curious habit of growth, semi-trailing, with upright branches that freely produce the large (often 4 inches across) flowers of canary yellow from June to August.

Phlox, Subulata (Creeping, Moss Pink)—4 inches. Completely covered with bloom in April-May. Moss-like evergreen foliage. Choice of White, Blue or Pink.

Platycodon (Balloon Flower)—18-24 inches. Its lovely, bell-shaped flowers come on long stems all summer long. Your choice of blue or white.

SWEET WILLIAM

GAILLARDIA, Portola Hybrids

- 1 Forget-me-not
- 1 Canterbury Bell
- 1 Linum, Blue Flax

ALL 7
for
\$1.00

Plumbago (Leadwort)—8 inches. The only reason this fine plant is not planted by everybody is simply because of its difficult name. All summer and fall it is full of its bright, deep-blue flowers. For borders or solid beds it cannot be surpassed.

Pyrethrum (Painted Daisy)—2 ft. This popular plant with finely cut foliage produces its lovely flowers in spring and early summer. Your choice of red, pink or white.

Pyrethrum, Double Red—2 ft. The double and semi-double flowers of rich red are freely produced. Select a sunny spot with fertile soil, give plenty of water in dry weather and you will be gloriously rewarded.

Rudbeckia, Golden Globe—5-6 ft. Great masses of double, golden yellow flowers from July to September.

LINUM, Perenne

Rudbeckia, The King—4-5 ft. A new perennial of majestic beauty. The large flowers (often 4 inches across) of bright pink with a large center cone of dark brown last a very long time, both on the bush and when cut. It starts blooming in early July and continues till fall. A strong grower, perfectly hardy and easy to grow.

Salvia, Pitcher—3-4 ft. This plant delights in hot, sunny places and can stand lots of dry weather. From mid-summer to October the deep gentian-blue flowers are produced profusely and the foliage is a lovely gray.

Statice, Caspia (Sea Lavender)—2½ ft. Immense heads of lilac-blue flowers in July and August. Good for cutting and winter bouquets. We like this much better than the common Latifolia.

Sweet Pea, Perennial—Train this climber on a trellis, fence or let it run over a bank or cave. It produces its lovely flowers all summer long. Red, Pink, or White.

Sweet William—12 inches. Although centuries old, these flowers are still popular because they are so easy to grow and bloom so profusely during May and June. The flowers are fragrant.

Sweet William, Everblooming Red—12 inches. Produces bright red flowers all summer long.

Teucrium, Cham. (Germander)—12 inches. Glossy green foliage resembling dwarf Boxwood. In cold sections it is used in place of Boxwood to make a wonderful low, trimmed hedge. Plant 6 to 8 inches apart. Perfectly hardy and easy to grow, this is really more like a shrub than a perennial. Has rose-pink flowers in late summer.

Yucca—6-ft. The sword-like leaves make a clump 2 feet tall and stay green all winter. Large, creamy white flowers come in June on immense, branched spikes 5 to 6 feet tall.

RUDBECKIA. The King

TEUCRIUM, Cham.

See page 52 for prices on all perennials on pages 52, 53, 54 and 55. Varieties alike or assorted, your choice.

DAHLIA, HARDY

SHASTA DAISY, Esther Read

VINCA MINOR

CARNATION, HARDY

INTER-STATE'S *Special* PERENNIALS

You will delight in having these perennials in your garden. Just like "dessert" at a meal, they will add the "finishing touch" to a charming display. All are strong, field-grown plants. Postpaid.

Armeria, Inter-State—18 inches. The beautiful pink flowers are more than twice as large as pictured on the front cover, and are produced on stems 18 inches long. They will make a gay splash of color in your garden for a long time during the summer months, and are also exceptionally fine for cutting. Perfectly hardy and easy to grow. Each **30c**, 4 for **\$1.00**.

Bleeding Heart, Old-Fashioned—2 ft. An old favorite that is so easy to grow and thrives in partially shaded places. In April-May there is a great profusion of the graceful, heart-shaped pink flowers. Each **35c**, 2 for **60c**.

Carnations, Hardy—1½-2 ft. A new strain that has proved entirely hardy over several winters. The gorgeous flowers are produced freely all summer long and are very fragrant. They come singly on long stems that are ideal for cutting. You have your choice of the four following varieties. Each **35c**.

Cardinal—Bright Scarlet
Golden Sun—Golden-yellow
Innocence—Pure White
Rose Delight—Clear Pink

SPECIAL OFFER

| Each of all 4 for \$1.00
Postpaid

Dahlia, Hardy (Helianthus)—4 ft. The bright yellow flowers look like dahlias but the plant is perfectly hardy. It stands the heat and dry weather splendidly and produces so abundantly that you can cut flowers almost every day, from mid-summer until killing frost. The flowers are 3 inches across, and hold up extremely well when cut. Easy to grow and succeeds everywhere. Each **40c**, 3 for **\$1.00**.

Inter-State's New Giant Double Delphinium—Fully described on page 59 and pictured on back cover.

Gypsophila, Bristol Fairy—3 ft. Dainty, double white flowers are produced freely from June to September. Each **50c**.

Lily of the Valley—8 Inches. Everybody loves this fragrant white flower. Grows in sun or shade. 10 pips for **30c**, 25 for **65c**.

Lupines, Russell—3-4 ft. Like everybody else, we were enthused last year when reading about this new strain. But we are sorry to say that they do not seem to be happy with us and practically every report we have had agrees with us. Without question, the flowers are magnificent, but the plants are very temperamental and difficult to say the least. Each **40c**.

Scabiosa, Fischer's—2½ ft. This magnificent new flower is pictured on the front cover. The glorious violet-blue flowers are large, often 2½ to 3 inches across, and are borne on long stems. From late July until October it is simply full of bloom. Makes a beautiful garden display and is ideal for cutting. It comes from Manchuria, so is hardy and easy to grow. Each **40c**, 3 for **\$1.00**.

Shasta Daisy, Chiffon—18 Inches. You will find this lovely new hardy Shasta Daisy pictured on the front cover. The flowers are 3 to 3½ inches across, with narrow frilled petals of white and a center of clear yellow. The dainty flowers add a touch of distinction to any bouquet. Everybody loves it when they see it. Each **50c**, 3 for **\$1.25**.

Shasta Daisy, Esther Read—2 ft. This new and very scarce variety is so double that it has no golden center at all but is pure white from edge to edge. As a cut flower it is superb and it has a tendency to bloom so freely that the flowers should be cut often to relieve the strain on the plant. One of the finest of all white perennials. Each **75c**, 3 for **\$2.00**.

Vinca Minor—3 inches. Perhaps you have some places under your trees where grass does not do well. Here is a plant that will thrive there. It will form a thick carpet of rich green all summer and winter, with blue flowers in early spring. If you have trouble keeping grass on a bank, use this plant. For quick effect, plant them 24 to 36 inches apart and they will soon make a perfect mat. Each **25c**, 6 for **\$1.00**, 15 for **\$2.00**.

PINK SENSATION

Pink Sensation is truly the flower sensation of 1939. You have read about it in the magazines. Now you have the first opportunity to plant it in your own garden. Of course, you will plant it with loving care and watch each leaf as it unfolds. Early this spring, the first spike will shoot up. Then soon the buds will open and you will see for the first time, a truly Pink Delphinium. How you will admire and cherish it and call in your neighbors and friends to enthuse over it. It will be the talk of your entire neighborhood, perhaps even of the entire city for there are only a few thousand plants available this spring. We have just 5000 of these marvelous new plants and as we mail over half a million catalogs, we suggest that you order early.

DELPHINIUM LA MARTINE

This is not a new Delphinium, yet it is found in few gardens. It should be in every garden. We know of no other blue flower that is more beautiful. It makes a sturdy, vigorous, healthy plant five feet tall which blooms from June until frost. The flowers are a rich, deep blue with a pure white eye. We have seen spikes of these gorgeous flowers over two feet in length. Perfectly hardy, easy to grow and succeeds everywhere. Our price is so low that you can plant them freely and we assure you that nothing in your garden will give you more beauty and pleasure. **Postpaid**

Each 25c; 5 for \$1.00; 12 for \$2.00

PINK SENSATION

(Patent Rights Reserved)

THE FIRST AND ONLY TRUE PINK DELPHINIUM

When the American Delphinium Society met last August, the members saw this new plant and Mr. R. C. Allen, the secretary reported as follows—"... a chance to see the new epoch-making pink Delphinium, Pink Sensation, in fine condition. This is the first truly pink Delphinium to be released in this country and represents a new race called the Ruysi strain after its originator, B. Ruys of the Royal Moerheim Nursery of Holland."

The plant is very vigorous, mildew-free and grows to a height of about 4 feet. It resembles the Belladonna type in appearance of the foliage and size of the individual blooms and as the spikes have many laterals, the display is much enhanced. The flowers appear in early June and repeat almost continuously until autumn. The flowers are light rose-pink, a color previously unknown in Delphinium. An ideal plant for border and cutting. The plants are hardy, having lived perfectly through winters in the United States, standing 20 below zero.

PINK SENSATION PRICE, Postpaid

Each \$1.25; 3 for \$3.15

This is the first and only true Pink Delphinium offered in the United States and all Patent Rights have been reserved to protect the public from inferior strains.

DELPHINIUM LA MARTINE

Aster, Mount Everest

Aster, Little Pink Lady

Aster, Blue Jacket

Aster, Beechwood Challenger

Aster, Frikarti

HARDY ASTER SPECIAL

Superb, Outstanding, New Varieties
For Your Early Fall Garden

- | | |
|-----------------------------|---------------------|
| 1 Beechwood Chal-
lenger | 1 Little Boy Blue |
| 1 Blue Bouquet | 1 Little Pink Lady |
| 1 Blue Jacket | 1 Mount Everest |
| 1 Frikarti | 1 Silver Sheen |
| | 1 Harrington's Pink |

All 9 for \$3.25

(Regular Price \$4.45)

SPECIAL NOTICE

If you do not have room for all
9 of these fine new asters, here
is a smaller collection.

- 1 Beechwood Challenger
1 Blue Jacket
1 Frikarti
1 Harrington's Pink

All 4 for \$2.15

Aster, Frikarti—If you have room but for one aster, then select this one. From July until late fall, it constantly produces its large, handsome flowers of lavender-blue, with golden center. It thrives in partial shade or full sun and makes a very bushy plant 30 inches tall. One of the greatest joys in gardening.

Each 50c, 3 for \$1.25

We send you strong No. 1 plants, grown in the open fields in wide rows. Postpaid.

Aster, Beechwood Challenger—Everybody wants a red aster. Red Rover was good, Charles Wilson better, and now we have Beechwood Challenger, sold this spring for the first time, and conceded by all judges to be the finest red Hardy Aster introduced. It makes a compact, well-branched bush 3½ feet tall and is completely covered with the clear red flowers enhanced with bright yellow center disc. The foliage is clean and healthy.

Each 75c, 2 for \$1.25

Aster, Blue Bouquet—A new variety which is the finest, low-growing blue aster. It makes a very compact bush, only 15 to 18 inches tall, which is just a mass of flowers, an exquisite shade of rich, deep blue.

Each 50c, 3 for \$1.25

Aster, Blue Jacket—There are many blue asters, all of them pretty. But here is a new variety, sold this spring for the first time, that we believe sets a new standard. The color is a rich, deep blue (much more blue than pictured). The flowers are produced so abundantly on a fine bush, 36 inches tall.

Each 60c, 3 for \$1.50

Aster, Little Boy Blue—When we first saw this variety, 2 years ago, we fell in love with it. And so will you. It makes a very dense bush only 24 inches tall which is so completely full of flowers that it looks like a mound of bright blue.

Each 40c, 3 for \$1.00

Aster, Little Pink Lady—This fine variety is similar to Little Boy Blue but the flowers are a lively pink. The two together are lovely.

Each 40c, 3 for \$1.00

LITTLE ASTER SPECIAL

2 Little Boy Blue and 2 Little Pink Lady for **\$1.15**

Aster, Mount Everest—The best white. It forms a well-shaped bush, 4 feet tall, with an abundance of side branches so that it blooms right down to the ground. The flowers are large, glistening white.

Each 30c, 3 for 75c

Aster, Silver Sheen—An exquisite new aster, with its beautiful flowers of lilac with a silvery sheen as shown above on page 59. A favorite with many who saw it blooming in our fields last fall. One of the very finest asters every introduced.

Each 40c, 3 for \$1.00

Aster, Silver Sheen

Columbine, Crimson Star

Geum, Fire Opal

Columbine, Crimson Star—This lovely new Columbine is pictured above, actual size. The large flowers are a rich, deep crimson with inner petals of white. Free-blooming, easy to grow, succeeds everywhere, making a bushy plant 24 to 30 inches tall. Postpaid.

Each 30c, 4 for \$1.00

Inter-State's New Giant DELPHINIUM

Pictured on Back Cover

Everybody likes Delphinium and wants them in their garden. Most of the seed of the large flowering Hybrid Delphinium has been imported from England. But unfortunately this English strain succeeds only in a few favored spots along both coasts.

For many years, one of America's greatest hybridizers has been working with Delphinium, using the best of the American and the best of the imported. In some he found size, in others better colors, in still others, freedom of bloom, better spikes, and most important of all he found in some native species, vigor health and hardiness.

Patiently he selected and cross-pollinated, until now he has developed a strain which we believe is the finest **HARDY, HEALTHY DELPHINIUM** in existence. The flowers are immense size, yet graceful; the colors are exquisite, as fine as the finest English; all blooms are double and come on sturdy, wiry bloomstalks. The plants are free-blooming, strong growing, vigorous, healthy, hardy, making well-furnished plants 4 to 5 feet tall. We unconditionally recommend these Delphiniums. They are pictured on the back cover, the actual flowers being approximately twice as large as shown. You have your choice of 4 different beautiful colors. Postpaid.

Orchid Shades: Each 50c, 3 for \$1.25, 6 for \$2.25.

Purple Shades: Each 50c, 3 for \$1.25, 6 for \$2.25.

Blue Shades: Each 50c, 3 for \$1.25, 6 for \$2.25.

Pure White: Each 75c, 2 for \$1.25, 4 for \$2.25.

1 Each of All 4 Colors for \$1.50

DAD'S SPECIAL

Most men like flowers with bright colors and lots of bloom, and, of course, they must be easy to grow and not require much attention. Here you are, men. (You ladies can order them, too.)

- 1 Aster, Frikarti
- 1 Columbine, Crimson Star
- 1 Geum, Fire Opal
- 1 Veronica, Blue Spire

All 4 for \$1.00 Postpaid
(Regular Price \$1.60)

2 Collections \$1.85

Geum, Fire Opal—This hardy Geum with its bright flowers and attractive foliage, will be one of your most highly prized plants. The flowers are almost twice as large as pictured, a dazzling scarlet toned orange, freely produced May to October. A fully developed plant, 24 inches tall, may have 100 open flowers at one time. Postpaid.

Each 40c, 3 for \$1.00

Geum, Prince of Orange—This lovely Geum has large flowers of rich orange on 18 to 24 inch stems, freely-produced. No other orange colored plant to compare with it. Postpaid.

Each 40c, 3 for \$1.00

Veronica, Blue Spire—All summer this fine new variety produces its long, plummy spikes of rich, deep blue. Perfectly hardy, it increases in beauty each passing year, making a bushy plant 24 inches tall. Stands hot and dry weather. Unquestionably one of our finest perennials. Postpaid.

Each 40c, 3 for \$1.00

Veronica, Blue Spire

HARRINGTON'S PINK ASTER

IMPROVED SUN GOD

HARRINGTON'S PINK ASTER

The First True Pink Hardy Aster

Pink Sensation Delphinium and Harrington's Pink Aster are, without doubt, the two most important new perennials this year.

For more than 20 years, the late Millard Harrington of Williamsburg, Iowa, made countless selections of many thousands of seedlings until he finally developed true pink asters. They bloomed practically unknown and unsung, until some plants found their way east to Massachusetts. There, they were at once recognized as being the finest pink aster. We quote from the November, 1937, issue of the Massachusetts Horticultural Society Magazine, *Horticulture*, as follows—

"The aster, Harrington's Pink, is the only true pink aster which has appeared at the Waltham (Mass.) Field Station since the organized study of the genus was begun in 1932. During this period, nearly three hundred species and varieties have been observed."

Sturdy, vigorous grower, making a bushy plant 4 feet tall. Starts blooming in August and continues until frost, the freest blooming aster we have ever seen. The entire plant is simply covered with hundreds of the gloriously beautiful flowers. The blooms are a rich, pure pink, a color that fairly glows and sparkles, with a bright golden center.

Mr. Harrington, during his life, gave plants to various friends. Last fall we saw some blooming near Cedar Rapids and Center Point, Iowa. We immediately arranged for their propagation and we are very proud to offer this Iowa origination to the people of the United States.

We assure you that it will be one of the treasures of your garden.

Six reasons why **Flame**, the Improved Crimson King, should be in your garden.

1. It is hardy, standing below zero without injury.
2. Everblooming, starting to bloom in early summer and continuing until frost. Often as many as 40 gorgeous flowers open at once.
3. The blooms, a beautiful cerise-crimson, many 2 inches across.
4. Strong, upright stems, 15 to 20 inches tall.
5. Blooms first year. Makes a plant about 2 feet tall and almost as wide. Grows in sun or partial shade.
6. **Flame** is unquestionably one of the really fine perennials.

Six Popular, Easy-to-grow, Hardy Plants,
Giving you flowers, Spring, Summer and Fall

HEMEROCALLIS

These plants will grow from Mexico to Canada, coast to coast. They prefer partial shade but will thrive in full sun. An established clump will have 10 or more bloom stalks and each stalk will produce 15 to 30 blooms. We offer the new varieties. Postpaid.
Bay State—Brilliant golden-yellow flowers on 40 inch stems, all through July. Each **40c**, 3 for **\$1.00**.
D. D. Wyman—Huge flowers of orange overlaid rich mahogany on 30 inch stems, in July and August. Each **50c**, 3 for **\$1.25**.

Fulva Maculata—Striking flowers of coppery-orange, shaded crimson on 48 inch stems in July. Each **\$1.00**.

Gypsy—Bright flowers of flame-orange on 30 inch stems in July and August. Each **50c**, 3 for **\$1.25**.

J. A. Crawford—Probably the most popular of all. Large, beautiful flowers of rich yellow shaded apricot on 36 inch stems all through July. Each **40c**, 3 for **\$1.00**.

Hyperian—Very fine, large flowers of canary yellow freely produced on 40 inch stems in July and August. Each **75c**.

INTER-STATE NOW OFFERS WINTER HARDY TRITOMAS

For years we have been looking for a Tritoma that was hardy. Now we have four, all of which have stood three winters, as cold as 25 below zero, without injury. Moreover these new hardy Tritomas bloom freely from July until frost. They grow 3 to 4 feet tall with sturdy stalks that are very wind-resistant and the long graceful flower spikes are especially fine for cutting. The flowers are more than four times as large as pictured. We send you strong field-grown plants, postpaid.

TRITOMA SPECIAL

1 Golden Pride

1 Sunset

1 Orange Glow

1 Blazing Comet

All 4 Only \$2.25

(\$3.00 VALUE)

Golden Pride—Upper left. This is the finest yellow Tritoma we have ever seen, besides being so hardy. The clear yellow flowers are produced abundantly. Each **75c**, 2 for **\$1.25**.

Orange Glow—Upper right. A new color, glowing orange, is introduced in this graceful, charming hardy Tritoma. Each **75c**, 2 for **\$1.25**.

Sunset—Lower left. The sheer beauty of this hardy Tritoma is almost impossible to picture, ranging from the sunset hues of orange-scarlet at the top to pure yellow at the bottom. Each **75c**, 2 for **\$1.25**.

Blazing Comet—Lower right. The rich red flowers will delight you. In growth, it is not quite as tall as the others, but blooms just as freely. Each **75c**, 2 for **\$1.25**.

MUMS—continued from Page 62

We did not have room on page 62 to list all of our Mum varieties. Those listed below are offered at the same price as those on page 62—**30c** each, 5 for **\$1.00**, 12 for **\$2.00**, your choice of varieties, alike or assorted.

Aladdin—Beautiful flowers of bronze tinged apricot produced July to November. Grows 3 feet tall. Not as hardy as the others.

Crimson Splendor—Magnificent blooms of crimson with bright yellow center, starts blooming in late September.

Jean Treadway—Very beautiful flowers of sparkling pink are freely produced from September 20th on. Makes a compact bush 2 feet tall.

King Midas—A new, fully double Korean Mum. From late September to November, the bushy plants, 2½ feet tall, are literally full of large, clear yellow flowers, averaging almost 4 inches across.

The Moor—Another Korean Mum with 3-inch, fully double flowers of intense wine-red. Starts blooming the middle of September. Grows 2 feet tall.

Bronze Cushion—Like Pink Cushion but flowers are coppery-bronze.

King Cushion—Fiery red, blooms late.

White Cushion—Snow white with faint yellow center.

FOUR WONDERFUL DAHLIAS

No. 1—Jersey Beauty, the most popular pink.
No. 2—Jane Cowl, buff and gold, America's favorite.

No. 3—Lord of Autumn, the finest of all yellows.
No. 4—Dwight W. Morrow, magnificent rich crimson.

We do not believe that ever before have four such wonderful dahlias been offered at such a low price, all four for only \$1.25. The flowers are much larger than pictured. In fact, just one bloom of Lord of Autumn is larger than all four as pictured above. Each variety wrapped separately and labeled. This is one of Inter-State's greatest values.

AMERICA'S MOST POPULAR DAHLIAS

Dwight W. Morrow—We think this the finest red dahlia. The gigantic, rich crimson flower is twice as large as pictured. Each **50c.**

Jane Cowl—The greatest of all dahlias. A glorious flower, buff and gold with just a touch of apricot at the center. Twice as large as pictured. Each **25c.**

Jean Kerr—A fine white dahlia with long stems, fine for cutting. Blooms early and continuously. Very dependable. Each **20c.**

Jersey Beacon—This popular dahlia has immense flowers of Chinese scarlet on long, strong stems. Each **25c.**

Jersey Beauty—As a pink, it still stands supreme. Large, beautiful flowers of perfect form on long stems, freely produced. Keeps unusually long when cut. Each **25c.**

Kemp's White Wonder—Probably the finest pure white dahlia introduced. A strong, robust grower, freely producing the giant flowers. Each **50c.**

Margaret W. Wilson—A dahlia of great size and beauty, with flowers of creamy white suffused pink, with a deep pink reverse. An extremely free bloomer. Each **25c.**

Lord of Autumn—The immense flowers, many a foot across and 6 inches deep, are perfect in form and the most beautiful clear yellow you ever saw. A strong, healthy grower, freely producing its giant flowers on strong stems. Plant it, care for it as all fine things should be cared for, and you will agree it is the finest of all yellow dahlias. Each **\$1.00.**

Mrs. I. de ver Warner—Exquisite, large blooms of old rose richly suffused true lilac. A free and continuous bloomer. Each **20c.**

Pride of Stratford—The best orange dahlia we have ever seen. A strong grower and profuse bloomer, it carries large size throughout the season. Does well everywhere. Each **25c.**

Red Ball—Here is a dahlia that will produce more flowers than any we have ever seen. It starts blooming early in the season and continues right up until cold weather. The flowers are not so very large, but the plant makes a big, well-branched bush that is always just full of the bright red flowers. Each **30c.**

Rose Fallon—Very fine, huge flowers of old gold, come on extra long stems. You will want more next year. Each **35c.**

Sagamore—This exceptionally fine dahlia, amber shaded salmon, rose and orange always attracts attention. The large flowers come on good stems. Each **25c.**

The Commodore—A winner of the American Home Achievement Medal, one of the highest awards a dahlia can win. The lovely, bright canary yellow flowers are truly enormous, many 12 inches across. Each only **30c.**

Thomas A. Edison—Gorgeous blooms of rich, royal purple. One of the world's greatest dahlias. Each **40c.**

Wm. H. Hogan—The most striking dahlia in our list. The large flowers are a rich scarlet, edged and tipped with pure white. You cannot realize how lovely it is until you actually see it. Flowers are freely produced on fine stems. Each **50c.**

PRIZE COLLECTION

- 1 **Jean Kerr**—snow white
- 1 **Jersey Beacon**—scarlet
- 1 **Margaret W. Wilson**—pink
- 1 **Mrs. I. de ver Warner**—lilac
- 1 **Pride of Stratford**—orange
- 1 **Sagamore**—salmon-rose
- 1 **The Commodore**—yellow

**Seven fine dahlias
worth \$1.70
All 7 for \$1.00**

MIXED COLLECTION

10 Dahlias for \$1.00
Each different, not labeled

This is a special "Clean-up Price." We include dahlias which by name sell for as much as 50c each. If you want beautiful flowers and do not care to know the names (many will easily recognize choice varieties) this is our greatest offer.

INTER-STATE *Flower Seeds*

Enjoy more beautiful and fragrant flowers from Inter-State seeds. GUARANTEED TO GROW. All seeds are postpaid.

Plan now to enjoy a more beautiful flower garden this year. Brighter colors and more fragrant blooms from Inter-State's Improved strains give more delightful gardens. Figure following name gives average height in inches of plant when in bloom.

AGERATUM
Little Blue Star

ALYSSUM, Little Gem

101 Abronia, Sand Verbena (6)—A trailing rock garden annual with verbena-like heads. Gives fragrant flowers in late summer and fall. Pkt. 8c

102 Acroclinium, Double Hybrids (20)—Graceful, rose and white, daisy-like flowers and one of the finest everlastings when cut in the bud and dried. Blooms early. Pkt. 8c

103 African Daisy, Hybrids Mixed (15)—Compact, bushy plants with white, orange, gold and salmon blossoms from July to October. Fine for cutting. Pkt. 8c

104 African Daisy, Blue Eyed Arctotis (36)—An easily grown annual and one of the finest for cutting. The gold banded mauve center makes the bloom very interesting. Pkt. 8c

105 Ageratum, Little Blue Star (6)—A free flowering, quick growing annual. Covered with blue, lavender toned flowers all season. Attractive, easily grown, fine for border, edging, and rockery. Pkt. 8c

106 Alyssum, Saxatile (9)—An early flowering, brilliant golden yellow border and rock garden plant. A hardy perennial. Pkt. 8c

107 Alyssum, Little Gem (6)—The most beautiful snow white, carpet-like border plant. A profuse flowering, edging plant, vigorous and easy to grow. Pkt. 8c

108 Alyssum, Procumbens (4)—The same beautiful bloom as Little Gem but plants are more dwarf. Best for rock garden work. Pkt. 10c

109 Amaranthus, Joseph's Coat (30)—A vigorous plant with ornamental foliage combinations of blackest bronze, green, bright scarlet, and gold. Likes a hot, sunny location. Pkt. 8c

110 Anchusa, Blue Bird (18)—Large, vivid, indigo-blue flowers.

Gives brilliant bed and border effects. Blooms all summer. Pkt. 8c

111 Annual Rock Garden Mixture, (15)—You will marvel at the variety of bloom in this colorful mixture. Effective for rock garden, rockery, or bedding. Pkt. 8c

112 Annual Flowers for the Children—Our special mixture of choice annuals to give thrills and make gardening a joy for the children all summer and fall. You will enjoy working with them too. Pkt. 8c, ½ Oz. 25c

113 Aster, Crego Wilt Resistant Mixed (27)—Large, double flowers with curled and twisted petals and on long stems. Fine for garden color and cutting from August until frost. Pkt. 8c

114 Crego W. R. Crimson, Pkt. 10c

115 Crego W. R. White, Pkt. 10c

116 Crego W. R. Purple, Pkt. 10c

117 Aster, Imp. Branching W. R. Mixed (30)—The branching habit and vigorous growth gives a profusion of fall bloom in a wide color range. Fine for cutting. Pkt. 8c

118 Aster, W. R. Dbl. Mixed (25)—Our own mixture of the double favorites to give a long season of bloom. Lovely colors for the home garden and cutting. Pkt. 8c

119 Bachelor Button, Blue Boy (20)—A centaurea with fully double flowers, a lovely blue, and easily grown. Fine for cutting. Pkt. 8c

120 Bachelor Button, Dbl. Mixed (20)—Centaureas are showy with double flowers of blue, rose, white and red on long stems. Broadcast seed in a rich soil bed and they will start flowering freely in July. Pkt. 8c

121 Balsam, Lady's Slipper, Finest Mixed (24)—An old, free blooming favorite with many brilliantly colored showy flowers. Likes a hot sun and rich soil. Pkt. 8c

122 Balloon Vine, Love-in-a-puff (C)—A clean growing vine with a delicate bloom. Large, round, inflated seed pods resemble small balloons. Pkt. 8c

123 Bean, Scarlet Runner (C)—A quick growing, strong vine with many bright, pea-like flowers. Very popular. Pkt. 8c

124 Brachycome, Swan River Daisy (12)—Free flowering with dainty blue, white, and pink blooms resembling small cinerarias. A fine edging, bed, or pot plant. Pkt. 8c

125 Browallia, (10)—A compact and profuse blooming little plant covered with white and blue flowers. Likes rich soil, fine for cutting and color combinations. Pkt. 8c

126 Calendula, Sunshine (18)—Large, buttercup yellow flowers resemble Chrysanthemums. A long season of bloom, and fine for cutting. Pkt. 8c

ASTER, Crego W. R. Mixed

127 Calendula, Double Mixed (18)—The old fashioned, free flowering Pot Marigold. Especially lovely in late fall. Shades of yellow and orange. Pkt. 8c

128 Calliopsis, Bicolor Dwf. Mix. (15)—Easily grown, vigorous plants with color variations of yellow, orange, brown, and maroon. Bloom throughout the summer. Pkt. 8c

129 Campanula, Cup and Saucer (20)—A biennial that is easily grown and gives a profusion of blue, rose, and white flowers. Pkt. 8c

130 Candytuft, Umbellata (10)—Purple, lilac, rose, carmine, and white flowers are showy for mass planting and bloom for a long time. Make successive plantings for continuous bloom. Pkt. 8c

132 Cardinal Climber, Ipomea Hyb. (C)—Everybody admires this strong and rapid growing annual vine. Grows 15 to 20 feet, and is covered with fiery red flowers from midsummer until frost. Pkt. 8c

133 Carnation, Marguerite Mixed (12)—The most popular early flowering carnation. Robust and long stemmed plants give a continuous season of fragrant bloom. Pkt. 8c

134 Castor Bean, Ricinus (120)—A tall growing background plant with ornamental foliage. Useful for screening off alleys and unsightly places. Pkt. 8c, 1 Oz. 15c

**CALLIOPSIS
Bicolor Dwf. Mixed**

135 Centaurea, Dusty Miller (10)—Thick silvery white and green leaves make this one of the most attractive foliage plants. Easy to grow. Pkt. 8c

136 Chinese Woolflower (24)—Crimson, rose, and yellow flowers in a choice mixture on compact, pyramidal plants. One of the finest Celosia's. Pkt. 8c

137 Chorizanthe, Turkish Rug-ging. Forms a dense mat of delicate pink statice-like flowers. Every rock garden should include this. Pkt. 8c

138 Clarkia, Double Mixed (24)—From July to October the pink, carmine, orange, rose and scarlet blooms are in profusion. Easily grown and especially attractive. Pkt. 8c

139 Cockscomb, Celosia Plumosa (30)—Attractive crimson, scarlet and yellow plumes to brighten the garden from midsummer until frost. Pkt. 8c

140 Cockscomb, Celosia Spicata (36)—Round spike-like blooms of a soft bright rose tipped a silvery white. Very attractive. Pkt. 8c

**GOURDS
Ornamental Mixed**

141 Cockscomb, Celosia Cristata (30)—The velvety red heads of the old fashioned celosia are very beautiful. Will brighten up any garden. Pkt. 8c

142 Coix, Job's Tears (36)—An ornamental grass with curious seeds Pkt. 8c

143 Coleus (20)—The most handsome foliage plant with attractive shades and colorings of yellow, copper, red, etc. Pkt. 10c

144 Columbine, Crimson Star (18)—A large blooming Aquilegia with sepals and long spurs of deep copper-crimson with white petals. A perennial with a unique color combination. Pkt. 10c

145 Cosmos, Orange Flare (36)—Vivid orange flowers produced freely on long wiry stems all summer and fall. A colorful flower that is easily grown. Pkt. 10c

146 Cosmos, Mam. Ea. Flowering (48)—The feathery green foliage covered with large single flowers of red, pink, and white make a lovely showing from midsummer until frost. Long stems. Pkt. 8c, 1/4 oz. 15c

147 Cypress Vine, Ipomea (c)—A graceful climber with fern-like foliage covered with red and white flowers from mid-summer until frost. Best planted with other vines. Pkt. 8c

148 Dianthus, Sweet Wivelsfield (12)—Large flowers, and a brilliant color range the first year from seed. Grows like Sweet William. Pkt. 8c

149 Dianthus, Pinks, Heddewigi Dbl. Mix. (12)—The crimson, maroon, pink and violet flowers are freely produced for many weeks. Easily grown, fine for cutting. Pkt. 8c

150 Dianthus, Pinks, Fringed Dbl. Mixed (12)—Large, deeply cut flowers in a wonderful color range. Long stems, fine for cutting and a continuous bloom. Pkt. 10c

151 Didiscus, Blue Lace Flower (20)—A dainty, charming blue and lavender flower. Excellent for bedding and cutting. Pkt. 8c

152 Dwarf Cup Flower (4)—Lovely lavender blue flowers, heightened by a touch of yellow in the center, are charming for edging, border, window box, or flower pot. Pkt. 15c

LARKSPUR, Annual Mixed

153 Euphorbia Heterophylla, Annual Poinsettia (30)—Similar to our popular Christmas plant. Glossy green leaves with vivid scarlet bracts makes it very attractive. Pkt. 8c

154 Four O'Clocks, Marvel of Peru (24)—A glossy foliage with fairy flowers of red, yellow, white, and lilac from July until frost. An old-fashioned beautiful flower. Pkt. 8c, 1 oz. 15c

155 Gaillardia, Annual Blanket Flower (18)—Rich blends of red, orange, and gold give a summer garden of choice colors. Blooms profusely. Pkt. 8c

156 Gaillardia, The Dazzler (24)—Bright yellow flowers with an intense crimson center are very striking. A perennial, fine for cutting and garden display. Pkt. 10c

157 Golden Bedder, Cheiranthus (12)—A neat growing plant with flowers in a lovely shade of golden yellow. A hardy perennial blooming the first year from seed, and especially fine for the rockery and edging. Pkt. 15c

158 Gomphrena, Globe Amaranth (18)—Clover like heads, and attractive colors make showy gardens from midsummer until late fall. One of the prettiest of the everlastings. Pkt. 8c

Postpaid.

MARIGOLD
Yellow Supreme

159 Gourds, Ornamental Mixed (C)—Very useful for covering fences, slopes, and unsightly places. Our special mixture of many varieties is very attractive. Pkt. 8c, 1 Oz. 15c

160 Godetia, Upright single mixed (15)—A richly colored hardy annual that thrives in poor soil. The very showy, satiny textured flowers are in profusion. Pkt. 8c

161 Gypsophila, Annual Baby's Breath (15)—The tiny white blossoms thickly cover these charming little plants. Make several plantings for continuous bloom. Pkt. 8c

162 Hollyhocks, Dbl. Mixed (72)—Chater's choice strain of large double flowers in many beautiful colors. Hardy. Pkt. 8c

163 Iceland Poppy, Imperial Jewels Mixed (20)—The color tones of rose, red, yellow, apricot, buff etc. are almost limitless. The flowers are beautifully frilled, and on strong wiry stems. A perennial but usually flowers the first year from seed. Pkt. 8c

164 Ipomea, White Moonflower (C)—The waxy-white blooms give garden beauty every evening and cloudy day. Must be started early. Pkt. 8c

165 Kochia, Mexican Fire Bush (30)—Easily grown and a favorite for home garden hedges. Moss-like clear green foliage turns bronze red in the fall. Pkt. 8c

166 Larkspur, Annual Mixed (30)—Blue, pink, violet, scarlet, and white blooms in profusion for many weeks. Fine for bedding and cutting. One of the surest annuals for color and beauty. Pkt. 8c

167 Linaria, Fairy Bouquet (8)—Distinct flowers of rose, yellow, pink, lavender and many others. The small snapdragon-like flowers are very dainty. Pkt. 8c

168 Linum, Scarlet Flax (16)—A free flowering summer annual. Make successive plantings for a continuous supply of crimson-orange flowers. Pkt. 8c

169 Lobelia, Crystal Palace (6)—Plants loaded with rich, deep true blue blossoms all season makes it desirable for edging. A very attractive plant for home gardens. Pkt. 8c

170 Lunaria, Honesty Plant (45)—Purple flowers followed by silvery seed pods makes this annual useful in winter bouquets. Pkt. 8c

NASTURTIUM
Golden Gleam

171 Lupins, Texas Blue Bonnet (15)—A free flowering annual with dark, glossy foliage. Fine for cutting beds, and also borders. Likes partial shade. (Nick seed shell to assure germination.) Pkt. 8c

172 Marigold, Fr. Dwf. Monarch Strain (12)—An All-America winner with double flowers in combination colors of orange, bronze, yellow and mahogany. Easily grown. Pkt. 8c

173 Marigold, Crown of Gold (24)—The odorless foliage and flower centers of short curled and quilled petals with an outside collar of flat guard petals make this new marigold outstanding. A profusion of orange flowers all summer and fall. A Gold Medal Winner. Pkt. 10c

174 Marigold, Dwarf Dbl. Harmony (15)—A charming, scabiosa-like flower with deep orange center petals flanked by wide dark maroon-brown petals. Very free flowering especially in dry weather. Pkt. 10c

175 Marigold, Giant African Dbl. (30)—You will enjoy an abundance of yellow, brown, lemon, and orange blooms all summer and fall. Fine planted with Larkspur. Very easy to grow. Pkt. 8c

176 Marigold, Little Giant (8)—A dwarf, neat and compact edging plant with an abundance of gay, glowing orange flowers. Very dainty, with fern-like foliage all summer and fall. Pkt. 8c

177 Marigold, Guinea Gold (24)—Flowers of the carnation flowered type, a brilliant orange flushed with gold. The gay blooms are in abundance from midsummer until frost. Pkt. 8c

178 Marigold, Yellow Supreme (30)—Creamy yellow blossoms of the carnation flowered type all summer and fall. Easily grown. Pkt. 8c

179 Mignonette, Finest Mixed (15)—The delightfully fragrant flowers are useful for cutting and combining in bouquets. Easily grown, ever-blooming. Pkt. 8c

180 Morning Glory, Giant Japanese Mixed (C)—Mammoth flowers with gay colors that will astonish you. Likes poor soil and full sun. Pkt. 8c

181 Nasturtium, Dwarf Mixed (10)—The most popular dwarf annual, easy to grow on poor soil and blooms for weeks. A rich combination of colors fine for beds and borders. Pkt. 8c

182 Nasturtium, Tall Mixed.—Our giant flowering strain strong in colors of red, yellow, salmon and orange. Pkt. 8c

183 Nasturtium, Golden Gleam.—One of the original winners of the All-America Gold Medal but still one of the most widely planted of all new flowers. The fragrant, golden yellow blooms are fine for cutting. Blooms profusely. Pkt. 8c, 1 Oz. 15c

184 Nasturtium, Dbl. Glorious Gleam Hybrids.—The large, double, and sweet scented blooms are fine for cutting, beds, and borders. Striking colors. Pkt. 8c, 1 Oz. 15c

185 Nasturtium, Scarlet Gleam.—The flowers of a fiery orange scarlet color are long stemmed and sweet scented. Won an All-America Gold Medal. Pkt. 8c, 1 Oz. 15c

186 Nasturtium, Dwf. Dbl. Golden Globe.—Sweetly scented, golden yellow flowers freely cover the compact bush type plant. Easily grown and very popular. Pkt. 10c, 1 Oz. 20c

187 Nicotiana, Sweet Scented Tobacco (30)—Stately plants with large trumpet shaped blooms resembling petunias. From midsummer until frost the pink, red, and white blooms will give evening fragrance to your garden. Pkt. 8c

PETUNIA
California Giants

188 Nigella, Love-in-a-mist, Miss Jekyll (15)—Large, cornflower blue blossoms set in a mist and fern-like foliage. Very attractive. Pkt. 8c

189 Ornamental Grasses, Fi. Mixed.—For combining in winter bouquets with everlasting flowers this is most useful. Pkt. 8c

190 Painted Daisies, Finest Mixed (20)—A flower loved by all and should be in every garden. Easily grown, blooms early, and a choice variety of colors. Pkt. 8c

191 Pansy, Super Swiss Giants (6)—For size, color, and free blooming qualities this blended mixture is the finest. Compact plants and gorgeous bloom. Pkt. 20c

192 Pansy, Shakespeare's Heartsease (4)—A simple, quaint little pansy suitable for any location in the garden. Similar to our Violet in size and form. Purple, yellow, white and blue colors that are very pleasing. Pkt. 25c

193 Pansy, Giant Superb Mixed (6)—A very large flowering strain in a beautiful color range. They make a delightful garden. Pkt. 8c

194 Petunia, Martha Washington (6)—The graceful, ruffled flowers of bluish pink with wine-red veins leading to the throat of dark violet literally cover the ball shaped plant. A silver medal winner. Pkt. 15c

195 Petunia, New Rose Gem (8)—A dwarf, compact plant covered all summer with rich, lovely deep rose flowers that have made it so popular. Fine for bed and border plantings. Pkt. 15c

196 Petunia, Theodosia (10)—Large, fringed, rose pink flowers that look almost double. A clear golden throat makes it unusual. Sturdy plants and a profusion of bloom. Pkt. 15c

Petunia (12)—The most successful annual flower in our garden decorations. Easily grown, blooms early and continuously until frost. Improved colors make beautiful beds, borders, and terraces. The balcony types are best for window boxes.

197 Exquisite Mixed.—Our finest for solid beds and borders. Choice colors. Pkt. 8c

198 Purple.—A royal purple that looks almost like velvet. Pkt. 10c

199 Rose of Heaven.—A rich, brilliant rose. An improved Rosy Morn. Pkt. 10c

200 Flaming Velvet.—The wine red flowers have a rich, velvety sheen. Pkt. 15c

201 Periwinkle.—A small flowering type with a profusion of pastel blue blossoms. Pkt. 8c

202 California Giants.—The large, ruffled and fringed petunia that is so delightful. Pkt. 15c

203 Balcony Blue.—The velvety, violet blue flowers are very rich. Pkt. 8c

204 Balcony Rose.—A fiery rose. Pkt. 8c

205 Balcony White.—Pure snow white. Pkt. 8c

207 Phlox, Drummond's Annual Mixed (12)—One of the easiest grown and most satisfactory of all flowers. Our special strain with its rich variety of clear, vivid colors will delight you. Profuse bloom, forming a sheet of color, even in the hot weather. Pkt. 8c, 1/4 Oz. 35c

208 Red, white eye.—Pkt. 8c

209 Purple.—Pkt. 8c

210 Yellow.—Pkt. 8c

211 Pink.—Pkt. 8c

212 White.—Pkt. 8c

PHLOX

Zinnia, Hedgeana

All 12 packets for 65c
Postpaid.

206 Phlox, Rainbow Gigantea (9)—A color range of soft art shades and color combination never before seen in annual phlox. Enormous 1 to 1½ inch flowers in abundance all summer and fall. Pkt. 10c

213 Phlox, Starred and Fringed (12)—The fringed and cut blossoms of many colors look almost like twinkling stars. Pkt. 8c

214 Poppies, Giant Dbl. Mixed (36)—The mammoth carnation-flowered poppies give double fringed flowers in many shades of pink and red. An attractive annual. Pkt. 8c

215 Poppies, Eschscholtzia, Calif. Mixed (12)—A free blooming annual rich in crimson, pink, and orange-scarlet shades. A very showy free blooming annual. Pkt. 8c

216 Poppies, American Legion (20)—The satiny, brilliant scarlet flower with a white maltese cross is very beautiful. Pkt. 8c

217 Poppies, Shirley Fi. Mixed (20)—Satiny textured flowers in a pleasing variety of colors. Pkt. 8c

218 Portulaca, Single Mixed (4)—Brilliant colors, and bloom until frost. Like a hot sunny place. Pkt. 8c

219 Portulaca, Rose Moss, Dbl. Mixed (4)—Our unsurpassed, choice doubles. Delicate green foliage simply covered all season with the bright colored flowers. Thrive on poor soil, and during dry weather these dainty flowers are at their best. Resemble small roses. Pkt. 8c

220 Rudbeckia, Golden Sunset (18-24)—The large golden yellow flowers with a deep mahogany zone are fine for cutting. A very showy garden flower. Pkt. 8c

221 Salpiglossis, Dwarf Giant Flowering (18)—The dwarf mixture of this popular annual is ideal for beds and borders. Compact, branching plants, and very free flowering. Pkt. 10c

222 Salpiglossis, Trumpet Flower (27)—The gold veined petals of a deep rich color are in many combinations. Until frost the petunia shape blooms are in profusion. Easy to grow in full sun. Pkt. 8c

223 Salvia, Blue Bedder Farinacea (36)—The sturdy plants with tall spikes of lovely blue flowers are fine for background, beds and borders. Useful as an everlasting. Pkt. 8c

224 Salvia, America, Globe of Fire (20)—The most uniform continuous bloomer of all scarlet sages. The brilliant flowers on compact plants are fine for border and edging. Pkt. 10c

225 Scabiosa, Mourning Bride (30)—The soft colored blooms on long stems make the large flowered hybrids the most desirable for garden and cutting. Pick of the faded flowers for long bloom. Pkt. 8c

226 Scabiosa, Black Prince (30)—The rich black purple flowers are very showy. Pkt. 8c

POPPIES, Shirley Fi. Mixed

227 Scabiosa, Blue Cockade (30)—A lovely blue so desirable in the garden. Pkt. 8c

228 Snow on the Mountain, (24)—Euphorbia is one of the showiest ornamental foliage plants. The attractive leaves are edged white and green. Pkt. 8c

229 Stocks, Fi. Dbl. Mixed (15)—Large flowers in a wonderful range of colors. Bloom profusely in the cool weather of late fall. Pkt. 8c

230 Snapdragon, New Calif. Rust Proof (24)—The finest color range of all the Rust Resistant mixtures. Gives beautiful beds and lovely gardens. One of the finest annuals for cutting. Pkt. 10c

231 Snapdragon, Finest Mixed (24)—Our non-rust-proof strain gives beautiful flowers and colorful beds. Fine for cutting. Pkt. 8c

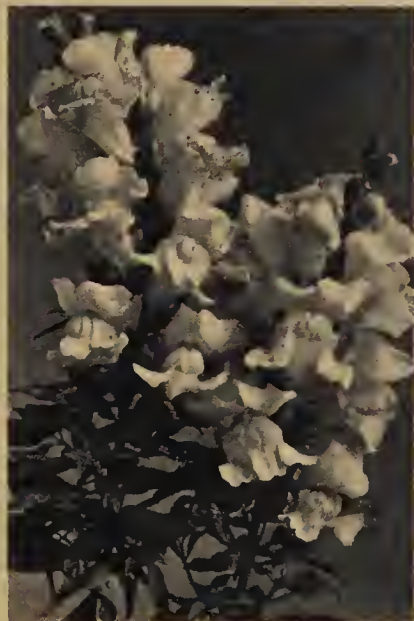

232 Statice, New Hybrids (15)—An excellent bedding and border plant and one of the most useful for winter bouquets. Pkt. 8c

233 Strawflowers, Everlastings, Fi. Mixed (20)—Our own collection of rich, glittering colors and many kinds. Especially selected for your winter and decorative bouquets. Pkt. 8c

234 Sunflower, Mam. Russian (120)—The attractive large heads make a feeding table for birds in late summer and fall. Pkt. 8c

235 Sweet Peas, Shirley Temple.—Four beautiful soft rose pink blooms on each stem, the most lovely color and the sweetest perfumed of all the new sweet peas. Early and free flowering. Pkt. 15c

236 Sweet Peas, Delicious.—One of the new sweet pea introductions and a lovely, delightful color reminding one of crushed strawberries and cream blended together in a delicious combination. Pkt. 15c

SNAPDRAGON
New Calif. Rustproof

237 Sweet Peas, Spencer Mixed.—The beautiful flower that everybody loves and in such a variety of colors. Fine for cutting. Pkt. 8c, 1 oz. 20c

238 Sweet Peas, Early Large Flwg. Spencers.—A new strain of Sweet Peas having the large Spencer type flower, but bloom earlier and last longer. The fragrant blooms have a semi-double appearance. Pkt. 8c, 1 Oz. 20c

239 Blue Bonnet.—A fine clear blue. Pkt. 8c

240 Red Bird.—Bright crimson red. Pkt. 8c

241 Orange King. Pkt. 8c

242 Lavender. Pkt. 8c

243 Maroon.—Pkt. 8c

244 Deep Scarlet.—Pkt. 8c

245 White.—Pkt. 8c

246 Sweet Peas, Everlasting Mixed—Similar to annual Sweet Peas, but more wax-like. Remove seed pods for continuous bloom. Hardy. Pkt. 8c

247 Sweet Sultan, Centaurea Mix. (30)—Flowers have deeply fringed petals, graceful in form and fragrant. Exquisite colors of rose, lavender, lilac, purple, white, and yellow. Long stems, fine for cutting. Pkt. 8c

248 Sweet William, Single Mixed (18)—A perennial favorite of the flower lover. Early spring bloom in rich and varied color. Pkt. 8c

249 Tithonia, Golden Flower of the Incas (72)—A popular flower in the South with orange vermilion blooms and growing habit like Dahlias. Must be started early for bloom in our section. Pkt. 8c

250 Torenia, Wishbone Flower (12)—The light blue flowers are fine for window boxes, borders, and low bedding effects. Useful in rock gardens. Pkt. 8c

SWEET PEAS
Ea. Lg. Flwg. Mixed

251 Verbena, Meteor (10)—The flaming red blooms with a bold white eye make this unusually attractive. A vigorous grower and very free-flowering. Pkt. 10c

252 Verbena, Hybrida Comp. Mixed (6)—The continuous bloom, compact habit, and neatness make this desirable for bedding and small gardens. Choice colors. Pkt. 10c

253 Verbena, Beauty of Oxford (8)—Soft rose colored large individual blooms with some tinged salmon. Easily grown. Pkt. 10c

254 Verbena, Mammoth Mixed (10)—Fine for borders, beds, porch boxes, and among tall growing plants like Lilies. The many vivid colors have made this one of the most popular flowers since grandmother's time. Bloom all summer and fall. Pkt. 8c

255 Vinca, White with Crimson Eye (15)—Glossy dark green foliage, and a profusion of white, crimson eyed flowers. Makes a colorful border in late summer and fall. Pkt. 8c

256 Zinnia, California Giants. (36)—One of the most graceful flowers in a wide color range. Grows everywhere and stands any kind of weather. Pkt. 8c

257 Zinnia, Gold Medal Dahlia Flowered (30)—Immense dahlia-like flowers whose petals seem to be almost piled one upon the other. Large, double flowers and the most widely planted. A choice color range. Pkt. 8c

258 Canary Bird, Rich yellow. Pkt. 8c

259 Crimson Monarch, deep crimson. Pkt. 8c

260 Exquisite, Light rose. Pkt. 8c

ZINNIA
Gold Medal Dahlia Flowered

261 Zinnia, Pompom or Lilliput (24)—The small plants with flowers of rich, bright colors make this very popular. Bloom all summer and fall. Easily grown, deserving a place in every garden. Pkt. 8c

262 Zinnia, Red Riding Hood (16)—The compact plants are literally covered with the double scarlet flowers. Lilliput type, very uniform and fine for borders. Pkt. 10c

263 Zinnia, Lilliput Tom Thumb (6-10)—The tiny plants with the small brightly colored flowers are very attractive. When well established, thin out the tall growing plants for uniform height. Pkt. 10c

264 Zinnia, Linearis (10)—The single flowers are a lovely shade of golden orange, with a delicate lemon yellow stripe through each petal. One of the most interesting of the newer zinnias for border and edging use. Pkt. 10c

265 Zinnia, Haageana (12)—The Mexican Zinnias have a charm all their own. Dainty blooms, attractive colors and many combinations. Fine for bedding. Pkt. 8c

266 Zinnia, Fantasy (24)—This lacy petaled new flower in the delicate shades of red, yellow, orange, pink, and cream is becoming more widely planted each season. A charming cut flower. Pkt. 10c

BUSH BALSAM, The Torch

CALLIOPSIS, Gold Crown

DAHLIAS
Unwins Finest Mixed

CUPHEA FIREFLY

275 Ageratum, Fairy Pink (5)—A dwarf compact Ageratum in a delightful soft salmon rose pink color. Starts blooming when 1½ to 2 inches high and continues until it is a mass of bloom. Pkt. 20c.

276 Balsam, Bush Flowered Torch (15)—A free-flowering double balsam with flower clusters on top of stems instead of hidden along side of stems. Brilliant vermillion red blooms resemble small roses. Pkt. 15c.

277 Calliopsis, Golden Crown (12)—Winner of the Silver Medal in the 1938 All-America Selections and one of the finest new flowers. The flowers of a rich golden yellow with a maroon center are easily grown. Pkt. 10c.

278 Cosmos, Sensation (45)—The sensation type Cosmos are now a favorite for cutting. Immense flowers, slightly overlapping petals and a very full flower make it ideal. The immense pink and white blooms are truly a sensation. Pkt. 10c.

279 Cuphea, Firefly (12)—A dwarf compact plant that is very neat and showy. The small flowers are delicately formed, a fiery cerise red color, and are freely produced. A fine subject for rockery, window box, border, or edging. Pkt. 15c.

280 Dahlia, Unwin's Finest Mixed (24)—Orange, red, lavender, yellow and maroon flowers from these new dwarf hybrids make a glorious display. Bloom until frost. Pkt. 15c.

281 Dianthus Splendens (8)—A very striking Dianthus compact in habit, neat, and producing hundreds of showy flowers all season. The sweet scented single flowers are a brilliant crimson with a vividly contrasting large white eye. Pkt. 10c.

282 Hunnemanian, Sunlite (15)—The Mexican Tulip Poppy is a magnificent golden yellow, semi-double flower blooming very freely. Its sea-green feathery foliage adds to its attractiveness. Pkt. 10c.

283 Larkspur, Gt. Imp. White King (25)—Pure glistening white flowers with rounded, broad petals evenly spaced on the stems and ideal for cutting. Given the Bronze Medal in the 1937 All-America Selections. Pkt. 15c.

284 Larkspur, Rosamond (18)—Large double flowers of a pure deep rose and blooming two weeks earlier than most other varieties. Makes colorful gardens and cut flowers. Pkt. 10c.

285 Morning Glory, Scarlett O'Hara (C)—The Gold Medal winner in the 1939 All-America Selections and created unusual interest in our trial planting here at Hamburg. Rich wine red flowers of good size are freely produced on fast growing vines. Blooms early. Pkt. 25c.

286 Morning Glory, Imp. Heavenly Blue (C)—The large, lovely, true-blue flowers with a lighter throat give a mass of beauty. Useful for arches or trellis and create a sensation. A coarse, gravelly soil and a southern exposure give an abundance of morning bloom until frost. Pkt. 10c.

PETUNIA, Topaz Rose

287 Petunia, Dbl. Ruffled Monsters (10)—One of the finest strains of double petunias and giving a good percentage of fully-double blooms. Flowers are of unequalled beauty and charm. When resetting use the smaller plants too as they often produce the best doubles. Pkt. 25c.

288 Petunia, Hollywood Star (10)—A charming shade of rich rose with an amber throat, and a unique form which consists of a five pointed star. A fine garden variety because it is early, free blooming and a vigorous plant. Simply smothered with blooms. A Silver Medal Winner in the 1939 All-America Selections. Pkt. 25c.

289 Petunia, Topaz Rose (10)—A fiery velvety rose that will neither fade nor burn under the hottest sun makes this very welcome. Many years of selecting have produced this desired color, a brilliancy seldom seen. Winner of the Bronze Medal in the 1938 All-America Selections. Pkt. 25c.

290 Snapdragon, Dwarf Bumble Bee (15)—A novel combination of colors and the flower looks as though it had a bumble bee on it, thus the name. Crimson with a white tube and a large yellow snout give it a very gay appearance. Pkt. 15c.

291 Zinnia, Gaillardia Flwd. or Navajo (24)—Attractive, medium sized flowers in a color range through the mellow tones of rose, pink, bronze, yellow, orange, lavender and combinations of these. The two toned blooms are very attractive and won Honorable Mention in the 1938 All-America Selections. Pkt. 15c.

292 Zinnia, Super Crown O'Gold, Pastel Tints (36)—A very large flowering zinnia with each petal of the flower a golden yellow at the base and the individual color at the tip. A wide pastel color range unequalled in any other flower. Blooms profusely. Pkt. 15c.

293 Zinnia, Lilliput Pastel Mixed (12)—A neat, compact growing plant and very early blooming. The Lilliput type and the soft Pastel shades make this very desirable for cutting. Pkt. 10c.

294 Zinnia, Fantasy Orange Lady (30)—The medium sized flowers are rounded, shaggy, gay in appearance and a rich shade of deep bright orange. Makes a colorful spot in the garden and are extremely desirable for cutting. Pkt. 15c.

295 Zinnia, Fantasy Rosalie (30)—A bright intense rose equally lovely in the garden or when cut. Plants are neat in habit, strong growing and very free flowering. Pkt. 15c.

296 Zinnia, Fantasy White Light (30)—As near to a pure white as any Zinnia yet developed, and given Honorable Mention in the 1939 All-America Selections. The informal flowers are lovely in flower arrangements. Pkt. 25c.

297 Zinnia, Star Dust (30)—Winner of the Silver Medal in the 1937 All-America Selections. A lovely golden yellow, shaggy-petaled flower and fine for cutting. Very free blooming making a show of color in the garden. Pkt. 15c.

BUSH BEANS

401 Burpee's Stringless Green Pod—The finest, round, green pod bush bean. Long, meaty pods are always tender and stringless even when full grown. Very fine flavor.

402 Early Bountiful—Long flat green pods, tender, perfectly stringless. Extra early, finest quality and very productive especially on light sandy soils.

403 Tendergreen—Dark green pods, round, fleshy and perfectly stringless. A home and market garden variety of proven merit.

404 Stringless Red Valentine—A heavily productive variety for home gardens and used widely in the South. Round green pods, brittle and curved.

405 Brittle Wax—The round pods are medium yellow, brittle, fleshy, entirely stringless and handsome in appearance. Outstanding for home and canning use.

406 Imp. Rustproof Golden Wax—Best known yellow pod bean. Fleshy, solid, and brittle pods with a rich butter flavor. Fine for home gardens.

407 Inter-State Stringless Wax—Round, light yellow, straight pods stringless and tender. A home garden and canning variety.

408 Pencil Pod Black Wax—Long, golden yellow pods are fleshy and very tender. The vigorous plants are very productive.

409 Improved Navy—The popular soup bean and finest for field planting.

410 Great Northern—The large soup bean and preferred by many.

411 Red Kidney—The dark red shell bean commonly used in soups.

PRICES ON ALL BEANS

(Alike or Assorted, your choice)
Large 3-Oz. Pkt. 10c, ½ Lb. 20c,
1 Lb. 35c, 3 Lbs. 85c, 5 Lbs. \$1.20.

BUSH LIMA BEANS

412 Burpee's Bush Lima—The large meaty beans are delicious and very tender. A good bearer.

413 Henderson's Baby Lima—A productive and very early lima that is fine for our section. Gives an abundance of beans until heavy frosts.

POLE BEANS

414 Kentucky Wonder—Most widely planted of all pole beans and produces fine crops of long, green pods. Thick, meaty, tender and good quality.

415 King of Garden Lima—Finest quality of all the pole limas.

416 New Hopi Lima—A new lima bean found on the Hopi Indian Reservation. Disease free, gives abundant crops, and has the large butter lima flavor.

BEAN—Brittle Wax

WHAT OTHERS SAY ABOUT INTER-STATE'S SEEDS

Jack N. Carr, Powderhorn, Colo., wrote us on January 12, 1938—"Have planted your garden seeds for three years and find them far better than others used in the past."

Mrs. Kate Curtis, Geneva, Nebr., wrote us on May 30, 1938—"Your seeds are fine. I tried them last year and that was a test."

Chas. E. Sandefur, 349 N. Water St., Wichita, Kans., wrote us on April 4, 1938—"I received the garden and flower seed. They are a great bargain. I used your seed last year, and had wonderful success."

Mrs. Omer R. Bowser, Route 4, Kittanning, Pa., wrote us on March 4, 1938—"Your seeds last year were the best we ever planted. I have never eaten better tomatoes."

Mrs. Roscoe Double, Route 3, Cortland, Ohio, wrote us on January 14, 1938—"We have bought garden seeds from you the past three years and the results have been good."

Mrs. Claude E. Mortimer, Chestnut St., Rimersburg, Pa., wrote us on February 17, 1938—"I used your garden seeds last year and they sure are good. I think every seed grew."

Mrs. Edna G. Peterson, 518 South Kansas Ave., Hastings, Nebr., wrote us on March 4, 1938—"I got all my garden seeds from you last year. I never had a nicer garden in my life and I have made gardens for over 36 years. Every seed came and I had the best garden in this part of town, had plenty for ourselves and gave away a lot."

CARROTS

CARROT, Imp. Chantenay

440 Improved Chantenay—Our choice because of its delicious flavor, fine grained, sweet and tender with no hard core. Rich orange color. Good keeper. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c.

441 New Coreless—One of the sweetest and most tender of all carrots. A smooth orange-scarlet color and very uniform. Pkt. 5c, 1 Oz. 15c, ¼ Lb. 35c.

442 Imperator—A new carrot with deep orange 8-inch roots tapering to a blunt end. Fine for bunching. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

443 Denver's Half Long—A very productive, high quality carrot that is unusually sweet and tender. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c.

444 Oxheart—A desirable home garden carrot with thick, blunt ended bright orange roots. A good keeper. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

CELERY

445 Golden Self Blanching—The stocky, compact plants blanch easily to a clear yellow. Pkt. 5c, ½ Oz. 25c.

446 Giant Pascal—A late winter variety, and a large stocky plant. Blanches a yellow white. Pkt. 5c, ½ Oz. 30c.

447 White Plume—An extra early variety easily blanched to a pure white. Pkt. 5c, ½ Oz. 25c.

CAULIFLOWER

448 Early Snowball—The most widely planted early variety. Compact, snow-white heads are fine for home gardens. Pkt. 10c, ¼ Oz. 40c

CABBAGE

CABBAGE, Golden Acre

449 Copenhagen Market—Most dependable solid, round headed early variety. Pkt. 5c, ½ Oz. 15c, 1 Oz. 25c.

450 Danish Ballhead—Our most popular late cabbage with round compact heads. Pure white, crisp, tender, delicious and fine for kraut. Unequalled for keeping and shipping. Pkt. 5c, ½ Oz. 15c, 1 Oz. 25c.

451 Early Jersey Wakefield—A very early variety with conical shaped heads. Compact, small plants permit close planting. Pkt. 5c, ½ Oz. 15c, 1 Oz. 25c.

452 Golden Acre—An extra early garden variety with round, firm, and uniform heads. Resists bursting and most generally planted of all varieties. Pkt. 5c, ½ Oz. 18c, 1 Oz. 30c.

453 Marion Market—A yellows resistant strain of Copenhagen market. A sure heading, main crop variety and one of the best. Pkt. 10c, ½ Oz. 20c, 1 Oz. 35c.

454 Premium Late Flat Dutch—The most popular large, flat headed winter cabbage. Fine quality, solid, good keeper and fine for kraut. Pkt. 5c, ½ Oz. 15c, 1 Oz. 25c.

455 Chinese Cabbage, Wong Bok—The short thick heads blanch easily and make tasty salads. Pkt. 5c, ½ Oz. 25c.

456 Chinese Cabbage, Pe Tsai—Very compact, crisp and sweet, early and sure heading. Does best planted in July. Pkt. 5c, ½ Oz. 25c.

457 Red Rock—The purplish-red heads are round, solid, and very tasty. Pkt. 5c, ½ Oz. 20c.

SWEET CORN

424 Howling Mob—One of the best early varieties. Large 12 to 14 rowed ears and very prolific. Clear white kernels, plump, and fine quality. Large 3-Oz. Pkt. 10c, ½ Lb. 20c, 1 Lb. 30c, 3 Lbs. 75c.

425 Silver Cross Bantam—The most outstanding new hybrid that everyone will want to have in his garden. Referred to as the tenderest corn he had ever eaten by a College research man. The ears are from 12 to 14 rows, averaging about 9" in length and of unsurpassed flavor. Large 3-Oz. Pkt. 20c, ½ Lb. 35c, 1 Lb. 55c.

426 Golden Cross Bantam—Bright yellow, 12-rowed corn with 8-inch ears. One of the finest hybrids maturing a few days after Golden Bantam but 2 or 3 times as productive. Very tasty. Large 3-Oz. Pkt. 10c, ½ Lb. 20c, 1 Lb. 35c, 3 Lbs. 90c.

427 Tendergold—Attractive, 12 rowed, 8-inch ears maturing a few days earlier than Golden Bantam and generally twice as productive. The quality of this hybrid is hard to equal. Large 3-Oz. Pkt. 10c, ½ Lb. 20c, 1 Lb. 35c, 3 Lbs. 85c.

428 Golden Bantam—The most generally planted yellow sweet corn. Very early, small ears, tender and sweet. Large 3-Oz. Pkt. 10c, ½ Lb. 15c, 1 Lb. 25c, 3 Lbs. 65c.

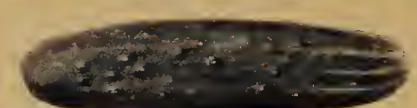

429 Country Gentleman—The late white corn with long, deep grained kernels irregularly arranged on the cob. Large 3-Oz. Pkt. 10c, ½ Lb. 15c, 1 Lb. 25c, 3 Lbs. 65c.

430 Stowell's Evergreen—The standard main crop white sweet corn. Large ears, sweet and stay tender a long time. Heavy yielding and especially fine for canning. Large 3-Oz. Pkt. 10c, ½ Lb. 15c, 1 Lb. 25c, 3 Lbs. 65c.

431 Pop Corn, Japanese Hullless—Large 3-Oz. Pkt. 10c, ½ Lb. 20c.

432 Pop Corn, South American—Large 3-Oz. Pkt. 10c, ½ Lb. 20c.

CUCUMBERS

**CUCUMBER
Imp. Long Green**

458 Chicago Pickle—Most popular and generally used for pickling. Very prolific. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c.

459 Improved Long Green—Considered the best all purpose cucumber. Does well everywhere. Fine for slicing and pickles. Solid white, crisp flesh. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

460 Davis Perfect—Dark green color, crispness, and vigorous growing qualities make this variety one of the best. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c.

461 Colorado—One of the finest for market and home gardens. Fruit very dark green with small seed pocket. You will relish its crispness. Pkt. 10c, 1 Oz. 20c, ¼ Lb. 50c.

462 Straight Eight—A new but proven vigorous and productive variety with long straight fruits of an ideal dark green. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

463 Dill—The common herb used in making dill pickles. Pkt. 5c, ½ Oz. 15c.

EGG PLANT

464 Black Beauty—Thick, smooth, dark purple fruit. Very early. Pkt. 5c, ½ Oz. 20c.

ENDIVE

465 Green Curled—Makes delicious autumn and winter salads. Frost improves its quality and flavor. Pkt. 5c, 1 Oz. 20c.

KALE

466 Green Curled—Makes tasty greens for early fall, winter and spring. Easily grown. Pkt. 5c, 1 Oz. 15c.

KOHLRABI

467—Early White—Best for home use with mild, crisp, and tender flesh. Dwarf. Pkt. 5c, ½ Oz. 15c.

LETTUCE

**LETTUCE
Black Seeded Simpson**

468 Black Seeded Simpson—Broad frilled light green leaves are crisp, tender, and of excellent quality. Most generally planted as it does well everywhere. Very early. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

469 Early Curled Simpson—The large, light green ruffled leaves make this a fine home garden lettuce. Crisp and sweet. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

470 Early Prizehead—An early, non-heading home garden variety. Crumpled, crisp, and tender leaves are tinged brownish red. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

471 Grand Rapids—Large compact bunches of light green leaves and especially fine grown under glass. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

472 Iceberg—The large heads are solid, white inside, crisp and of fine quality. Pkt. 5c, 1 Oz. 15c, ¼ Lb. 35c.

473 Wonderful—An outstanding head lettuce as it stands the heat well and is very early. Large, compact heads. Pkt. 10c, 1 Oz. 20c, ¼ Lb. 60c.

NOURISHING SWEET CORN ALL SUMMER, 25c

MUSTARD

474 Giant Southern Curled—Pkt. 5c, 1 Oz. 15c.

475 Improved White—Pkt. 5c, 1 Oz. 15c.

MUSKMELON

MUSKMELON Hearts of Gold

476 Hale's Best—The thick, fine grained flesh is deep salmon and richly flavored. Oval fruits with a heavy netting. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c, 1 Lb. 85c.

477 Hearts of Gold—The salmon-orange flesh is very thick and good right out to the rind. Tender, juicy and very sweet. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c, 1 Lb. 95c.

478 Honey Rock—One of the finest for home gardens in the mid-west. Highly flavored and of an ideal size. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c, 1 Lb. 95c.

479 The Queen of Colorado—One of the most delicious of all melons. Attractive flesh, very thick, a deep orange and a very distinct flavor. A fine home garden variety. Pkt. 15c, 1 Oz. 35c.

480 Osage—One of the old favorite home garden varieties. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c, 1 Lb. 85c.

481 Original Rockyford—The thick green flesh with a gold tinge at the center is juicy, spicy and the finest quality. Small, heavily netted fruit. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c, 1 Lb. 85c.

WATERMELON

482 Coles Early—The leading real early melon for home gardens. The pink-red flesh is crisp and tender. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c, 1 Lb. 95c.

483 Early Klondike—One of the finest home garden melons and in eating qualities it has no equal. Bright deep red flesh and thin rind. Pkt. 10c, 1 Oz. 20c, ¼ Lb. 50c.

484 Imp. Kleckley Sweet—The glossy dark green melons are very popular in local markets and home gardens. Bright red flesh is crisp, tender and very sweet. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c, 1 Lb. 75c.

485 Stone Mountain—The large, solid dark green melons are very popular. Ripens medium early and of a very delicious flavor. Round melons, solid flesh. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c, 1 Lb. 75c.

486 Tom Watson—A fine shipping melon. Very similar to Kleckley's. Seed brown, and a crisp, sweet flesh. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c, 1 Lb. 75c.

487 Early Kansas Sweet—A large medium early melon used largely by shippers but also fine for home gardens. A tough rind, bright red flesh and reddish-brown seed. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c, 1 Lb. 85c.

ONION

ONION, Southport Red Globe

488 Large Red Weathersfield—A favorite among the red onions. Flat solid, very good keeper. Pkt. 5c, 1 Oz. 15c, ¼ Lb. 50c, 1 Lb. \$1.60.

489 Giant Yellow Sweet Spanish—A very large, globe shaped onion with a mild, white flesh. A good keeper and fine for markets. Pkt. 5c, 1 Oz. 20c, ¼ Lb. 60c, 1 Lb. \$1.85.

490 Southport Red Globe—One of the best keepers. Large, round, purplish red bulbs. White flesh. Pkt. 5c, 1 Oz. 15c, ¼ Lb. 50c, 1 Lb. \$1.65.

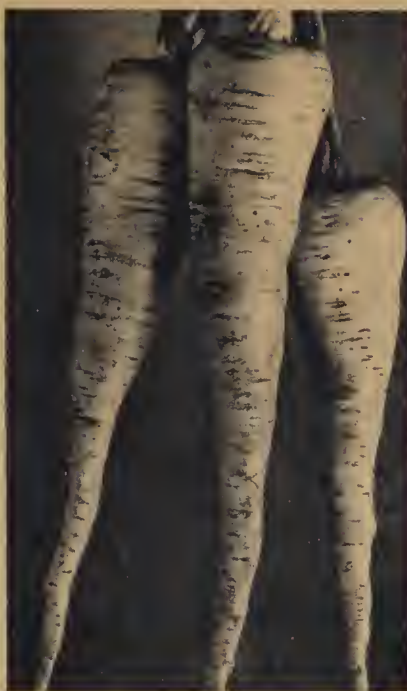

491 Southport White Globe—Best white onion. Crisp, mild, and snowy-white flesh. Heavy yielder, good keeper. Pkt. 5c, 1 Oz. 20c, ¼ Lb. 65c, 1 Lb. \$1.95.

492 Yellow Globe Danvers—White flesh, crisp and very fine quality. Firm, solid bulbs fine for storage. Pkt. 5c, 1 Oz. 15c, ¼ Lb. 45c, 1 Lb. \$1.65.

493 White Welsh, Bunching—Gives delicate flavored, tender shoots real early. Lasts year after year. Pkt. 5c, ½ Oz. 15c.

PARSLEY

495 Moss Curled—The most desirable for garnishing and decorative purposes. Dark green, finely cut and curled leaves. Pkt. 5c, 1 Oz. 15c.

PARSNIP, Hollow Crown PARSNIP

494 Hollow Crown—The best parsnip. Smooth, white skin with rich, tender, sweet flesh. Long, tapering roots. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

PEANUTS

496 Big Jumbo—Interesting for the children to grow and worthwhile too. Pkt. 5c, ½ Lb. 18c, 1 Lb. 30c.

PEAS

417 Alaska—Earliest of all peas. Very hardy. Smooth seeded. Not as sweet as the wrinkled types but they taste mighty good because they come so early.

418 Alderman—A very productive tall growing pea that must be staked for best results. Big pods of choice quality peas.

419 American Wonder—A very popular early wrinkled pea. Dwarf, good bearer with 3-inch pods of tender, sweet peas.

420 Giant Laxtonian—A large podded pea of extra fine quality. Gives a large crop of large, juicy peas.

421 Laxton's Progress—One of the finest for home or market garden. Large dark green pods of extra fine peas. Medium early.

422 Little Marvel—The choice of most home gardeners because of its quality and productiveness. Dark green pods of plump, wrinkled and tender peas. Medium early.

423 Inter-States Extra Early—A fine variety for home gardens. Deep green pods are filled with large tender peas of splendid quality.

RADISH
Early Scarlet Globe

507 New Saxa—A quick growing, brittle and tender radish. The crisp, juicy flesh is very tasty. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c.

508 French Breakfast—An early, olive shaped radish, red with a white tip. Very crisp and a favorite in most gardens. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 20c.

509 Scarlet Turnip White Tip—An attractive carmine-red radish, white tipped, nearly round roots and a mild white flesh. A quick grower. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c.

510 New Crimson Giant—Noted for its large size and snow-white flesh. The firm, deep crimson roots are very attractive. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c.

511 White Icicle—One of the finest for home and market gardens. Clear white flesh, and a mild, inviting flavor. Very brittle. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c.

512 California Mammoth White—An excellent fall radish with roots 7 to 8 inches long and very thick. Crisp, white flesh. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c.

RADISH, White Icicle

SPINACH

514 New Zealand—This variety gives you fresh, tender greens all summer. The more you cut the more it grows. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c, 1 Lb. 85c.

515 Nobel's Giant Thick Leaf—Large somewhat crinkled leaves, and one of the heaviest yielders. Dark green. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 25c, 1 Lb. 65c.

516 Savoy Bloomsdale—Large, curled and crinkled deep green leaves. Plant this real early and enjoy the earliest spinach. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 20c, 1 Lb. 55c.

517 Mustard Spinach or Tender-green—A quick growing garden green that combines the flavors of mustard and spinach. Oblong, broad leaves. Pkt. 5c, 1 Oz. 20c.

TOMATOES

522 Earliana—A widely planted extra early. Medium size, bright red. Pkt. 5c, ½ Oz. 20c, 1 Oz. 35c.

TOMATO, Marglobe

523 Giant Ponderosa—Our selected strain produces fruit of immense size and smoother than most others. Few seeds, very solid, fine flavor. Pkt. 5c, ½ Oz. 25c, 1 Oz. 40c.

524 Greater Baltimore—Large, firm, smooth tomatoes of deep scarlet red. Gives an abundant crop of fall tomatoes. Fine for canning. Pkt. 5c, ½ Oz. 20c, 1 Oz. 35c.

525 New Stone—One of the finest for canning and home use. Bright scarlet, smooth, solid, and a good yielder. Pkt. 5c, ½ Oz. 15c, 1 Oz. 25c.

526 Marglobe—Produces large, smooth, deep red tomatoes in enormous quantities. Fine for canning and slicing. Pkt. 5c, ½ Oz. 25c, 1 Oz. 45c.

527 Oxheart—Very large, often weighing 2 pounds. Almost seedless, solid, sweetly flavored. Especially fine for slicing. Pkt. 10c, ½ Oz. 40c.

528 Pritchard—A medium size tomato, fine, smooth, and globe shaped. A very popular tomato, especially fine flavored, and a heavy yielder. Pkt. 5c, ½ Oz. 25c, 1 Oz. 40c.

529 Rutgers Certified—Our choice of all the red meaty tomatoes. Does well in most sections and a good cropper. An unusual variety ripening from the inside out. Pkt. 10c, ½ Oz. 30c, 1 Oz. 50c.

530 Yellow Pear—Pear shaped yellow preserving tomato. A delicious flavor. Pkt. 5c, ½ Oz. 30c.

SALSIFY

513 Mammoth Sandwich Island—One of the most nutritious and most delicious vegetables, with a decided oyster flavor. Parsnip shaped, keeps in the ground all winter but must be dug in early spring before growth starts. Pkt. 5c, 1 Oz. 15c, ¼ Lb. 45c.

SQUASH

518 Chicago Warty Hubbard—Very dark green with deep orange-yellow flesh. A good keeper. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 30c, 1 Lb. 85c.

519 Acorn, Table Queen—Excellent quality and just the right size to cut in half for serving. Dark green changes to bright yellow when stored. Good keeper, heavy yielder. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c, 1 Lb. 95c.

520 Early White Bush (Patty Pan)—Most popular summer squash. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c.

521 Early Straightneck—Heavily warted, lemon yellow fruits and thick necked. Light yellow flesh. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 35c, 1 Lb. 95c.

TURNIP

531 Purple Top Strap Leaf—Flat, medium sized roots, purple topped fine grained and mild. A quick grower, good keeper. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 20c, 1 Lb. 60c.

532 Purple Top White Globe—Most generally planted of all. Globe shaped and white, tender flesh. Mild. Pkt. 5c, 1 Oz. 10c, ¼ Lb. 20c, 1 Lb. 65c.

See the seed Order Blank for full offer

Spaghetti Squash—This is the greatest new vegetable that has been offered to the home gardener for a decade. It is so easy to grow, delicious to eat, is wholesome and nourishing, and is so productive that only 2 hills placed 6 to 8 feet apart will supply the average family. It is not a true squash, and it has a flavor absolutely different—in fact its flavor is distinct from that of any other vegetable. Likes rich soil and grows like an ordinary summer squash. Attains a size of 5 or 6 pounds and ripens in early September. To prepare this golden colored vegetable, boil whole until a fork easily pierces the shell, then open, remove seeds and the flesh readily comes out in spaghetti-like strands. Season with salt, pepper and butter, or mix with a cream sauce and the whole family will claim that it is the most delightful and appetizing dish they ever tasted. May also be baked. Pkt. **15c**, 2 Pkts. **25c**.

A GREEN VELVET CARPET FROM INTER-STATE'S LAWN GRASS

All Grass Seeds Are Postpaid

Home Lawn Mixture—A good lawn is the initial step in beautifying the home, and this selected mixture of Kentucky Blue Grass, Red Top and other choice grasses will make your lawn a beauty spot. This mixture is not loaded with cheap, ordinary grasses but is carefully blended of choice, extra heavy grasses to give you a deep, soft, green turf. We are confident that you can buy none better. 1 Lb. **45c**; 3 lbs. **\$1.15**; 5 Lbs. **\$1.65**; 10 Lbs. **\$2.95**

Shady Lawn Mixture—Use Home Lawn mixture for your ordinary lawn but if you are troubled with bare spots under shade trees, or other places where ordinary grasses will not grow, try this mixture. Carefully blended of Chewing's Fescue, Poa Trivialis, Kentucky Blue Grass and other choice grasses to give a close, compact sod. 1 Lb. **60c**; 2 Lbs. **\$1.10**; 4 Lbs. **\$2.00**.

Extra Heavy Kentucky Blue Grass—This is our choice lot of extra fancy seed with the highest germination and purity and by far cheaper to use than light, chaffy, low priced seed because it goes much farther. Gives a very fine textured sod. 1 Lb. **40c**; 3 Lbs. **\$1.00**; 5 Lbs. **\$1.50**; 10 Lbs. **\$2.75**

White Dutch Clover—The commonly used clover for lawns and thrives in any soil. 1 Lb. **65c**; 2 lbs. **\$1.15**

A few vines planted around a home make it so much more livable and inviting. A hot, sunny back porch can be made cool and comfortable. Ugly banks, caves, fences, unsightly buildings, can all be beautified at small expense. A plain looking front porch becomes a vision of loveliness when screened with entwining leaves and colorful flowers.

All vines listed on these 2 pages are permanent and winter-hardy. Our strong, field-grown plants are guaranteed to please you. Prices on all vines are POST-PAID.

Bignonia (Trumpet Flower)—Immense orange-red, trumpet-shaped flowers in July and August. Each **35c**; 2 for **60c**.

True Bittersweet—Its bright orange-red berries are so popular for winter bouquets. Plant 2 or 3 vines so they can cross-pollenize, thus producing many more berries. Each **40c**; 2 for **75c**; 3 for **\$1.00**.

Clematis Paniculata—In late summer, completely covered with small, fragrant, white flowers. Each **30c**; 2 for **50c**.

Dutchman's Pipe (Aristolochia Sipho)—A fine vine with very large, heart-shaped leaves that is rarely seen because it has been sold at such high prices. Especially fine for porch as it makes so much shade. Each **50c**.

Woodbine (Virginia Creeper)—A popular vine for porch, fence and arbor because it grows so rapidly and does well everywhere. The dark green foliage turns a striking maroon-purple in the fall. Each **25c**; 3 for **60c**; 6 for **\$1.00**.

Boston Ivy (Amp. Veitchii)—This is the vine that imparts romance and beauty to clapboard cottage and stone mansion, alike. It clings closely to any wall, wood, brick or stone, without support. The foliage colors beautifully in the fall. Prefers a north or east side. This is the clinging vine usually seen on buildings. Our heavy 2 Year No. 1 plants are far superior to smaller plants. Each **35c**; 2 for **60c**.

BOSTON IVY, It Clings

INTER-STATE FLOWERING VINES MAKE HOMES "INVITING"

SILVER LACE VINE—Fastest Growing Hardy Vine

Silver Lace Vine is the fastest growing hardy vine. The leaves are glossy green and from the middle of summer until late fall, it is completely covered with thousands of small white flowers that weave a lovely lacy pattern. Ideal for porch and arbor, very easy to grow. Our strong No. 1 plants will give you shade and flowers **THIS SEASON**, usually growing 15 to 20 feet the first year. Now only 50c each.

SPECIAL
3 FOR
\$1.25

Hall's Honeysuckle—This is one of the most useful of all vines as it can be used for porch, fence or trellis, and is unexcelled for covering bank or cave. Its fragrant white and yellow flowers are produced

freely all summer. The attractive blue-green foliage stays far into winter. Very easy to grow and thrives in sun or partial shade. Priced very low. Each **25c**, 3 for **60c**, 6 for **\$1.00**.

TRUE BITTERSWEET

HALL'S HONEYSUCKLE

INTER-STATE VINES

ARE PERMANENT

AND WINTER HARDY

Giant Purple Wistaria—Most magnificent of all vines, becoming more beautiful each year and lasting for generations. The lilac-purple flowers come in long clusters in June-July. Our plants are grown from blooming wood so you will get the true flowering type. They almost always start blooming next year after planting. Each **50c**, 2 for **90c**.

Everblooming Summer King (Gold-Flame)—This is one of the choicest plants in our entire catalog. From June to October it is covered with hundreds of fragrant flowers, flame-scarlet outside and golden-yellow inside. Fine for porch, arbor, trellis, fence and ground cover. It is perfectly hardy, easy to grow, succeeds everywhere. Our strong No. 1 plants **WILL BLOOM THIS SUMMER**. Each **75c**, 2 for **\$1.25**.

Clematis, Golden

CLEMATIS

Our Clematis vines are the finest 2 year No. 1, hardy, field-grown plants and **WILL BLOOM THIS SUMMER**. They are far better than smaller plants.

Clematis, Golden—A new variety which from June through September produces these unusual, golden-yellow flowers, like Chinese lanterns. Each **\$1.00**.

Clematis, Jackmani—A gorgeous vine that produces its immense royal purple flowers (4 to 6 inches across) nearly all summer. You have always wanted one of these beautiful vines. Each **85c**.

Clematis, Henryi—Like Jackmani except the large lovely flowers are satiny white. Each **85c**.

Clematis, Mme. Ed. Andre — From June to September the large, velvety-red flowers are produced. Each **\$1.00**.

Clematis, Montana Und.—Glossy deep green foliage with hundreds of the loveliest pink flowers in late spring and early summer. Each **75c**.

Clematis, Texensis—A rather rare variety which produces such an abundance of the beautiful, urn-shaped red flowers. Priced low to promote quick popularity. Each **75c**.

INTER-STATE *is famous for* "GOOD GLADS"

Inter-State Glad Bulbs are unconditionally guaranteed to be the finest produced in all America. When you get them if you do not agree with us, **return just one half the bulbs** and all the money you paid for them will be refunded to you. Also when they bloom if you are not delighted, you may select from our catalog, without cost, stock equal to **twice the amount** you paid us for the glad bulbs.

Glad bulbs are graded into 6 sizes:

LARGE

No. 1—1½ inches up
No. 2—1¼ to 1½ inches

MEDIUM

No. 3—1 to 1¼ inches
No. 4—¾ to 1 inch

SMALL

No. 5—½ to ¾ inch
No. 6—¼ to ½ inch

But we sell only the No. 1, 2 and 3 sizes. Our Collections are offered in 3 sizes as follows—

LARGE SIZE contains equal amounts of No. 1 and 2 sizes.

ASSORTED SIZE contains equal amounts of No. 1, 2 and 3 sizes.

MEDIUM SIZE contains all No. 3 (most firms also include the No. 4).

Sunshine COLLECTION

In this collection, we include every glad pictured and described on these 2 pages, exactly the same fine varieties and same fine bulbs. But because we do not have to label and sack each variety, we can sell them at this low price. What gloriously beautiful flowers, of all colors, they will bring you this summer.

35 Large Bulbs for \$1.00
Each One Different

45 Assorted Bulbs for \$1.00
Includes Every Variety

65 Medium Bulbs for \$1.00
Includes Every Variety

OVERFLOW GLAD VARIETIES

We have too many fine varieties to put them all in our named collections. Each one listed below is a choice variety, rated with the finest and most popular in America. Absolutely guaranteed to please you. If you could but see their lovely flowers, you would want every one.

Aflame, wonderful red.

Ave Maria, beautiful blue.

Bagdad, old rose and ruby.

Berty Snow, exquisite lavender.

Betty Nuthall, coral, yellow and orange.

Charles Dickens, favorite purple.

Dr. F. E. Bennett, most popular scarlet.

Golden Dream, the favorite yellow.

Mammoth White, giant pure white.

Marmora, unusual petunia gray.

Mrs. P. W. Sisson, lovely cameo-pink.

Prices on above 11 varieties.

	Per 100	Per 50	Per 25	Per 12

No. 2 Bulbs.....	1.85	1.00	60c	35c
No. 3 Bulbs.....	1.35	.75	45c	25c

Never before have we sold these fine varieties at such low prices. You can plant them freely.

INTER-STATE SPECIAL

10 Each of any 10 Varieties Listed above.

100 Large Bulbs for **\$2.25**

100 Assorted Bulbs for **\$1.75**

100 Medium Bulbs for **\$1.25**

No. 1 size bulbs bloom first, followed in a few days by No. 2 size bulbs which produce almost as large spikes as the No. 1 bulbs. The No. 3 bulbs bloom several days after the No. 2 and the individual flowers are just as large but not quite as many of them on a spike. We recommend planting the ASSORTED SIZES because this gives you blooms over a much longer period.

You Glad Fans will notice at once that we are offering the cream of the newer and better varieties, with not a single "cheap" one in the entire list. We are exceedingly proud of our Glad Bulbs this year... so bright, so plump, so firm, so healthy. If you want the finest flowers, then you must plant the choice varieties and the BEST QUALITY, HEALTHY BULBS. We have them for you at most reasonable prices. In all collections, except Sunshine, each variety is labeled and sacked separately. ALL GLADS ARE SHIPPED POSTPAID.

Favorite COLLECTION

- No. 1—**Margaret Fulton**, rich salmon.
- No. 2—**Albatross**, pure lily white.
- No. 3—**Duna**, exquisite peach.
- No. 4—**Picardy**, America's favorite.
- No. 5—**Commander Koehl**, giant crimson.
- No. 6—**Debonair**, apple-blossom pink.
- No. 7—**King Arthur**, aster-purple.
- No. 8—**Ruffled Gold**, nothing finer.
- No. 9—**Red Phipps**, bright scarlet.
- No. 10—**Wasaga**, glowing apricot.
- No. 11—**Aida**, lovely violet-blue.
- No. 12—**Queen of Bremen**, fine lavender.

You who are familiar with glad varieties will be astounded at these prices, the lowest, we are sure, at which they have ever been sold. There is no necessity, now, to buy old, out-of-date sorts when you can get these newer, better kinds at regular ordinary prices. The flowers are much larger than pictured, each bloom being 4 inches or more across.
